Keep the liver active by an occasional dose of Simmons Liver Regulator and you'll get rid of these troubles, and give tone to the whole system. For a laxative Simmons Liver Regulator is BETTER THAN PILLS. It does not gripe, nor weaken, but greatly refreshes and strengthens.

## LITTLE ADA PIERCE BURNED

### BONFIRE THAT WAS FATAL

Her Dress Set on Fire by a Burning Leaf. Her Brother's Effort to Save Her.

### INDEPENDENCE, Or., Oct. 5.—

The 3-year-old child of G. W. Pierce was burned to death, dying at five o'clock this morning. Yesterday afternoon, about four o'clock, while the family was away from home, the Pierce children and some other built a bonfire of dried leaves in the back yard, and a burning leaf lit on the dress of little Ada Pierce, and, in a moment, she was enveloped in flames. The brother, aged eleven, ran into the house and brought on a quilt, and, wrapping it around the girl, put out the flames, but not until her body and arm were shockingly burned. Her clothes were burned off, and the flames which she labored caused her death, after she had lingered in awful agony until this morning.

### Cuba's Present Condition.

NEW YORK, Oct. 3.—The World tomorrow will print extracts from a private letter from Cuba, which predicts a famine if the war continues. The troops in the interior part of the island are suffering unheeded hardships. They are famished, clothesless, shoeless, and without medical attendance. The officers confess the total demoralization of the army, and pronounce the difficulty insurmountable. The departments of Santiago, Puerto Principe, Santa Clara and Matanzas, that is to say, nearly all of the island, are being devastated. Everywhere small parties of rebels patrol the country with perfect impunity, robbing and firing property.

In the port of Havana, there is a stock of sugar of 300,000 tons without buyers. The sugar estates have no money to pay their workmen, who are driven by starvation to join the rebels, and no life is safe in the county. The money in circulation is the \$5,000,000 monthly pay of the army, of which some is remitted to officers' families in Spain. The sugar planters are ruined completely. They, at least thus far, have constituted an element of protection.

The picture that Cuba presents today is very gloomy, and the future is very, very dark.

### Anything to Meet Corbett.

CORPUS CHRISTI, Tex., Oct. 5.—Today Fitzsimmons was informed that he was to be admitted to the Chickasaw tribe of Indians in order to escape federal interference when he went to the Indian territory to fight. When the reporter asked Fitzsimmons how he would like to make an Indian of himself, he said that, while he was not "struck on joining the tribe," he would gladly do so, if it would assure him of meeting Corbett, and meet Corbett he must, or suffer the worst disappointment of his life. He also stated that all the trouble could have been avoided had not Corbett insisted on having the fight pulled off in Texas, but he had strong hopes that everything would be amicably arranged, and then "Gentleman Jim" would either have to fight or suffer himself to be branded before the world as a coward. Martin Julian will leave Sunday or Monday for Dallas, where he has been summoned for a conference with Dan Stuart, Brady and others. He says that he is going there for business, and will see that arrangements are speedily completed for the fight.

### Gypsy.

The O. R. & N. company's new steamer for the upper Willamette failed to reach Albany Friday and returned to Salem in the evening. This little boat succeeded in crossing the bar at the mouth of the Santiam successfully but was unable to cross a larger one, known as the "Black Dog Bar" situated at a point in the river about four miles above the mouth of the Santiam.—Journal.

### Stanford Estate.

SAN FRANCISCO, Oct. 5.—Joseph Choate, the noted New York lawyer, has been retained by Mrs. Stanford to aid Russell Wilson in defending her interests in the suit by the government, in the event that the litigation is carried to the United States supreme court. The case is now in the court of appeals in the shape of an appeal from the decision of Judge Ross, which was that Mrs. Stanford was not liable for the \$15,000,000 claimed by the government as due in connection with the Central Pacific indebtedness. A decision on this appeal was looked for yesterday, and the attorneys interested visited the federal building during the day to make inquiries. But the decision has not yet been handed down, and will probably not be forthcoming until next Tuesday.

### Malatto Disfranchised.

COLUMBIA, S. C., Oct. 3.—The constitutional convention, by an overwhelming majority today, adopted a clause forbidding the intermarriage of a white person with any person who contains any negro blood whatever in his or her veins. This, in connection, with the suffrage clause, have the effect of disfranchising malattoes.

### Elda Wood is Held.

### CENSAR.

### Salem's Jack the Ripper.

Last Friday evening a terrible scream was heard from the room of Monyo Toyo, a Japanese courtesan. The police and others rushed in and found Toyo with her throat cut in a frightful manner and bleeding to death. She could not speak, but in response to questions indicated that a Chinaman did it. The work was probably done in the dark. The Jack the Ripper, whoever he was, made his escape complete. The woman's lover was suspected and found at his home near the city; but escaped after a struggle and the firing of several shots. Two other Chinamen were arrested on the field.

### A Letter.

One Willie McKiever has written a letter from Marshfield, Oregon, to the clerk of the court in King county, Washington, of which the following is a copy: "Clerk of the Court—Dear Sir: Can a person get married in Washington without their both being of some nation first? If so please let me know at once. What I mean is can a collard man marry a white lady in your state. Please let me know at once. We are both of age. My name is Willie McKiever, age 22 years, her name is Grace Hatchey 18. yours in haste."—Ex.

### A Linn County Orchard.

Last Sunday we visited the fine fruit farm of E. H. Rhodes, in Linn county. We found the new fruit dryer in full blast. This is one of the largest and most complete dryers in the valley, having a capacity of 200 bushels per day. It has just been completed and has every possible improvement and convenience. A sample of dried fruit proved that no finer looking or better flavored prune could be had in any country. A walk over the farm showed hundreds of prune, apple, pear and peach trees loaded with fruit (except the peach trees, that crop having been gathered, and many of our people are ready to testify to the large size and exquisite flavor of those same peaches). The prunes are mostly of the Italian variety, and so carefully cultivated that they all seem of an age and size, making the orchard look like a beautiful picture. The apples are mostly of the Baldwin and Northern Spy varieties, large, red beauties which are the best shipping apples known. The hail storm of a few weeks ago, left all the apples spotted, and while it does not injure them in the least for use, it spoils their looks, for which reason Mr. Rhodes will dry them. It has cost Mr. Rhodes about \$15,000 to get his farm up to its present state of perfection, but it will henceforth be a source of revenue. Mr. Rhodes expects to ship several carloads of dried fruit within the next few weeks.—Jefferson Review.

### Linn County Gets First Premium.

October 3, at the state fair the judges decided that Linn county stood in the first place in the county exhibits, and so awarded premiums, giving Yamhill second place. The reports of the previous day giving Linn county second place was a mistake. The action of the committee was simply the expression of the general verdict of the public upon the matter, for the excellence and extent of the Linn county exhibit was the remark of all. This will bring to Linn county the \$200 cash premium and the credit of the exhibit, giving it a very wide advertisement for it.

Albany cranberry buttes was one of the most attractive exhibits and gained first premium. It gained widespread recognition and praise.

A special feature was Dr. Hill's medical display, which attracted much notice and comment.

In the matter of onions the exhibit was in the lead, very fine ones being furnished by Albany's market gardener, J. R. Douglas, and also by Elda Shee, of the Sweet Home famous onion farm.

The managers of the exhibit deserve great credit for their perseverance in collection and good taste in arrangement and should be accorded high encomiums.

### Colonel T. E. Hogg.

The petition of Colonel E. T. Hogg to have returned to him the \$25,000 deposit made at the first sale of the Oregon Pacific bills up again in an important order received from Judge Fullerton at the clerk's office Tuesday, says the Corvallis Times. By the order, Judge Fullerton grants Willis Nash, attorney, until October 20, to file brief in demurr offered by J. R. Bryson, for plaintiff, and that Bryson, for plaintiff, have until November 11 to file brief in reply. The order was made in chambers at Roseburg, September 25.
