

Colds on the Chest

Ask your doctor the medical name for a cold on the chest. He will say, "Bronchitis." Ask him if it is ever serious. Lastly, ask him if he prescribes Ayer's Cherry Pectoral for this disease. Keep in close touch with your family physician.

When you tell your doctor about the bad taste in your mouth, loss of appetite for breakfast, and frequent headaches, and when he sees your coated tongue, he will say, "You are bilious." Ayer's Pills work well in such cases.

Visiting Day.
Mrs. A. was more shocked that amused when, in reply to her question, "Who was at Sunday school this morning," her 4-year-old daughter said, "Everybody but Jesus."
"Why, my dear," said Mrs. A., "wherever did you get such an idea?"
"He was out visiting this morning," the little lady confidently said.
"Daughter," said Mrs. A., "who told you such a story?"
"Nobody didn't tell me, mother, but they just kept singing it over and over again: 'Jesus is calling. He's calling to-day.'"

Nothing Miraculous.
"You had rheumatism in your right leg for years and were cured of it in an instant? How?"
"By being accidentally mixed up in a train wreck. My right leg is a cork leg now."

It Might Be Worse.

Sandy Pikes—"O, cheer up! Suppose the rest of it was soap instead of land."

There are hard times ahead for Chicago's public school "frats" and societies. It is curious that the British naval authorities should have abandoned oil fuel at a time when in foreign fleets it has been decided to substitute oil for coal. The British empire has very limited resources of oil fuel, and at present the navy's supplies have to be imported. These supplies might be cut off in time of war, and it is probable for this reason that oil fuel is being given up.

A farmer standing outside his farmhouse saw a pair of his pigeons fly away. Shortly afterward he heard a shot and the pigeons did not return in the course of the afternoon, as he had expected. In the evening, however, the cock pigeon returned in order to feed the young, and having seen to this, he again flew away. The following forenoon the same pigeon returned, and it was then ascertained that the hen bird had one wing badly hurt by shot, but owing to its mate's care and perseverance, it ultimately managed to return to its nest.—The Field.
