Opening Day at Panama-Pacific Exposition Broke All Exposition Attendance Records

All attendance records for expositions were broken at the opening of the Panama-Pacific International Exposition in San Francisco on Feb. 20. Vast crowds thronged the grounds when President Wilson pressed the button in Washington, and each day since the attendance has been enormous. The huge buildings and beautiful thoroughfares hummed with activity and have continued to do so. The Exposition has already demonstrated at this early date that it will be a great success in every way.

From Left to Right Are Shown the Palace of Education, Palace of Liberal Arts and Tower of Jewels.

Honor Roll.

Composed of pupils who have not been tardy or absent for the month of March.

Miss Mohr, high school—Victor Reitman, Mearl Blake, Etta Barlow, Lillie Allinger, Kenneth Blake, Harley Sperry, Ada Ritchie, Roy Blake, Beatrice Sperry, Lulu Calkins and Edison Morgan.

A Lyceum Course for Ione.

Ione is to have a lyceum course next winter, composed of three numbers. This course is backed by the school and deserves the hearty support of the people as it is of an educational as well as of an entertaining nature. It is claimed by some authorities that a people can be judged by their amusements. The Romans, a war faring people, were amused only by the bloody battles of the amphitheater; the Mexican must see the bull fight in which one or more poor horses are gored to death and the bull, with no chance for life, must finally succumb to the tortures of the "hero of the hour." If the amusements are a true basis on which to judge a people, the directors of the Ione school have the right idea when they try to elevate the entertainments of the town.

Manual Arts.

The Ione High School has taken the lead in trying to introduce a new subject into the schools of the county. The new subject is one of which every boy should have some knowledge. It is manual training, or the teaching of carpentry and cabinet making, and is also of value in teaching the use and care of tools which every farmer has to use more or less. It is also argued that girls should take manual training so they can hang a picture without pounding the nail which nature gave them instead of the one they bought. The teaching of this subject requires much time and an instructor who has had proper preparation. If the High Schools of Heppner and Lexington would put this department in their schools as Ione will have next winter one instructor could be hired to handle the subject at the three places. He could give Ione two days, Lexington one and Heppner the remaining two days of every week. This would cost Heppner and Ione about forty dollars each and Lexington twenty. Ione has a man hired as assistant instructor next year who can teach manual training but if the suggested plan were adopted our principal would be spared more time from his duties as instructor to oversee and direct the rest of the school.

The Country Squire.

The Ione High School is working on the play to be given near the ending of the school year. This play is entitled "The Country Squire" and will be by far the biggest number of this year's dramatic work. The play will require an enormous amount of time and labor, but those taking part are going after it with a will and hope not only to make the production lose its amateur features but to bring it near the class of professional work. The play will be given in the rink to better accommodate the large audience which is expected. Date of rendition will be on Saturday evening, May 22. Seats will be on sale two weeks in advance.

The new band is progressing very rapidly under the leadership of W. F. Burger, a good looking young man and an accomplished musician of Ione. Two new members have been added lately, an A cornet and an E flat bass while a clarinet will probably be added a little later. At present the band consists of 14 pieces.
