Doug Hamilton, the eccentric preacher of the classic forks of the Santiam, delivered one of his characteristic discourses on the street last evening to an admiring crowd. A popular feature of the Rev. Douglas' preaching is that he never follows it up by a contribution. He makes a good living farming and talks for pasture, or perhaps as the spirit moves him, a good deal after the historic Jobb Powell style, but lacks the keen sense of humor which the latter possessed.—Albany Herald.

A Smooth Swindler.

Several weeks ago the swindling operations of an alleged traveling salesman for the Royal Baking Powder Co. was exposed in various newspapers of the Northwest. It now transpires that the swindler, under the name of A. F. Miller, has been victimizing the grocery men of Oregon towns. In this state he merely changed his name and sold starch instead of baking powder.

In Albany he represented himself as representing T. Kingsford & Co., a well known Eastern firm. He took orders for his goods at very low prices and of course took many orders. He was a smooth talker, and before leaving drew on his alleged house for \$75, and one of his customers identified him at the bank, endeavoring to get him. The draft was returned as fraudulent and the merchant was identified him at the bank had it to pay. A dispatch from Spokane of the 10th inst., says he worked the same scheme there. Mr. Bush, traveling salesman for a San Francisco grocery house, says he has heard of the fellow under half a dozen different names. It is said he has drawn large drafts upon the Royal Baking Powder Co. alone for \$30,000 and has perhaps secured as much more from his store swindle. He claimed also to represent a tobacco house. He was full of resources and as sleek a swindler as ever went untraced. A large reward has been offered for his arrest, and detectives are on his track.—Herald.

When Dr. Holsen Nicol called attention to the familiar manner in which American papers spoke of "McKinley" and "Bryan" without even the "Mr." prefixed, he thought he was proving that Americans are more disrespectful than Englishmen. But our papers never speak of Joe Chamberlain or Jules Fauncetote, through the Saturday Review, as the Bookman points out, has been talking about Dick Olney.

His Head Blown Off.

Last Saturday Will Kerr and young Webber, of Corvallis, were returning from a fishing trip on Mary's river, when Kerr met with death in the following manner: They had a stick of giant powder, which they undoubtedly had intended to use in fishing if the opportunity had offered. This they cut in two and decided to touch off, as they had no use for it, as they were approaching Philomath. They put a fuse to one of the pieces and lit it on a side of a hill. It sized and evidently went out. Kerr started towards it, notwithstanding he was warned by Webber, reached over after it from above, down a small embankment. Just as he was grasping it it went off, striking him in the upper part of the forehead, and taking the entire top of his head off, ranging down to the neck, leaving the mark of the face, of course dying instantly. His body was taken to Corvallis, where his parents reside. The deceased was 24 years of age, and was a member of the Kiwanis. Yesterday the funeral services were held at Corvallis and were attended by many. The burial services were under charge of the order, led by the Corvallis band, which played the dirge. Grand Commander Van Winkle and eight other members of the Albany lodge were present and assisted in the services. From them we get the particulars of the unfortunate accident.—Albany Democrat.

Mrs. Chas. Arnsperger received a letter this week from her husband which clears away the mystery of her husband's disappearance. About a year ago Mr. A. went to Arizona where he secured work. Frequent letters and remittances were received by home folks until four months ago when he went to work in the mines, where he received severe injuries by the falling of a bank, and no further word had been received from him. Mrs. Arnsperger and relatives had given him up for dead. Now they are rejoiced to learn that he is recovered from his sickness and is still living in Arizona.—Harrisburg Review.
