The farm residence of Mr. A. Humphrey, situated about 4 miles west of this city, was consumed by fire last Saturday forenoon at about 11 o'clock. The house was occupied by Mr. Walters, but he and his family were away from home at the time. The fire was discovered in time to save some of his household goods, as a threshing crew was working near by and all turned out and did their best to remove the things from the house and to save the barn. The wind was blowing toward the barn and it took heroic work to save it. The residence cost about \$2500 when it was built several years ago, and was insured for \$1600. The fire originated from a defective gas in the kitchen.

A large crowd went from here to attend the republican ratification in Albany Monday, in honor of Wm. McKinley, their nominee for president. There were 83 excursion tickets sold from this place, besides many drove down. It is estimated that there was at least 150 Lebanonites in the city. All that attended report having had a fine time, and it was an orderly and well behaved crowd. Some say the procession numbered over a thousand, while others say there was not over 300 in the line of march. The Lebanon McKinley Club marched in a body with several banners of their own, and made a nice appearance. It was the largest visiting club present. Our boys report that Mitchell made a fine speech, but he was very hoarse and it was very difficult for him to talk. Other speeches were very common.

The Minnesota Lake Tribune says: The brothers, Frank and John Sonnek have returned to their parental home, from Oregon. Many of the older people of this vicinity will remember that John left home about 17 years ago, and, therefore, as "Father Time" has not been idle, it is not strange that he was not known by his relatives and friends. Frank went away last fall in company with Frank Petrock and Wm. Bretchet, and will remain at home for the present. John is married and is comfortably settled at Lebanon, Oregon. He will, however, remain in Minnesota this fall and winter and tend threshing machine separator for his brother Albert. If the climate agrees with him here he will return to Oregon in the spring, dispose of his property in that state and return to Minnesota with his family to reside permanently.

A Fatal Quarrel.

OAKLAND, Or., Sept. 21.—Saturday evening at 10 o'clock Ed Sutherland, Geo. Nolta and Henry Brusco went to the residence of James Brown for the purpose of having a chicken supper. Nolta proposed that he and Brown take a drink of liquor. Brown had his baby in his arms, and Nolta said after Brown had drunk, "Give the baby some." Brusco remonstrated, a quarrel ensued between Nolta and Brusco, and Brown ordered them out of the house. Sutherland followed, they renewed the quarrel when Sutherland secured a large club and struck Brusco on the back of the head, fracturing his skull and knocking him senseless. Sunday two physicians were summoned and trepanned his skull. Brusco never regained consciousness and died this evening at six o'clock. Sutherland was arrested and had his preliminary trial today and was bound over to appear before the next grand jury. This promises to be almost a similar case to that of Sam Brown, who murdered Alfred Kincaid two years ago, and another trial to test the valor of Douglas county officers, who have quite a reputation for letting criminals escape.

The Riot at Leadville.

LEADVILLE, Col., Sept. 21.—The miners strike which began in June last and has paralyzed business and caused suffering and hunger in hundreds of homes, has resulted in bloodshed. It is known that five lives were sacrificed in the fighting this morning. The miners had struck for an increase from \$2 50 to \$3 00 per day. The rioters began firing into the Coronado and Emmet mines and attempted to blow up the former with dynamite. More terrible even than the holocaust of flames was the loss of life. Jerry O'Keefe, foreman of hose No 2, was turning on the water when a bullet entered his side. He is mortally wounded in a hospital. An unknown man was blown up with dynamite. Another man is on the point of death, being mortally wounded by dynamite.

At 3:30 a. m. an attack was made on the Emmet mine. There were over 100 shots fired, but a telephone message from the mine states the attack was repulsed, and that thus far no lives were lost and no damage to property had resulted.

The Clambake.

A correspondent of the Salem Journal gives the following account of the clambake at Newport on Sunday in honor of Senator Mitchell and others, of whom only Mr. Mitchell was present: "Saturday's McKinley-Hobart rally was concluded here yesterday, with a clambake. An excursion was run from Albany, Corvallis and intermediate points, by the O. C. & E. railroad, numbering 150, and river excursion by steamer Richardson, from Toledo, brought an additional crowd numbering about fifty. All residents of Newport and surrounding resorts were out, as well as farmers in that vicinity. The entire crowd was estimated at 300. Shortly after 2 o'clock in the afternoon tables were served to the very hungry throng. The bake was a success. The tables prepared for the occasion consisted of 20 bushels of clams, 100 crabs, 6 bushels of potatoes, 5 dozen chickens, 15 dozen ears of corn and about a half dozen salmon. Following the dinner, Senator Mitchell made a short address, commenting on the success of the affair.

Political Situation at Lebanon.

A correspondent from this place to the Albany Democrat writes as follows: LEBANON, Or., Sept. 21. Free silver people are numerous at Lebanon, reports to the contrary notwithstanding. We have a large and enthusiastic Bryan club, and we are doing all that is within our power to carry Linn county for Bryan. Speakers are greeted with large audiences, and, judging from the enthusiasm manifested, the people are tired listening to the dictates of Wall street, syndicates and silk-stocking corporation lawyers.

The people of this county are determined to emancipate themselves from bondage by casting their ballots for the ablest orator, and advocate of the free and unlimited coinage of silver at the ratio of 16 to 1.

Lebanon is doing her part towards helping this great cause along. Let other towns throughout the state follow her example.
