The Brownsville Times says that the different flouring mills of Linn county around Brownsville have agreed that from the first day of August, 1896, the rate of exchange for each bushel of good, clean, white wheat will be 38 pounds of fine flour, and for each bushel of good, clean, red wheat, 36 pounds of fine flour.

Hon. M. A. Miller, of Lebanon, has purchased the residence property of O. C. McFarland in this city and will remove to Albany to reside. Mr. Miller, it is said, will study law. He is a young man of ability and would undoubtedly make a success as a lawyer.

—Herald. Mr. Miller secured the property in the trade with Mr. McFarland. He says he has no intention of moving to Albany.

Mr. O. C. McFarland, of this city, has purchased the drug business of Hon. M. A. Miller, of Lebanon, and has taken charge of the store. The people of Lebanon are fortunate in securing in Mr. McFarland a competent, reliable druggist, and worthy business man, who in his business affairs here merited the confidence he received. We take pleasure in commending him to the people of that part of Linn county.—Albany Democrat.

Mr. G. W. Aldrich, proprietor of the Champion flouring mills, of this city, has refused to go into the combine that the millers have been getting up, and will in the future, as in the past, give the farmers 40 pounds of flour for a bushel of wheat. The Champion mills is turning out as good flour as any mill in the state. Mr. Aldrich says a bushel of wheat makes as much flour as when wheat was worth a dollar a bushel, and he believes in giving the farmers all they can, as they have a hard time of it any way.

DEATH OF MRS. J. A. BEARD.

Mrs. Emma C. wife of J. A. Beard, died at her home in Portland, at 63 East 8th st., south, last Monday, August 3, at 11:15 A. M., in her 38th year, of consumption. Mr. and Mrs. Beard resided in this city for a number of years, where Mr. Beard was engaged in the drug business, and was twice mayor of our city. Mrs. Beard, nee Emma C. Biggers, resided in this county since her childhood, receiving her education here, until about five years ago, when, with her husband, she moved to Portland. She was a woman who made friends wherever she went and was beloved and esteemed by all who knew her. She has been very low for several months and was aware that the end was near, but she never complained and, with a true christian faith, always said she was ready and willing to go, and expressed that her only regrets were leaving her loved ones. A friend says she talked of dying as though she were only going on a trip. She leaves a devoted husband and one daughter, Lucile, about ten years of age, and many relatives and a host of friends. Her remains were laid to rest in the cemetery in Portland Wednesday. The bereaved husband and little daughter have the heartfelt sympathy of a large circle of friends in this city.

Nobody in Need of Work.

The Oregonian of August 4 says: Mr. Hoge Glenn, of the contracting firm of Honeyman, Dehart & Glenn, who is constructing a portion of the Astoria-Goble railroad, is at the St. Charles. He has just returned from Seattle, where he went to employ laborers. He wants 300 more men, principally axmen and station men, but finds it hard to secure them. "I have advertised for men," he said, "and pay them \$1.50 per day, which is 10 cents more than paid by the railroad companies and other contractors for the same class of work; yet it seems impossible to get them. It is our purpose to give everything to Portland, and we still hope to get men here, and on the Sound, instead of having to go to San Francisco." The firm yesterday chartered the steamboat Kebani for nine months, to be used in the transportation of supplies and camp equipage. Two other boats are similarly employed.

Almost a Serious Accident.

Last Monday morning Mr. John Nichols and Mr. G. W. Aldrich were driving from Mr. Aldrich's residence to the mill in a cart, and when on the public square the horse became frightened at a bundle wagon and started to run, but was stopped, and then began kicking. Mr. Aldrich started to jump out but was kicked on the shoulder, knocking him out backwards and he fell upon his head. Uncle Johnny Nichols swung on to the lines but they broke and he went out backwards also. The horse then ran a few yards when the cart came in contact with an electric light pole where it was left. Both men were knocked insensible. Uncle Johnnie regained consciousness in a few minutes, but Mr. Aldrich remained unconscious about six hours. Neither was seriously injured, but considering their age they had a close call.

Severely Injured.

Tuesday Deputy Assessor W. E. Savage, while riding in a light one-horse wagon upon a bale of hay, his wife driving the horse, he holding in his lap a pair of shafts, was, by some means, either a quick turn of the corner at the intersection of Third and Montgomery streets or the shafts striking a wheel, thrown to the ground. He struck upon his hips and back and received very severe injuries. His groans brought assistance and he was carried into Mr. McHargue's residence and Dr. Wallace was summoned and every assistance possible given him and he was resting easy, but the extent of his injuries it was impossible to determine.—Herald.

Pleasures Resorts.

The Southern Pacific has gotten out a very neat little folder of Oregon's resorts. Considerable space is given to Yaquina Bay and Newport. Following is what it says of Sodaville: These springs are about five miles from Lebanon. The waters are said to be beneficial to persons troubled with dyspepsia, rheumatism, kidney and liver complaints, etc. Good hotel accommodations, also board in private families, can be obtained. Stages connect with all trains. fare Lebanon to the springs being 50 cents.

New Drug Firm.

At Miller's old stand we are adding new goods, and hope by fair dealing, and close attention to business, to merit the confidence of the Lebanon trade. Our specialty will be pure drugs and prescription work. Lowest prices on paints, oils, books, stationery, etc. O. C. McFARLAND.

The Examiner has reconsidered the matter of the championship, and decided that the Albany Colts are not entitled to the honor, after first awarding it to them and so publishing it for several days. The cause is that Fleming, the pitcher is over age. This is quite a set back to the Albany boys.

IN MEMORY.

Joseph Tilden Keebler was born near Spicer, Linn county, Oregon, July 17, 1874, and died July 19, 1896, being 22 years and 2 days old.

In 1889 he was converted and joined the M. E. church, south, and continued a faithful member of the same up to his death.

His chief delight was to do his master's will.

He often expressed himself as being ready to go when the Lord should call for him. His smiling face and gentle voice will be no longer seen or heard in the Epworth League or weekly prayer meeting. He has gone from his earthly home to his reward and is, no doubt, seated at the right-hand of God, interceding for those left behind.

Joe was in every respect a model young man and was loved by all who knew him.

The good results that will come from his Godly life eternally only will tell.

RESOLVED, 1, That in the death of our brother the Church and Epworth League has lost a faithful and earnest worker.

2. That his influence upon us has been for good and will remain a continual benediction to us. While we sincerely mourn his loss, we realize to him it is great gain.

3. That we sincerely sympathize with the bereaved family of the deceased brother, and commend them to Him who does all things well. Earth has no sorrows which heaven cannot heal.

4. That a copy of these resolutions be published in the local papers and also that a copy be sent to the bereaved family. B. B. DOUGHTON, ELSIE BURKHART, RAYMOND BURKHART, Committee.

Wheat in Eastern Oregon.

G. W. Simpson has returned from a trip to Umatilla county. He says the wheat crop is the poorest ever known in the inland empire. He brought back samples of wheat, which is wretched looking stuff. The grain is small and shriveled. Umatilla county, Mr. Simpson thinks, will not have over half a crop, and a good deal of this will only be second or third grade wheat and not fit for milling purposes. The spring grain is almost a total failure. No oats are grown in that region. There is a fair crop around Walla Walla, Milton and Weston, but very discouraging reports are received from the Palouse country and other wheat districts of Washington, and he thinks the shortage of wheat will be greater than has been anticipated.—Herald.

A Kings Valley Accident.

Harvest time is the period for run-aways and smash-ups, and the usual crop of casualties is slowly unfolding. A runaway with disastrous results happened in Kings valley last Tuesday. A Mr. Hubbard was hauling hay from his field to his barn, when his team took fright and ran away. Hubbard was caught in the lines and dragged several hundred yards before he could be released. When picked up he was unconscious and a terrible sight to see. His ear had been torn off and about his head were numerous gashes and bruises. The line of a pitchfork had passed through his foot, and severe internal injuries, the nature and extent of which are not known, were sustained.—Times.

McMinnville Has Tried It.

Occasionally people think it is just the thing for a city to own its water and electric light plants. McMinnville is in this situation, owning both plants. They cost about \$21,000 six years ago. The annual expense has been \$9,230, receipts, \$5,406 04, a total loss in six years of \$22,940, which has been met by direct taxation. Now the plants have got to be repaired at a cost of \$6,000 or \$6,000. Not much poetry in that.

Another Old Resident Gone.

Mr. George Morris, an old resident of Linn county, died at Harrisburg last Sunday, Aug. 2, 1896, at the age of 74 years. He leaves a wife and six children, all grown and married. The oldest son, J. H. Morris died suddenly two or three weeks ago of heart disease. Mr. Morris came to Oregon from Kentucky in 1853 and has since been a highly respected resident of this county. He leaves many to regret his death.
