Rev. J. N. Denison, one of the ablest divines in Oregon, who formerly held a pastorate in East Portland, and was for a time pastor of the M. He had many friends throughout the state. During Mr. Denison's boyhood days he attended school at Santiam academy.

The Sunday Oregonian says: Mr. Jas. Cowan, recently appointed superintendent of the Warm Springs Indian agency, is in the city. He was appointed by President Cleveland to such position during the recess of congress, and when the senate afterward confirmed his appointment, a new commission was sent him, which entitles him to the place for four years. Owing to this, he had to furnish a new bond, which was done yesterday, and Superintendent Cowan is now in it for four years, if not sooner removed, and the chances are that he won't be.

J. C. Cox returned from Phoenix, Arizona, Wednesday, after an absence of six weeks. Mr. Cox was not favorably impressed with the condition of affairs in that region. Building has practically suspended and there is practically nothing in sight. The project of building a ninety-five mile irrigating ditch has fallen through with, and thus the hopes of thousands of people who paid big prices for land in that locality are blighted, and their purses are filled with emptiness. Before leaving for his Webfoot home, Mr. Cox visited the largest copper and gold mines in the territory, employing 800 men.—Brownsville Times.

We have decided to reduce the subscription price of the EXPRESS from \$1.50 to \$1 per year when paid in advance. This price may be raised to the former price of \$1.50 when times get better. We wish to increase our subscription list with 1,000 additional names during the year 1897, and with that object in view, for the month of January we will make the low price of 50 cents per year for this paper, strictly in advance. This offer is good for old subscribers who pay up all arrears and a year in advance. Remember that subscriptions that are not paid in advance will remain at the rate of \$1.50 per year. Be sure and read our great clubbing offer in this issue.

To The Advance.

I notice by the Advance that Dr. Lamberson and myself are accused of getting up a petition asking the legislature to organize and get down to business. I have this to say: I was not the instigator of the petition, neither did I circulate it, but the petition was signed by me because I endorsed its contents, and I don't think it is any of the Advance's business. That is about as near as the editor of that paper ever gets to me.

FRANK SKIPWORTH.

Save the Wrappers.

They are worth a cent apiece if taken from Hoe Cake soap.

In order to increase the circulation of the EXPRESS, we have decided to offer it one year for only 50 cents, in advance. This offer will positively close January 31, 1897, but is good for all old subscribers who pay up to date and pay one year in advance.

Farm House Robbery.

On Monday Mr. C. Schlager, who lives on the Nickerson place near the O. C. & E. railway track, this side of Knox Butte, had his residence robbed of its contents, while he was away from home. He was going to Mr. Geisendorfer's, to get some seed oats, and as his wife did not like to stay alone, she went with the little girl to the Knox Butte school while he was away, he calling for her at the school house on his return. It took him longer to clean and sack the oats than he intended and it was nearly four o'clock when he returned to the house. The thieves had apparently approached the house from the railroad track and must have been there sometime between 9 a. m. and noon.

They took a new suit of clothes, \$20 in money, all the provisions they had in the house, including flour, meats, lard, potatoes, coffee, sugar, tea, butter, canned fruits, kitchen furniture and like articles, not even leaving a bucket to carry water in or milk the cows. The loss is a heavy one to the family.

Mr. Schlager was in Albany Tuesday to procure the assistance of Chief of Police Lee to ferret out the thieves, of whom the only trace was footprints to and from the railroad track.—Herald.

Drowned in the Santiam.

Word was brought to Albany of the drowning of George Jorgensen, who resides with a brother near Knox Butte, says Tuesday's Herald.

The accident happened in the Santiam river, opposite the farm of C. C. Hanon. His older brother Charles was on the bank as George rowed the boat towards the shore. A snag was struck and the boat upset. At the place the water is deep and there is a whirling current. He was thrown under the water and sinking out of sight, after a short struggle, was swept down stream and out of sight. The brother on the bank was unable to do anything to assist the drowning man and had to see his brother go to a watery grave. An effort was made to recover the body, but it had not been found when the scene of the drowning was last heard from.

The deceased was about twenty years of age and was a steady, hard working young man.

Warm Springs Indian Reservation.

Mr. James L. Cowan expresses himself as well pleased with his billet of agent at the Warm Springs Indian reservation. He has 1800 Indians in his charge, made up of four tribes, Warm Springs, Wascoes, Teninos, and Piutes. Of the latter there are only about 75. The great majority of the Indians are still living in wickiups, but will build houses as soon as they can secure lumber. The Indians, as a general thing, are self-supporting, and a number of them are quite well to do, having flocks of sheep and cattle. The new school buildings on the reservation are about completed. There are six of them, and when everything is ready for opening the school, Mr. Cowan says they will have the most complete, up-to-date school plant of any Indian school in the country. The dormitories are furnished with porcelain bath tubs, hot and cold water, steam heaters, and, in short, all modern improvements. If the agency were nearer the hot springs which give the tribe its name, a magnificent sanatorium could be added.—Oregonian.
