Pennoyer and Chamberlain. The announcement that ex-Governor Pennoyer and ex-Atty. General Chamberlain would speak here Saturday, brought a large crowd. At 2 o'clock, a procession of several hundred enthusiastic voters, headed by the Sodaville band, turned along Main street and marched to the square, where a thousand or fifteen hundred people had gathered. Bryan badges were very numerous, with now and then a McKinley badge to be seen. Hon. M. A. Miller introduced the speakers. Mr. Chamberlain spoke first and for an hour held the close attention of the vast crowd. He spoke at length on the criticism of the supreme court. He proved conclusively by the records that the Chicago platform had not gone any further in its criticism of the supreme court than had Mr. Lincoln himself in the famous Lincoln-Douglas debate nor than the republican platform about that time. He showed how needlessly the administration interfered with the Chicago strike, before even the state or county authorities had been requested to act. The goldbug parties are always quick to protect the trusts from violence, but never once prosecuted these same trusts for even open violation of the law. Many other points were touched upon. Mr. Chamberlain made an eloquent and convincing address. Ex-Governor Pennoyer was then introduced, and asked pardon of his audience for referring to himself. He then told how nervous Harvey Scott and his goldbug clique were because the police and fire departments had been cleaned of political henchmen, upon whom this clique counted to carry Portland for McKinley. He had about evened these departments by having appointed one third each of democrats, populists and free silver republicans, all men of merit and ability, who would attend to the duties of their positions and leave politics alone. The speaker argued in favor of free silver in his usual convincing and peculiar style. He told of the great distress entailed upon the people of this state by the single gold standard, giving instances that had come under his personal observation in Portland. He advised the people to vote for Mr. Bryan, whom they could trust and upon whom the combines had no lien for campaign contributions. No farmer, laborer or mechanic, said he, could afford to vote for Mr. McKinley, who was the candidate of all the unlawful combines and monopolies in the country. The governor made a fine speech and was enthusiastically cheered. In the evening, Judge Burnett and Captain Humphrey made most excellent addresses at the opera house. These gentlemen were accorded an enthusiastic reception. Wm. J. Bryan's Rally for Election Day. BY J. H. CORNWALL. The banner of freedom floats proudly today, O'er the Sun of Columbia in martial array. Not with sword and bayonet thirsting for blood, But with ballots all pure like the souls of the good, Let our ballots be tidings to those far away That Bryan is marching in triumph today. Let each star of the banner give lustre so bright That wrong and oppression shall vanish from sight. And your sons and your daughters with glad hearts shall see The gold sceptre broken in the land of the free. With love for his cause while each star lights his way, Let Bryan go marching in triumph today. Our fathers of old time, so gallant and brave, Gave their lives with their honor our country to save; Now they call to their sons from the regions above, To save with their ballots the land that we love. Let our ballots be tidings to those far away, That Bryan is marching in triumph today. No Rothschilds or gold king of Europe shall rule In this fair land of freedom and make us a fool, Nor shall Wall Street deceive us with promises fair, While they load on us burdens too grievous to bear. Let our ballots be tidings to those far away, That Bryan is marching in triumph today. The sound of a glad jubilee let us hear Till the foes of our country will tremble with fear. Our birthright is freedom, God given and pure; Let us vote to maintain it, and make it secure. Let our ballots be tidings to those far away, With Bryan to lead us we triumphed today. Academy Notes. Ex-President Harrison, writing of "The Indians, Pensions and Agriculture," in the November Ladies' Home Journal, expresses himself with directness regarding the education of the Indians. "The efforts of the Government to promote the civilization of the Indians have been constant and costly, but not always wise," he says. "We have bought our peace by promises not always kept; have recognized and even dignified the chiefs, and so perpetuated the tribal relation and land ownership, when the deposition of the chiefs, the breaking up of the tribes, and the allotment of lands in severalty offered the only permanent solution of the vexed Indian question. This policy has now been adopted; the Indian has citizenship and a white man's chance offered to him, and must take it or perish. "The schools at Hampton and Carlisle have done a great work for Indian children, but if the education there received and the decent habits of life there acquired are to be saved and made effective, the pupils must not be returned to the tepee and to a nomadic life, but to households and to farms, or village trades." The Ladies' McKinley Club, of Lebanon, will give a free lunch with coffee on Nov. 3, at Mrs. Miller's hall, to which all the men voting for McKinley and Hobart are cordially invited. Albany, Oregon. The Great Jenny Lind Concert. Only a few remain who can recall the marvelous enthusiasm which attended Jenny Lind's first appearance in America, in the old Castle Garden, in 1850. When she arrived from England 50,000 people were at the dock to greet her. That night 30,000 people serenaded her in front of her hotel. Seats for her concert sold at fabulous prices. On the night of her first American concert over 5,000 people had gathered in the Battery before Castle Garden by six o'clock, although the concert did not begin until eight. When the doors were opened the crush was terrible, and within fifteen minutes every available inch of room, other than the reserved seats, was occupied, and 10,000 people were outside unable to get in. Then every rowboat, sailboat and steamer which could be pressed into service was engaged to lay in the water by the old Garden Hall crowded with people who could only hear the strains of Jenny's voice as it floated through the opened windows. The whole scene has now been re-pictured by Hon. A. Oakey Hall, ex-Mayor of New York city, and he gives a wonderfully graphic recital of the event in the November Ladies' Home Journal. The actual scene of Jenny Lind singing her first song to her wonderful audience of thousands is shown in a picture copied by De Thulstrup from a photograph made at the time.
