The deceased was born in Crawford county, Pennsylvania, on November 12, 1801, and hence was 93 years, 5 months and 1 day old at the time of his death. The address by President Bloss of the Agricultural college at Corvallis, given at the Presbyterian church last Friday evening, was attended by a large and appreciative audience. Mr. Bloss' lecture brought up many vivid pictures of Ancient History, and made one to feel grateful for living in the light and civilization of the nineteenth century. The program rendered by the pupils of the school was excellent. We take especial pleasure in congratulating them all. Council Proceedings. The city council met last Tuesday evening at their regular meeting. Present, Mayor and all the council. Minutes of the previous meeting were read and approved. The Marshal then reported that there is a dangerous porch just across the street from the City hall. The mayor's veto to ordinance bill No. 33, was then read to the council and the question then being, shall the ordinance become a law, notwithstanding the objection and veto of the mayor. Roll call showed the following vote: Rice yes, Myers yes, Long yes, Dalgleish no, Kellenberger no and Bilgeu yes. So the ordinance becomes a law notwithstanding the objection and veto of the mayor. A committee from the fire company then appeared before the council and asked that the hand engine be turned over to the fire company, or that the same be put in good order. Moved and carried that we take the proposition of the fire company under consideration until our next regular meeting. Mr. A. B. Nickerson then asked the privilege of making some changes in the doors and stairway to the hall. Moved and carried that the request of Mr. Nickerson be granted. Upon motion the rules were suspended and the following bills were allowed and warrants ordered drawn on the treasury for the same, Dalgleish & Everett \$1.40; George Alexander \$6.40. Moved and carried to adjourn. THE MAYOR'S VETO. To the Honorable City Council, of the city of Lebanon Linn county, Oregon. GENTLEMEN:— I herewith return to you ordinance bill No. 33, without my approval. I have carefully examined this bill and among things I desire to call your attention to certain objectionable features. The provision of the bill apply only to steam wood saws, while there are other engines that do even greater damage to our cross walks not included in this bill which seeks to preserve and protect crosswalks. To impose a tax on wood saws will tend a fear to make the business of sawing wood a monopoly and thereby raise the price. I believe an ordinance of this kind should afford thorough protection to our cross walks and at the same time not tend to create a monopoly of the business of sawing wood. I hereto veto the ordinance. Signed, M. A. MILLER, Mayor of the City of Lebanon.

High Fight. Last Sunday a crowd of Lebanon boys went up on the top of Peterson's Butte to spend Easter Sunday. Besides carrying a large number of eggs they also took a flask or two of bug juice. While they were up there an Albany photographer came along and wanted to take their pictures so they were arranged in order, but it seems one young man felt too good to stand still and after trying some time to get him still enough for the photographer to take the group, another boy became discouraged and hit the first one knocking him down and he rolled off on some rocks which has caused him to wear a terrible face on him for the past week. Some of our boys are now bragging about having the highest fight ever fought in Linn county without Queensberry's rules, but victim does not seem to appreciate the honor of high fights and is talking of retaliating by having the fellows arrested for selling the liquor. A Convict Choir. A Portland man told the Sun about a trip to the pen: While at the penitentiary I attended a service, which was conducted by a choir of 16 men, 14 of whom are from Portland. All have well trained voices and the songs are excellently rendered. The Portland boys also have a choir of their own, which is known as the Multnomah delegation.

The Choral. The concert given by the Choral Society at Santiam Academy last Saturday evening was well patronized by the music lovers of this city, and a very deserving affair. The Farrell Case. The Corvallis Times tells of a case before the grand jury at that city in the following graphic manner: From witnesses who were in attendance on the grand jury it was learned that the north end of the county furnished the gentlemen of the Lexow committee, as the grand jury was called, with some interesting matter. Down the river some two mils from Albany in the Benton county side, there is a grange hall, and in that hall several weeks ago there was a dance. Walter Farrell, an Albany blood, attended that dance, and when the bug juice he carried in his tank got to working right good, he seized a chair and smashed one of the chandeliers that hung pendant from ceiling. The oil blazed up, the maidens screamed and as he yelled "By—here goes for the other," he snatched the only remaining chandelier in the room. The young men seized their overcoats and extinguished the fire with great difficulty, and by some unaccountable freak of fate, Farrell's case came before the grand jury of the county, instead of his having been tarred and feathered by the brawny young men living in the north end of Benton. Keeping Up Their Record. The Roseburg Review says: The new soldiers' home board has just discovered that the secretary of states' office stands as a barrier between it and the treasury, and that the legality of all its acts as a board is called into question. The trouble rests in the fact that three of the five members of the board failed to file with the state their oath of office. Senator Alley, C. H. Ormsby and one other that took the oath before some one in Roseburg. The oath did not reach the secretary's office until Thursday. Secretary Kincaid informed a committee of the board that he would honor no bills of the board until a majority of them had filed oaths in a regular way.
