L. Samuel, former publisher of the West Shore, has been given the position of general manager of the Equitable Life Insurance company, for Oregon, Idaho and the counties of Washington bordering on the Columbia river.

Hermann must surely be re-elected. The first district could not spare him now, just when he is about to improve the Long Tom, the Rickrell, and the Mohalla, and have public buildings erected at North Yamhill and Soda-ville.—Sunday Welcome.

"Uncle Dickey" Scantland is quite ill at his son's home in this city. Mr. Scantland is now in his ninetieth year. He is probably the only man in Lebanon that ever shook hands with Andrew Jackson. "Uncle Dickey" says he voted for Jackson the first time he "run" for president.

Baker is a large and extensive shoe dealer. Styles and fashions will change and there are always some a little out of style, and these, with many new kinds, Baker has placed on sale at a loss to him and a great gain to the buyer. Buy now and save money by this large sale that is now on at Baker's.

The Roseburg Plaindealer says that Bill Laugh and his two partners have been offered \$15,000 for their copper mine. Mr. Laugh refuses to sell at that figure, saying that he wants \$25,000 for his interest in a mine that assays from superficial rock \$95 in gold per ton and from 40 to 50 per cent copper.

D. Andrews has opened up a general merchandise store in the Odd Fellows building. Mr. Andrews is well known in this community for his honesty and integrity and square dealing, and has the confidence of every one who knows him. He invites his friends and former customers to call and see him. Read his ad in this issue.

Quite a large number of enthusiastic democrats met Saturday night at Union hall, and formed the Lebanon Democratic Club. S. O. Wallace is president, Frank Skipworth secretary, and Robt. Montague treasurer. Interesting speeches were made by several members and much enthusiasm was manifested. An active canvass will be inaugurated and public meetings will be held.

A. H. Frum's little girl, about three years old, was kicked in the forehead by a horse last Tuesday, making a frightful gash and breaking and indenting the skull. Dr. Lamberson was called and dressed the wound. The doctor thinks it will not prove fatal unless inflammation should set in, but it undoubtedly is a serious wound and the child will have a narrow escape if it should recover at all.

Necessity now causes our citizens to drink water, a fact that doubtless has proven a great surprise to many an over-taxed stomach. The saloon doors were closed Tuesday evening, but how long they will remain in this condition is a matter that must be determined at the polls. The indications now are that the action of the present council in passing a prohibitory act, will be ratified.—Crownsville Times.

L. A. Wiley thought that he did him an injustice last week by printing the Sweet Home correspondence. He showed us a recommendation from the Sweet Home board in which they recommended him very highly both as a teacher and a gentleman. He informed us that neither he nor Prof. Bigbee had applied for, or wanted the school at that place. We will state that we had no intention of doing either Prof. Wiley or Prof. Bigbee any wrong, for personally we are friends of both and know each to be competent to teach any school in the county.

A farewell service was held in the county jail Sunday, at 11 o'clock, conducted by the Salvation Army. The corridors were filled and much interest was taken in a service that lasted for about two hours. The prisoners all spoke, disclaiming any purpose to gain the public sympathy, having learned the little value to be placed upon human friendship, confessing the justice of their being sentenced for the crimes they had committed, but firmly asserting their determination to live differently from when they shall have

finished their term in the penitentiary, where all expect to go this week.—Albany Democrat.

The entertainment and musical concert given by the Lebanon Firemen's Band, Tuesday night, was attended by a large crowd. The music was superb, and showed that the members of the band had taken great pains to fulfill the greatest expectations of those present—and they succeeded. Two short farces gave variety to the program, and during the acting of these the audience showed their appreciation by much laughter at the comical characters so well represented by the actors. The band boys are good actors and good musicians. The Lebanon Firemen's Band "is all right" and no mistake. During the evening C. B. Montague made a short speech, which was listened to attentively by the audience—as his speeches always are.

A landslide in a ravine of the Portland Heights, last Saturday, crashed to death Daniel Campbell, age 42, and Isabel McDonald, age 16. The house they were in, which was the home of Donald S. McDonald and family, was swept out of existence, and the other members of the family narrowly escaped with their lives. Hundreds of tons of earth swept down the ravine, and hardly before one could realize what had come to pass, an ugly looking mass of mud, rocks, brush and trees marked the place where but a minute previous was the home of a happy family. The cause of the landslide was that last year when the Montgomery-street boulevard was being improved, a large quantity of refuse dirt was dumped in this ravine. This was fully secured, as thought, by a bulkhead, but a hidden spring of water undermined the mass of dirt and the bulkhead gave way. There have been other landslides in that locality, being of yearly occurrence.

WATERLOO TRUTH.

BY M'GINTY'S GHOST.

The Sunday school has bought an organ.

F. Gross will open his new store in a few days.

We are glad the people of Sweet Home have succeeded in getting "Trilby" there.

Waterloo sports have purchased a set of boxing gloves. We hope some of them will get their faces straightened, so they will look more natural.

The young men that visited the Sodaville college last week say they have a special invitation to return, when each becomes an amateur Paderewski.

A magic lantern exhibition and concert was given here last week. We were told the managers started the song "America" and requested the spectators to join in, but not being reinforced he had to retreat.

We wish to inform the public that there are one or two buggies, a hack and a wagon in town, and several "frames" to pull them. A certain enterprising hack-man from a neighboring village, we understand, informed his passenger there was no way of leaving Waterloo unless his "carry-all" came after him.

The Durrant Case.

A dispatch from San Francisco, dated March 9, reads as follows:

"On April 6 next a year will have passed since the murder of Blanche Lamont, and yet Theodore Durrant, who was convicted of her murder last November, is still in the county jail waiting the action of the state supreme court in the case. It will be remembered that immediately after Durrant's conviction an appeal was taken, but the case has not been presented to the supreme court, owing to requests for additional time made by both sides. The last postponement took place a week ago when the prosecution was granted 20 days in which to file a bill of exceptions. At the end of this time it is believed the case will be presented to the supreme court, but a decision is not expected for several months."

Dissolution Notice.

Notice is hereby given that the co-partnership heretofore existing between J. C. Mayer and C. H. Kimbrough and known as Mayer & Kimbrough, and engaged in a general grocery business in Lebanon, Linn county, Oregon, has this day been dissolved by mutual consent. All parties indebted to the partnership are earnestly requested to settle at once, all accounts to be paid to J. C. Mayer.

A Late Land Decision.

A decision has been rendered in the case of the title to the large tract of land in North Brownsville, upon which Andrew J. Monk filed a claim two or three years ago. By an act of congress Jan. 18, 1895, the title to it was quieted and established in O. P. Coshaw and others. When Mr. Coshaw made an application at Oregon City his money was refused and the papers sent to Washington. Now the decision has been sent to the office in Oregon City in favor of Mr. Coshaw and those he represents. Anything else would have been an outrage.

The decision is that the railroad company acquired no right to the land because, at the time of filing the map of definite location of the railway, the land was withdrawn by the pre-emption of Richard Benjamin, and it did not matter so far as the rights of the company were concerned, whether Benjamin ever completed title or not. Then, as adverse rights were not interfered with by the law of 1893, and Monk maintained adverse rights before the passage of the law, it is held that the purchase of the land under the provisions of that act cannot be permitted. As to the allegations that it was town property at the time of Monk's entry, and that Monk had not complied with the law as to residence, the local land office is instructed to order a hearing. It is necessary that the records be cleared of Monk's entry before the application of Coshaw can be accepted. As to lots 3, 4, 5 and 6, it is held that the record does not show any claim to this at the time of the railroad's selection that would exempt them from the grant of the company.—Democrat.

Note and Comment.

A Boston genius has contrived an odd advertising arrangement, which he hopes to have applied to steamboat whistles. It is a miniature calliope, and instead of a tune it will sing out boldly, "Stop at the Cliff House," as the boat nears the wharf. Already a test has been made and its accents may be plainly heard.

The questionable innovation in the form of the sacred scriptures by the issuance of the Woman's Bible furnished a Connecticut genius with an idea. He got out an illustrated edition of the bible and made all the angels to appear with black skins and kinky hair, took the whole edition South, where he is retailing them to the colored people at eight dollars each. The original cost was about one dollar each.

An enterprising London tradesman undertook to advertise by telegraph the other day, and sent to several thousand prominent ladies a dispatch to the effect that a great sale was in progress. The ladies have been accustomed to looking at telegrams as matters of importance, and they were one and all annoyed. When the merchant got through apologizing to indignant husbands, big brothers and such, and had paid for the insertion of not a few abject apologies in the newspapers, he had made up his mind that newspaper advertisements were the best after all.

U. S. Official Postal Guide, 1896.
Just Issued.

Very few of our business men know that the Post Office Department at Washington issues in January of each year, a complete POSTAL GUIDE containing 1000 pages, and complete lists of Post Offices in the United States, arranged alphabetically, all rules and regulations, money order offices and rulings of the department on postal matters, time of arrival and departure of foreign mails, and much valuable information for the public on postal matters.

The book is exceedingly valuable to those using the mails. It is the Guide for every Postmaster in the country and is sold to business men by the publisher, Geo. F. Lasher, 147 N. 19th St., Philadelphia, Pa., in cloth cover, \$2.50 or paper cover, \$2.00. CAN BE ORDERED THROUGH OUR POSTMASTER and every business man should secure a copy.
