The EXPRESS has been reliable informed that there will soon be some arrests made for disturbing meetings, if it is not stopped. The good people of Lebanon have stood this cutting up in church as long as they propose to, and will soon make an example out of some of the participants. We are sorry to say this misbehavior in churches is not confined to boys and so-called men alone, but some girls in our city are as bad as the boys, and while we would like to see these boys or so-called men (?) presented, and would like to see them have to pay their fines by laying it out in the cooler, but at the same time, we would hate very much to see some of our young ladies brought into court for the same. Your Eye Sight. Prof. J. W. Vogel, an eye specialist of Salem, is in the city and will remain here only a few days. Last Thursday evening the students of the Academy presented the serio-comic drama, "Broken Fetters," of five acts, to a well filled house and an appreciative audience. From the moment the curtain rose on the first act "Forging of the Fetters"—all the—Finale—in the last, the closest of attention and interest was given to the performers. From the first it was evident that they had all been well and carefully drilled. The scene in Ludwig's New York dive—The Struggle for Life—was especially well played and exciting. The drunken husband and forgery,—Grimes on a bender—Henry's Vow—were good. The make-ups of some were splendid and equal to professional. Henry Smith received an elegant bouquet for which he returns many thanks. We extend congratulations to the students of the Academy, for their success on the boards, and hope to have the pleasure of witnessing something more equally as good in the near future.

GRADUATING EXERCISE. At an early hour last Friday evening the assembly hall of the Academy was filled to its full seating capacity by those assembled to witness the first graduating exercise of the Santiam Academy. The exercise of the evening opened with a piano duet, by Misses Beesie and Katie Miller, and a solo by Miss Ilda Elkins, which was followed by the oration of W. H. Ross, "The Power of Habit." Mr. Ross' address showed both research and originality, bringing forward in a forcible way many of the results of habit. Miss Ilda Elkins, in her discourse, "Making the Best of Things," sent shining rays of sunlight in many inviting ways through the mists and lowering clouds, which hover o'er life's path; and in her valedictory touched on with becoming delicacy, the last sweet, yet bitter, thought of the closing school days. Rev. J. H. Beattie's address to the class, was well designed to show some of the great fields of possibilities before each member and to inspire in each the resolve to gain all of the good that lies within his grasp. The entire program was interspersed by songs, duets and solos, by Messrs. J. B. Marks and E. E. Aldrich and Misses Hattie Warner and Ilda Elkins. The audience dispersed with good will and wishes for the future success of the Santiam Academy and Prof. Randle, under whose wise direction its late successes have been achieved. After the graduating exercises we understand there is a banquet to which quite a number of friends and old students of the Academy were invited. There were some beautiful bouquets and floral pieces sent from the audience with good wishes to the graduates. Musical. The Literary society elected a new set of officers at its last election. Dick Fronk has gone to Indiana in the interest of the Thompson & Wallace steam winding double action harrow. William Fronk still stays in this vicinity. James Blacklaw attended the literary at Tallman last Saturday evening. Last Monday night the Tennessee schivoree regiment called upon and paid its respects to Mr. John Molt and wife, but were met at the door with angry words and threats, that caused the boys to retreat in disorder. One was more nimble than the rest and had perched himself on the roof of the house, and was not able to get down when the order came to march. Charles Woods and Thomas Wallace will start for eastern Oregon about May first. MYSTERY Y. Card of Thanks. In behalf of Lebanon Engine company No. 1, we thank the citizens of Lebanon and vicinity for their attendance and liberal patronage at the Basket social given on our eleventh anniversary, and especially the ladies who furnished baskets. All towns and cities have a certain class of individuals that are a detriment and disgrace to them, and very unfortunately, we have such a one here in Lebanon. It is a class that will sneak around in the back alleys and yards and do little mean contemptible things, such as leaving gates open, carrying off little things that are of no earthly use to them, but discommodes the owner, and then this class will deface property, break out window lights and a thousand little things like this. The first thing of this kind that has cropped out among these individuals here, was to spit tobacco spit upon pictures of H. J. Boyd's that was on exhibition in his show case at the foot of the stairs in the Courtney block, having spit through the key-hole, and in another instant that those mean, contemptible, sneaks have shown themselves to be without the fear of God or man, is in having gone around and broke out three or four stained window panes in the M. E. Church South. We will not say anything about the carrying off of the wast-pipe from our sink, but say that such persons, whoever they may be, are not wanted here, and the EXPRESS hopes that our marshal will keep a diligent watch and catch the low sneaking ones and give them their just dues.
