CHANGES ON THE HEPPNER BRANCH.

Some changes have taken place in the train and engine crews of the Heppner Junction & Heppner Fast Mail and Express of late.

Mr W H Freeman is now the permanent conductor in charge and relieved A E Dyhimple, who temporarily filled the vacancy caused by the promotion of "Daddy", A F Wall, to a passenger run on the main line, between Portland and Pendleton.

Mr N J Pearson is assigned to Chief Engineer in place of George W Phelps, who was promoted to running a passenger engine on the main line and H A Buntin has accepted the seat on the left-hand side of the Cab to regulate the fire juice in place of H Schinnaman, who also went to the main line.

The Railway Postal Clerk, Chas E Thompson, takes his annual leave of absence, commencing on the 16th. He is relieved by substitute clerk, Eugene Nemetz. Mr Thompson and family will visit relatives and friends at Portland and vicinity and also visit the A. Y. P. Exposition during his absence.

Mr H E Hersh, well known as an all around railroad man and base-ball crank, and who is, at the present time holding down the position as baggage and express messenger, will take a vacation as soon as a man, with the required ability, can be found to relieve him. He has his doubts however as to finding the man, with the required vitality, until the appearance of the well known E H Burke the regular messenger, who is expected to be back on or about the 20th.

Mr Roy Her, the present brakeman is soon expecting to be called to the freight service on the main line.

There is some wide talk of trying to induce the management to extend the run of the local train from Heppner Junction right on into Portland. It would be much pleasanter to get into a coach here and be delivered to Portland and way points without having to change cars and a two, three or four hour wait at the Junction. This additional service would be a great help to the other Branch lines and also give us a Sunday train. This is worth working for, and everyone that can bring any influence to bear on this promotion should get busy.

Frank Everson began hauling J L Kinsaid's wheat last Wednesday He makes a trip each day.

A GOOD POSITION can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country, there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance for advancement.

The National Telegraph Institute of Portland, Oregon, operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details. When writing please mention The Proclaimer.

THE HOME STRETCH.

The amusement feature of the Portland fair, September 20 to 25, will be called the Home Stretch. There will be many kinds of attractions, and all of a high class, and no one can afford to miss this fine feature. There will be something doing all the time and who misses the Home Stretch and the Portland fair will be doing themselves an injustice.

Among some of the attractions are the Bronco Busters, Joy wheel, Chariot Races, Music, The Bohemian Girls, Crazy house, Hell, Merry Widow cottage, Plantation, etc. There will also be a wireless telegraph station and demonstrations will be made daily.

The Union Meat Co will have a fine exhibit and some of the coffee, tea and spice houses will exhibit.

There will be a barrel of fun and don't miss it for they will miss you.
