CYCLONE OUT OF PLACE

SCORES OF PEOPLE INJURED

Regular Kansas Tornado Visits N. J. and N. Y. At Cherry Hill the Storm Reached its Greatest Fury, Demolishing the Village and Killing Many People.

HACKENSACK, N. J., July 13.—A terrific storm swept over this section this afternoon, doing grate damage. At Cherry Hill, a small village a few miles from here, it developed cyclonic fury, attended by the demolition of the village and a number of deaths. Cherry Hill received the full sweep of the wind, and within a minute after the storm broke twenty-seven houses were wrecked. The cyclone made a clean path through the center of the place, carrying every thing before it. Houses were unroofed and thrown down, trees uprooted, and crops leveled to the ground.

The storm came from the northwest, heralded by great banks of clouds and a stirring breeze. The atmosphere was warm for a time, and then, after a second rush of warmth, came the cyclone, carrying death and destruction in its path. The storm center was about 300 feet in width, and the strip over which it passed is a mass of ruins.

The cyclone went through the village rapidly, and in ten minutes after the first gusts of wind gave indications of the coming storm, the sun was shining.

It is the first cyclone in many years that struck New York city. The cyclone descended upon the upper end of East New York, continued on its way to the lower plains of Long Island, and from there traveled to Woodhaven. The cloud, funnel shaped and very low to the ground, was first seen over Cypress Hill. At the upper end was a red spot that was more like an incandescent light than anything else. The storm swept over the city cemetery, wrecking costly monuments, tore down trees for 200 feet and turned and went up Jamaica avenue for a half mile, demolishing trees, telephone poles and trolley wires. A street car filled with passengers was struck and a number injured.

GRAFTON, N. D., July 14.—A cyclone at O'Donnell's, six miles from here, is reported this afternoon, about three rods wide. At a schoolhouse, near by, people were at church and heard it coming. It first struck a large machinery shed, lifted it up and turned it around, then dropped it in a grove five rods away, twisting the machinery out of shape. It then struck a large two story frame dwelling twenty yards away; whirling it around in the air, then letting it fall on one corner, breaking it to pieces. There were five persons in it. The mother was sitting on the porch with her baby in her arms. While in the air she dropped the babe and was carried thirty feet, both uninjured. A twelve year old girl was badly hurt. The fourth was carried 100 feet and dropped in a grove, badly hurt, but will recover. The servant girl was badly hurt. Everything in the house was smashed into fragments. There is much damage east of here, reports coming in that grain is badly damaged.

Before Judge Gilbert.
SAN FRANCISCO, July 13.—The government will try to rush the Stanford suit through the appellate court. Judge McKissick, who is handling the legal end of the case, has been ordered to force the case in the United States appellate court here. He will file his appeal next week. Ordinarily the case would not be tried until October, but since the government is so anxious to force matters, a special session will be presided over by the United States Circuit Judge Gilbert, of Oregon. Judge Hawley of Nevada and Judge Morrow of this district will be his associates.

Debt Limit Exceeded.
TACOMA, July 12.—As a result of the request made by the council, the city treasurer and controller today submitted a report of the financial standing of Tacoma, to the effect that the legal debt limit has been exceeded by \$992,000. An effort will be made to legalize the debt by a special election.

Ashland Mine Sold.

JACKSONVILLE, Or., July 13.—The Ashland mine, which has been in litigation one way and another on account of financial difficulties since last February, was sold today; foreclosure proceedings, to Kinney & Provost, for \$30,632 45. The ditch from Wagner creek, and 160 acres of timber land belonging to the mine, were also bought by Kinney & Provost, for \$1000. A petition for an injunction was presented to Judge Hanna by H. F. Coffin and E. F. Driggs, attorneys, today, just previous to the sale, based upon a claim of \$2050 for labor. The injunction was asked on the allegation of fraud and insolvency, charging collusion on the part of the judgment creditors, and failure to keep an agreement extending time. The petition was denied, however, and an agreement entered into whereby the judgment creditor were to bid in the property and hold the same in trust for the owners and other creditors. In the meantime, work is to be resumed, and the proceeds applied to the payment of all claims in their order. This is regarded as a very happy settlement for all parties interested, and the prospects indicate that within a year all debts will be paid and the owners will again resume possession of their property. It is understood, however, that this agreement and disposition of the matter leaves an indebtedness in the aggregate far in excess of the amount of sale and which is wholly unprovided for.

Fast Bicycle Races.

PORTLAND, July 13.—Five thousand people went to the Portland Amateur Athletic Club grounds this afternoon to witness the bicycle meet held under the auspices of the Oregon Road Club.

John F. Campbell, of Spokane, won the two mile open class B race in 5:11, establishing a record for the northwest. Guy C. Brown, of Spokane, covered the half mile class B in 1:09, breaking the northwest record. M. J. Lee, of the P. A. C. broke the Northwest record for one mile class B men, going it in 2:22 1/2.

Settlers on the Upper Santiam.

SALEM, July 12.—John Butterworth, in behalf of the citizens of the upper Santiam valley, will call on Senators Mitchell and McBride in Portland tomorrow, asking them to use their influence to have exempted from the reserve that portion lying near the terminus of the Oregon Central & Eastern railroad. Settlers in that section feel that further development is prevented by the existence of the reserve, and congress will be petitioned to remove the obstruction.

Blown into Pieces.

ASTORIA, Or., July 13.—Word was received this evening that James Fish, a Clatskanie rancher, was killed Wednesday last, at his home, by an explosion of giant powder. Fish had a large quantity of powder on the upper floor of his residence, and is thought to have been moving it when the explosion occurred. The house was completely demolished on the second floor, and the unfortunate rancher was blown into fragments.

Damages Awarded.

TACOMA, July 13.—The jury in the suit of Francis A. Hefflin, a dry goods salesman against the Northern Pacific railroad for \$40,000 damages sustained in breaking his leg by falling through an insecure wharf in this city, returned a verdict this morning of \$5000. The case was tried in the United States federal court, and was hotly contested by the railroad company.

Cannot Fight.

AUSTIN, Tex., July 13.—Attorney General Crane, in an opinion which will be sent County Attorney Gillespie at Dallas, tonight or Monday, will hold that the Corbett-Fitzsimmons fight is illegal, and that the law must be enforced until declared void or inoperative by the supreme court.

Probably Fatal Fall.

PENDLETON, July 14.—The six year old son of Ed Allen, the proprietor of the Golden Rule hotel, fell down a winding stairway two stories high, and struck his head on the hard floor a distance of forty feet below. The boy will probably die. He had not regained consciousness.

Convict Killed.

WALLA WALLA, July 13.—William Ellis, one of the convicts in the penitentiary here, was stabbed to death by William Harrison, a fellow prisoner, yesterday afternoon.

His 103rd Birthday.

Hosea Brown, the only survivor of the war of 1812 on the Pacific coast, will celebrate his 103 birthday at the home of his grandson, Orr Brown, near Wilderville in this county, on the 18th of this month. The old gentleman was born in New Hampshire and came west into Ohio when about twenty years of age. He was only some twenty days in actual service, in the second war with Johnny Bull, but the government grants him \$50 a month pension. He has been helpless now for about eight years and when Harrison was elected in 1888, Hosea was brought to the polls in a chair to vote for him, being preceded by a band of music. This was at Drain, in this state. The centenarian, although very deaf, loves to talk of old times when he was a boy and has a memory as perfect as in childhood. He never married but once, his wife leaving him for the great beyond at the age of sixty-five, some thirty-five years ago. —Grant's Pass Courier.

Case Identified as the Train Robber.

Evidence to convict James Case, the man who is now in jail along with John Pool, charged with the looting of the Southern Pacific continues to pile up. He has been positively identified by Mail Clerk Herman, who was in charge of the postal car on the eventful occasion.

This makes the fourth person who positively identifies Case. Fireman Gray, brakeman Norman and passenger, T. P. Arroyave, have all positively identified Case as the man who held them up. Engineer Waite is not so positive. He says that Case seems to be the man, but he will not swear that he is. The Wells-Fargo express messenger, Ralph M. Donahue, cannot identify Case. He saw him at Roseburg some days ago, and was not certain that he was the man who stuck a pistol pistol under his nose in the express car. The case against Pool is not so strong, because he remained outside and was not seen.

A Big Premium.

Col. Jeff Meyers was up Tuesday. He stated to us that the state fair managers have concluded to offer a premium of \$250 for the best exhibit by any county, barring Marion, at the fair, of grain, grasses, fruits, vegetables and minerals. This premium Linn county can easily win, if she will get a move on. Our county court and commissioners could well afford to take the matter in hand and collect the necessary material for the exhibit. Mr. Meyers informed us that the exhibit is to be taken care of so that it will become permanent and properly labeled, would be of lasting benefit. By all means let Linn county compete for and win the prize.—Scioto Press.

Were Married

The Albany Democrat says its readers will remember a shooting affair occurred in Schmeer's livery stable two or three years ago. Charles Denny obtained a license for his marriage with Miss Mellie Smith, but she refused to marry him at the time. They met at Mr. Schmeer's where the shooting occurred. As a result Mr. Denny was sentenced to the penitentiary for a year. A few days ago another license was issued by County Clerk Needham for the marriage of the same couple, and the wedding took place July 5, at the home of H. J. Zercher.
