Editor - and - Proprietor.

**CLEANLINESS** is next to Godliness.

Now is the proper time to have the city cleaned up.

DESTROY the microbes of disease by thoroughly cleaning up the city.

CARLOADS of oranges are being shipped from Los Angeles to Florida almost daily.

THE election of Senator Shoup in Idaho leaves but one state in doubt on this question now—Delaware.

THE Portland school census shows the population of that city to be 117,804. Probably padded 30,000 or more.

THE Express would call the city directors attention to the fact that now is a good time to have everybody clean up their back yards and alleys.

AGRICULTURISTS can not have cause to complain that the weather has not permitted them to cultivate their land and put in their crops this season.

ONE thing certain, when times and business again revive the people will be less ready to assume debt, and more conservatism will prevail. This will be for the general good.

THE Eugene Register, which has always been an excellent paper, has changed management, Yoran Bros. being succeeded by C. J. Howard and L. S. and Howard Rowland. THE Express wishes the new proprietors success.

WE do not pretend to be posted on matters of theology, but we must remark that we believe it would be a sin for even a consistent church member to damn the Oregon legislature when he pays taxes on his double assessment this year.—Review.

IT is with pleasure that we note the city council took the suggestion of the Express and had an ordinance drawn up to prohibit boys from jumping on the train and otherwise fooling around the depot at train time. It will probably pass next Tuesday night. Then lookout boys.

FARMERS in the Willamette valley are paying more attention than ever before to the small details about the farm, which may have been brought about by the low price of wheat. It may be that the depression will result in actual benefit in this line, and it is sincerely hoped that it will.

MEXICAN bankers are now looking with suspicion upon the drafts issued by the leading banks of this country, and refuse to honor those not made expressly payable in gold. Mexico, a free silver country, is afraid of the financial responsibility of her gold standard neighbor—rather a queer state of affairs.

CHAS. A. DANA, the veteran New York editor, has been indicted for criminal libel by a Washington, D. C. grand jury. The numerous victims of his venomous pen should club together and raise a prosecuting fund. Dana has always arrogated the right to mercilessly abuse those toward whom he held a real or fancied grievance.

A Boston church has caused a sensation all over the United States by building a parsonage which is a wonderful innovation on church parsonages. It has a bowling alley, a well equipped gymnasium and a billiard and pool room. The auditorium has a platform and footlights, as near in approach to a stage as could well be built in connection with a church.

You can tell a live business man by his advertisement in the paper. People should patronize those who show a willingness to patronize other industries in a town. A man who does not advertise is like the boy who went to town with a sack of fish to sell. When he returns home in the evening his father asked him how he had done. "Didn't sell a darned fish," said he. "nobody asked me what I had in the sack." Another boy, a much brighter boy, went to town the next day. He took a big barrel along, and first he blew a deafening blast and then he could yell: "Fish, fish for sale," and soon he had sold them all and went home with an empty sack and a pocket full of money. A live merchant always toots his horn and yells.—Ex.

GEORGE S. DOWNING was superintendent of the Oregon penitentiary just seven years. He will probably remain in Salem and practice law.
