Mr. Garland will not allow illegal fees in any officers bills. The total expenses of the county under the present administration were approximately 85 per cent more than under the last democratic Judge, J. J. Whitney. A vote for Mr. Garland for county judge will be one for an economical administration.
Ex-President Harrison's articles have proved such an enormous success with The Ladies Home Journal, adding over 100,000 to the circulation of the magazine, that the series will be extended beyond the original limit. The ex-President has now reached the treatment of "The President's Official Family," in his series, describing the relation which cabinet member holds to the president. Then he will show "How the Senate Works," and "How Congress Legislates," each in a separate article.

ANOTHER DISAPPEARANCE.

Another Sweet Home Girl is Supposed to Have Eloped.
Our Sweet Home correspondent writes that some few weeks since we noted the elopement of Jim Keeny and Viola Robinette, of Sweet Home. Hardly had the excitement died away when the report comes to us that Nellie Cornett a 16-year-old girl, had left her home Sunday night for parts unknown.
It seems that a certain young man, whom her father objected to was paying some attention to her; she still indulged in the keeping of his company, from which the old—severely flogged her, some 8 or 10 days ago, and from which she still carries the marks.
Last Sunday she was caught in the young man's company again, her father being absent, the mother proceeded to administer the flogging, and so dextrously did she wield the birch that the girl swore she would drown herself ere the sun rose. Whether she has carried out her threats or not yet is unknown. The last seen of her was about 11 o'clock where she was trying to borrow a horse to ride away on. She didn't succeed and no more is known. Her mother, on hearing of this swooned away and at this time is in a critical condition, from heart failure.
LATER.
The Cornette girl has returned home with the promise that she would stay if they would not beat her any more. Father and mother both promised they would not.
He Left Town.
The penitentiary bird, Charles Denny, who was meddling in the domestic affairs of an Albany family, was waited upon by a committee of five citizens and was told to leave the city. The fellow appealed to Sheriff McFeron for protection and also asked W. B. Bilyeu to help him out of the scrape. Both the sheriff and Mr. Bilyeu, who knew of the fellow's crazy antics, told him the best thing he could do was to act upon the advice of the citizens and go at once. He took the hint and left without delay. It is said a coat of tar and feathers was awaiting him had he remained.—Herald.
A Terrible Cyclone.
Word was brought in on the train this morning from Albany that a cyclone struck St. Louis last night about midnight and about three thousand were killed and the city is now on fire, the fire having gotten beyond control. How true the report is we are unable to say, but this is the report as it came over the wires.

Boyd is about to make arrangements to rent the Lebanon Art Gallery to an Albany man. Those wanting work done by him or any holding accounts against the gallery would do well to come at once as the new man may take possession most any day.
Boyd, Photographer.
Mr. O. A. Archibald, of Albany, democratic candidate for county clerk, was in Lebanon a couple of days this week. Mr. Archibald has some warm friends in Lebanon. He is a gentleman above reproach and is well qualified in every respect to fill the office of county clerk, and if elected, will make as good a clerk as Linn county has ever had.
Dr. Parkhurst's articles to young men in The Ladies' Home Journal have turned out to be, next to General Harrison's articles, the most profitable venture which that magazine has undertaken. His coming papers will deal with a young man's social life; his business success; as a citizen; his religious life and his marriage.
Ernest Kellenberger arrived in Lebanon Tuesday from San Francisco on a visit with his parents in this city. He has just been honorably discharged from the United States cruiser Concord at Mare Island, San Francisco. He has been in the service now four and one-half years. He first enlisted on the U. S. receiving ship Minnesota at New York. He was then transferred to the U. S. training vessel Jamestown and from to the U. S. cruiser Concord, on which vessel he has now served three and one-half years. Ernest has an option of re-enlistment at any time within three months. He was third-class quartermaster at the time of his discharge. At the time of his arrival here it had been three years since he had last seen his parents.

THAT STOCK LAW.

The Citizens of Eastern Linn County Do Not Want the Prohibitory Law on Stock.
To THE EDITOR OF THE EXPRESS:—
In this county there are thousands of acres of public land, from which it receives no benefit, except as it furnishes an opportunity the many families, that have settled in the foothills to raise stock. The sum total of the small herds add materially to the taxable property of the county. No small part of the money got for this stock finds its way to the merchants, doctors and lawyers of the various towns.
If the stock law is adopted, I do not see how many of these families can live at all, situated as they are. There are five of my neighbors who have claims, but no enclosed pasture. Neither are they able to fence, slash and burn, to keep their stock. As it is now they are hardly able to buy school books and clothing for their children. Now let them have the same chance that others have had, on the principle of "live, and let live," these dwellers of the foothills should not be deprived of their range.
It may be right to have the law on the prairie where all is fenced if necessary, but to deprive men living in the mountains from using the range seems to be playing the game of "dog in the manger."
In many states it is left to townships to vote, whether or not stock shall run at large. If the interests of Linn county are so diverse, would it not be well to change the stock law? The present law is unfortunate as to the time of its enforcement. Fall and spring are the seasons to sell stock, or to arrange for pasture. When this law comes into effect, men will be following the binder and thresher, have neither time to look up their stock, or place to put them, nor market in which to sell them. In interest of fair play do not adopt the law now. Do not deprive these people of their little stock money; there is not hop picking money in sight.
