Hiram Baker informs us that he has made a very large number of sales of the Featherbone corsets lately. Mr. Baker said that he was satisfied the cause of so many sales was the advertising of those corsets in this paper, thus letting so many people know the value of these popular corsets. The manufacturers guarantee the corsets, but out of all these sales only one has been returned, and the house refunded the money to Mr. Baker at once. This shows that the manufacturers are reliable.

A thrilling incident was observed Tuesday afternoon on Mary's river bridge. Two teams, in the vehicle attached to one of which were two children, were crossing the bridge en route to town. When they were fairly on the bridge a runaway team came dashing out of town in the direction of the bridge. There was no time for the teams to get across and it was impossible to turn around. On came the frightened span, and not far from the center of the bridge they met, and strange to say, passed without damage to either of the two vehicles. The runaways belonged to Mr. Thompson, residing near Oak Ridge school house near town.—Cervallis.
