Justice Lovelee discharged Samuel Thomas, who had been arrested for stealing a cow belonging to L. M. Taylor, Attorneys Dalrymple and Garland represented the state, and Attorneys Somers and Brown represented Thomas. We understand that the matter will be taken before the grand jury as the prosecution is satisfied that the cow in dispute is the property of Mr. Taylor and that Mr. Thomas changed the ear marks and appropriated the animal to his own use.

Hon. M. A. Miller has returned from the Chicago convention, full of enthusiasm for the candidates of whom he speaks in glowing terms. Bryan is a special favorite and friend of Mr. Miller. Our worthy townsman nominated Pennoyer in a neat speech and spoke in great praise of Oregon. Our ex-governor is a big man in Oregon, but he shrivels up amazingly when seen in the glare of a national convention. Mr. Miller was everywhere recognized as a worthy representative of a great state, and won much praise for his really fine speeches. The democracy has every reason to be proud of Mr. Miller.

A SAD DROWNING.

Joseph Tilden Keebler, second son of E. Keebler, who lives about 4 miles north of this city, was drowned in the treacherous waters of the Santiam last Sunday, July 19, at the age of 22 years and two days. Joseph Keebler, in company with three Doughton boys and Melville Stewart went to the river where the Oregonian railroad crosses about 3 o'clock in the afternoon and went in bathing. It seems that they were on a large rock that slopes off into deep water. Keebler slipped and fell and drifted into deep water. Frank Doughton went to his rescue but Keebler was about to drown him also and Doughton freed himself, but went back to his friend the second and third time and each time was nearly drowned, finally reaching shore in an exhausted condition himself.

Keebler then drifted out into the whirlpool directly beneath the railroad bridge where he lay in plain sight in about 20 feet of water for about an hour and a half before his body was recovered, it being a very dangerous place.

Joseph Keebler joined the M. E. Church South in 1889, and has lived a consistent christian life ever since. He was a young man of good habits and was well liked by everyone who knew him. The funeral services were conducted at the Spicer church by Rev. Thos. Clark, assisted by Rev. F. S. Doughton, on Monday, after which his remains were laid to rest in the Masonic cemetery at this place.

Mr. E. Keebler has a family of ten children and this is the first death that has occurred in the family. The bereaved family have the sympathy of the entire community in this their sad bereavement.

Excursion to Newport.

An excursion will be run from this city to Newport next Sunday, July 26. This will be a grand opportunity for those who would like to go to Newport and return the same day. The Sodaville Concert Band has been engaged to accompany the excursion. Among the attractions at Newport, the First Regiment Band, of Portland, has been engaged for the season at Newport and will give a concert during the day Sunday. Much depends, for Lebanon, upon the success of this excursion, as there will undoubtedly be people who will wish to take this trip later in the summer and the possibility of this depends entirely upon the success of this excursion. If a good crowd will go this time, an excursion could be run whenever desired, after this, but if no crowd goes, it will afterward be impossible to get an excursion. The excursion will leave Lebanon at 6:15 Sunday morning and arrive at Newport at 11. Returning will leave Newport at 6:30 in the evening and arrive at Lebanon about midnight. Round trip ticket \$2.

Two Brothers Drowned.

About noon yesterday two brothers named Atkins (or Atchison) were drowned while bathing in Willamette slough three miles below Wheatland, at the Galloway farm. The news was brought to Salem by a gentleman from Lincoln, who was near there yesterday. The older brother is six feet and two inches tall, about 22 years of age, while the other is several years younger. The older could not swim, and having gone beyond his depth, called to his brother for help. The latter swam heroically to the rescue, but in his efforts to save him, was himself drawn down, and both lost their lives. Today at noon the bodies had not been recovered and it seems impossible to get further particulars as there is no telephone connection near there.—Journal.

Judgment Against Waterloo.

Joseph Misner, a respectable citizen of Waterloo, was arrested last spring and fined in a summary manner, by the town authorities. Many of the best citizens of that lively, little town thought Mr. Misner had been badly treated. Mr. Garland and Mr. Somers were employed to test the matter in the circuit court, and succeeded in obtaining a judgment against the city for the fine and costs and also the costs of the suit in the circuit court. For some reason the officers of the city have attempted to give up their offices and the city is apparently left with no municipal government. Waterloo can't afford to become the plaything of its officers and should proceed at once to properly govern itself or know the reason why it can't be done.

Marion Kizer's Residence Burned.

Just as we go to press news of the total destruction by fire of the fine residence of Marion Kizer, near Rowland, reaches us. Mr. Kizer was absent at the time, having started this morning for a trip up the Santiam, berrying. We are unable to give any particulars beyond the fact that a little of the furniture on the first floor was saved.—Brownsville Times.

Pioneer Gone.

Mr. John McNeil, who died at his home near Peoria on the 15th of July, was one of the oldest pioneer residents of Linn county, having come to Oregon in 1846. He was one of the most valued and respected citizens of the county and has passed his 78th birthday. His memory will be cherished by all who knew him.

A SERIES OF RUNAWAYS.

Lebanon has had more runaway accidents during the past week than in the same length of time for many years.

On Friday about noon a team belonging to Jacob Fitzwater became frightened while standing on the street near Dalgleish & Everett's and ran away, going down Bridge Avenue at a breakneck speed, and coming to a standstill in a heap in front of J. G. Reed's residence, near the canal. No one was hurt.

The same afternoon Anderson Bland's team became frightened while standing at the paper mill and came tearing down Main street at full speed, but were stopped by a crowd standing in front of the postoffice without doing much damage.

Monday morning O'Neil Bros' paper wagon team became frightened at the train. The driver, George Dibble, held to them manfully until one line broke and he was thrown from the wagon. The team soon broke loose from the wagon and started through town. In attempting to turn the corner at Mayor Pugh's residence, one of the horses came in contact with a tree, killing him instantly. The other horse broke loose from his unfortunate companion and ran down Bridge Avenue, coming to a halt when he fell into the canal, but was unhurt.

Monday afternoon G. W. Aldrich's horse, which he uses to deliver flour, broke loose and ran away with the wagon but did no damage.

Monday afternoon while Jos. Buhl was at the slaughter house his team took fright and started to run. Joe was near by and, jumping into the wagon he got hold of the lines, but before he could get entire control of the team they had run into a fence and broken the tongue out of the wagon. No other damage was done.

Linn County All Right.

Mr. George A. Dyson, of Brownsville has a two-column article in today's Oregonian, mostly relating to a visit with H. L. Hotchkiss. Referring to the Santiam mines he says: "So far \$120,000 in gold has been spent in the Santiam, and the ledges are just beginning to get fairly prospected enough to begin to show their value, and the deeper the workings the better the ore gets. So the all-important question as to whether the ledges in the Cascade range go down or not is fully settled, and we now look for all the camps from the Clackamas on the north to the Bohemia district on the south, to take on new life from this time forward." Among other things Mr. Hotchkiss said to him: "Why look at the timber here. I thought I had seen some fine timber in Michigan and Wisconsin, but I find that when I come to see the timber in Oregon and Washington I come to the conclusion that I know nothing about timber at all. This is far ahead of anything I have ever seen in my life before. Then your hops grow healthier and larger than in the east, where I live, and your grain excels ours both in quality and quantity; your salmon fisheries are superior to anything in the world, and when it comes to fruit, what shall I say?" and he paused for a reply, and then taking up the thread of his conversation again, he said: "And your mineral wealth is, as yet, untouched. I have just returned from the Santiam mines in this county, and it is truly wonderful to see the amount of gold ore in sight up there, and I learn that you have a new mining district called, I believe, Blue river, that is just beginning to develop. Mr. Lawler tells me of a mine there called the Lucky Boy, that for the amount of work done far excels anything in the Santiam district."

In Memory of George F. Wheeler.

Your boy is only sleeping,
 He is safe from pain and care;
 Jesus called him to his keeping,
 Called him up the golden stair.
 He is only sleeping,
 In heaven with the angels fair,
 Cease, oh mother, cease your weeping,
 He will meet you on the golden stair.
 Safe in Jesus' arms he's sleeping,
 Wrapped in robes that angels wear,
 Love he sowed and love is reaping,
 Among the best on the golden shore.
 Dear mother, live as Jesus tells you,
 And you'll meet your darling there.
 He will be the first to greet you,
 When you climb the golden stair.
