They killed four deer; Mr. Pugh killing three, and Mr. Morris one. A. J. Roberts, of Springfield, was in the party. They report a fine trip. The Oregon Industrial Exposition in Portland closed last Tuesday night with a grand carnival of flowers. This exposition has been a great success and has been conducted in a manner that reflects credit upon the managers. The Linn county exhibit will be shown in the Pfeiffer building for a few days at Albany. The citizens of this county have just reason for feeling proud of the county's success this year in its display of fruits, grains, grasses and manufactured articles. It took the first prize at the recent state fair over all other counties in the state for the best general display, and now again, the only blue ribbon awarded by the managers of the exposition. While grouse, quail, pheasants and several other varieties of Oregon game birds can be lawfully killed until December 1, the sale of these birds in the game markets must cease after November 15. This is the result of an opinion H. D. McGuire, state game protector, has received from Attorney-General Idleman, who says that the game protector should enforce the law. Last Saturday, Governor Lord issued a complete pardon to W. W. Saunders restoring him to full citizenship. This was an outrage, and a premium on murder. Governor Lord is no better than Pennoyer on the pardon question. Saunders committed a cold blooded murder and should have been hanged, and it is reprehensible to restore him to citizenship.—Democrat. Hank Smith, the veteran mining man, known throughout the Northwest as thoroughly posted on the value of mines, now superintendent of the Santiam mines at Quartzville, under the management of Mr. W. B. Lawler, returned to Quartzville Tuesday after a few days spent in Albany. He said indignation-point to gratifying results, and the belief that a successful mining industry will soon be an accomplished fact at Quartzville. In the circuit court last Friday morning the case of the state vs. John Isom, charged with unlawfully removing wheat from the Red Crown Mills warehouse, the jury disagreed after being out all night; only two, E. C. Russell and S. I. Shore, for conviction. This is a victory for Isom. Such evidence will never make a Linn county jury believe Isom guilty of the crime charged. The case will probably go over until the next term of court. A certain young man was stopping in our pleasant little city for a while this fall and introduced himself to some of our nice young unmarried ladies and 'old ladies' too, and tried to make himself popular among them. The ladies failed to enjoy his entertaining anecdotes, and he told some of his gentlemen friends he would go home as the ladies of Lebanon did not use him right. Poor fellow, his great big warm heart must feel like the sole of your feet at forty below zero. Rev. S. G. Irvine, one of Oregon's pioneer divines, died at his home in Albany, last Thursday evening, after an illness of three years. He was sixty-nine years old. The deceased had, previous to his illness, been pastor of the United Presbyterian church of Albany since 1864. He came to Oregon in 1851. The funeral occurred Monday afternoon at two o'clock. A large concourse following the remains to the cemetery, where the last sad rites were administered over the grave of one who will live in the hearts of hundreds, and whose influence will be

Mrs. Emma G. Hainah, charged with the murder of Mrs. Charlotte Hlatt at Jordan recently, was last Thursday indicted by the grand jury on the charge of malicious and premeditated murder. A motion for a continuance until the next regular term was denied and Monday, November 25, at 1:00 p. m., was set for the date of the trial. She came into court neatly dressed and abundantly supplied with flowers. Those flowers would look better on the grave of her alleged victim. Jake Springer received a telegram Tuesday morning from Medford announcing the sad news of the death of his mother. Mrs. Springer and the two youngest boys went to Medford the first of October on a visit to her oldest son and daughter, who are married and have their homes there. She died of congestion of the brain, and was sick only a few days. She was well known in this place, having lived here the past six years. Jake Springer's sister, Miss Hattie, left Tuesday evening for Medford, to attend the funeral. The family have the heartfelt sympathy, in this their sad loss, of their many friends and acquaintances at this place. Notice has been received here that Mr. James Jeffries Charlton and Miss Edith Lowry, were united in marriage in Denver, Colorado, on Thursday, October 31, last, at the home of the bride's mother, Mrs. William Turner Patterson. The groom is a former resident of this place, a son of ex-Sheriff J. K. Charlton, of this county, a graduate of Princeton college, and now a rising attorney of the bar of Denver. The bride is an accomplished young lady, whom Mr. Charlton met in New York City, then her home. On account of the ill health of her stepfather, now dead, she has been traveling for a few years until locating in Denver recently. She is referred to in high terms. The groom has many friends in Linn county who will extend the happy couple their heartiest congratulations and best wishes. Last Sunday's Oregonian was a special exposition number. It gave the Linn county exhibit a fine write-up, in which it notes some of the industries of our city. It says of the Anchor Chemical Company: "Probably the most interesting part of this exhibit, as it is entirely new, is the collection of medicinal plants made by Dr. J. L. Hill, of Albany. This contains all the medicinal plants growing wild in that country, from each of which patent medicines are made in the East. Besides the plants, the visitor can have an ocular demonstration of the refined products of each as made from them by the Anchor Chemical Company. Besides excellent articles of oil of hemlock, cedar, savin, peppermint, myrtle, resin, turpentine and many others, there is a valuable preparation called Liverine Unadulterated and made entirely from vegetables, it is destined to be one of the greatest outputs in the state, as the demand already exceeds the supply. The foundation of this medicine is the root of the liver plant growing wild in the Cascade mountains, but only in the dark canyons, as it cannot thrive in the sunlight." Theodore Durrant, assistant superintendent of the Emanuel Baptist church Sunday school, at San Francisco, was last Friday convicted of the murder of Hanebe Lamont, for which he has been on trial since July 22, last. The jury was out twenty minutes, and arrived at the verdict on the first ballot. As there was no recommendation for mercy, the punishment was fixed at death. When the aged foreman, pale and trembling, read the verdict, a low rumbling noise like the roar of a mob arose from the rear of the courtroom; the next moment men were cheering wildly, while women hysterically wept in their excitement. The bailiff rapped loudly for order, but a minute elapsed before anything like quiet was brought out of the disorder. The district attorney then asked that a day be set upon which the sentence would be passed. The judge set tomorrow, at which time he will also set the day for the trial of Durrant on the charge of murdering Minnie Williams. After a scene with his mother, with his overcoat swung carelessly over his arm, he walked leisurely out of the courtroom, twirling his his slight mustach with apparently as little concern as if he was merely a spectator instead of the principal figure in the exciting scene.
