THE GYMNASIUM.

At last there is a movement to open a gymnasium in Ione and one of the old saloon buildings on Main street is to be cleaned and fitted up for the boys. So two objects will be gained, the one of supplying the finest group of young lads, in America, with a necessary place of pleasure and at the same time wiping out a blot on the fair face of a good town by doing away with the empty saloon.

A. C. PETTEYS HAS BAD LUCK.

On Wednesday morning after a trip to town Mr Petteys was returning to his ranch on Willow Cr three miles above town, and the Local coming down from Heppner. He was at the rock crossing about two miles east here and altho the engineer blew the whistle, warning any who were out of sight, the wind was blowing so strong that Mr Petteys did not hear it. The engine struck the horses killing both immediately and Mr Petteys was thrown from the wagon. The train stopped and picked him up and brought him to town to the home of his daughter, Mrs Frank Engelman and Dr Chick was called. His back was badly strained and his nervous system received a bad shock, but he will recover.

HEPPNER BRANCH ENGINE DE-RAILED.

THE PROCLAIMER received the official information from the Oregon Rrilroad & Navigation Company that the delay of our local train on September 28th was caused by derailment of the engine in the yards at Heppner which was caused by a brakesman throwing the switch in front of the engine and giving the signal to come ahead. An extra engine came up and the mail and passengers were brought late in the evening which shows the Company did the best they could under the circumstances.
