The Bryan ratification at Albany last Friday was a grand success in every particular. Early in the morning farmers and others began to arrive from all parts of the county, and by noon there was a large crowd of people in Albany. At 1:30 the speaking commenced. The court house was not large enough to accommodate all of the people, so Judge Burnett, of Corvallis, addressed a large crowd on the outside, while Judge Olmstead and H. L. Barkley were delivering stirring free silver speeches on the interior. The barbecue was first-class and everybody enjoyed it hugely. Take it all together it was a glorious day for the silverites, and the goldites seemed to enjoy the barbecue if it was not for a direct demonstration.

Maine Election.

PORTLAND, Me., Sept. 15.—Returns from small towns and plantations in distant parts of the state are, as usual, coming in slowly. It is not probable that all of them will be heard from before tomorrow. The votes from the cities and towns which poll more than two-thirds of the entire vote indicates however, a republican plurality of between 48,000 and 50,000, the largest in the history of the state. In every county the republican ticket was successful. Almost every town showed a republican gain. The democratic vote is about 40 per cent less than in 1892. About 20 per cent of this has gone to the republican ticket, the other half are stay at home. The vote of the populists and prohibitionists throughout the state shows a loss from 1892 of about 26 per cent.

The vote from 300 of the 519 cities, towns and plantations is 66,921 for Bowers, 27,143 for Frank. In 1894 when Cleaver was elected by the majority of 40,000, these towns gave the republican ticket 56,499, the democratic ticket 24,432, a republican gain in plurality of 2913 this year. If this proportion of gain is kept up, the total vote of 124,000 is estimated to be in round numbers as follows: Republican, 83,160; democratic, 34,340; scattering 6500, a republican plurality of 48,820.

Fire at McMinnville.

McMINNVILLE, Or. Sept. 13.—About 11:30 last night, the Cumberland Presbyterian church, of this place, was discovered on fire. In 20 minutes the whole structure was ablaze. The fire companies were on hand and worked nobly to save the parsonage, which was separated from the church by only six feet. The parsonage was damaged considerably by fire and water, but it was due to the heroic work of the firemen that it was saved at all. For a time it seemed the residence of N. E. Kegg was doomed, and everything in it was taken out, and his household goods were damaged considerably. His loss is covered by insurance. The fire started in Rev. E. E. Thompson's study in the church, which contained his valuable library, and as there was no fire or light there yesterday, it was no doubt incendiary. The church was insured for \$1200; the library for \$250, and the parsonage and contents for \$500. They will probably be rebuilt. Mr. Thompson's parents, sisters and aunt, had arrived from Kansas two days ago.

Mr. Wm. Elkins had a close call yesterday morning from being instantly killed, and as it was his jaw was broken, besides receiving severe bruises. He was working as usual at the paper mill, and in attempting to throw a belt with an iron bar the bar was caught somehow in the machinery striking his jaw and neck with terrible force, knocking him down and breaking his left jaw. It is a great wonder that his neck was not broken. Dr. Booth dressed the wound and thinks he will get along all right, but will be laid up for several weeks.

Mr. B. Burtenshaw was showing two stalks of corn in our city yesterday which he called McKliley and Bryan corn. The McKliley corn measured 14 feet high, but did not have any corn on it. He has a fine field of corn which will yield 40 or 45 bushels to the acre.
