And in answer to the wish of the people, we have had and are having heavy rains. We are encouraged and comforted by the rainfall.

Through a number of instances of a personal nature and not because of lack of water, the Ione Hotel is closed. This is a good opening for some portion of the right hotel in the town. The traveling public are being cared for at private boarding and rooming houses at present.

Up at Spokane they seemed to have been somewhat of the plans for the reception and entertainment of President Taft in that the working men and women on the list of reception committee. That is always a mistake for the working men not only lack the power of ballot but they lack the wealth that keeps this home saving.

The states of the middle west are recovering from the fright of earthquakes. The aurora borealis that was so strong, during last week, in these same states, as to interfere with the telegraph wires, are undoubtedly connected with the internal uproar of the planet. While we consider ourselves very learned in matters of science, how little we really know of the earth on which we live and the sun, moon and stars that surround it.

The President is about to visit Portland and while he looks and acts no different than he did when plain Mr Taft, there is a difference. To be the President of this wonderful Republic; to be the one man that choice fell upon to take the place at the head of our Government is sure to carry with it an added dignity and in addition the respect due the Chief Magistrate from the people makes the official one that all should wish to see. So every man who can go to Portland during the stay of President Taft should go, and if he has a son, that son should go also and get the proper idea of American citizenship and American manhood by the trip.

Mr and Mrs Fred Esteb were Thursday evening callers at A Carlson's.

Samuel Esteb arrived on the Monday evening train to join his wife and children who came up two weeks ago on a visit. He will remain here a few days and then they will return to Portland.

A very pleasant surprise was given to Mrs A Carlson Sunday, September 26, when there gathered a number of over forty friends and relatives, at their home, with well filled baskets and smiling faces. It being Mrs Carlson's 60th birthday they planned and fixed for a gentle surprise on her for which she more than appreciated the work her neighbors had done for her. The afternoon being very pleasant, the time was spent in out-door games and amusements.

Water Dohyus buys all kind of poultry at Ione.

N M Johnson and Leonard Anderson left Friday for Seattle to attend the fair.

E R Lundell returned from Idaho Friday where he has been visiting the past two weeks.

News reached here Saturday, by wire, that Samuel Esteb's home, in Arleta, had burned to the ground. Nothing was saved, however, and we have not learned what started the fire.

A GOOD-POSITION
can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country, there is a great shortage of telegraphers. Positions pay beginners from \$70 to \$80 per month, with good chance for advancement.
The National Telegraph Institute of Portland, Oregon, operates six official institutes in America, under supervision of R. R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details. When writing please mention The Proclaimer.
