"You've GOT To Earn MORE"

It isn't a question alone of whether you want a better salary—it's a hard condition of life that you must face to protect yourself and those dependent upon you.

You can't stand still—if you don't want to go backward, you must go forward—that is, you've got to earn more.

Earning more means holding a better position—Independence, happiness, and a chance to provide for the future.

Thousands upon thousands who once held low, poorly paid positions now earn high salaries as a result of letting the INTERNATIONAL CORRESPONDENCE SCHOOLS show them how to accomplish the change. During last year about 4,000 students voluntarily reported increases in salary amounting to over two million dollars! Every month an average of 300 men voluntarily report to us advancement in position and earnings. Why not make YOUR start this month?

HOW TO DO IT

Simply mark on the coupon the position you wish to secure, then tear out and mail the coupon to the International Correspondence Schools. This puts you under no obligation whatever but allows our experts to adapt a Course to your individual needs and circumstances.

You've got to earn more money.
The I. C. S. will help you.
Will you take the start today?

Do Dreams Come True?

The editor of this paper had a wonderful dream the other night and now he is wondering if it will come true. He hopes it will. In his dream he was reading over his correspondence of the day, and uppermost on the pile of letters was one reading like this:

"Dear Mr. Editor:—I can not let this Christmas go by without sending you that money I owe you on subscription to your paper and not only that, but I am enclosing another dollar and a half for a year in advance. I am making several little presents to friends this Christmas, but none of them gives me so much pleasure as does the sending of this subscription money to you. I hope every other person who owes you a penny will do the same and if they do we will all be joining in the making of this a merry Christmas for you and yours."

Thinking that his family would be assured of at least a chicken for their Christmas dinner, the editor thankfully pocketed the three dollars and went on his weary way. But his spirits soon rose as there were many other letters and many bills and expressions of Christmas cheer from his subscribers. And then the office door opened and Farmer Jones came in with a bright smile on his face and a new dollar bill in his hand, and it, too, found its way to the editor's pocket. The idea of a chicken was discarded and visions of a real turkey loomed large in the editorial mind. And still the letters came, and the good people streamed into the office and each one meant more subscription money for the editor and Christmas cheer for his family.

It was a long and a pleasant dream and lasted clear up to the day before Christmas, and when the last caller left the books showed that every subscriber had paid what he owed and many of them had paid for a year or two in advance and each one had given some word of appreciation and cheer to the editor and his family. It was only a dream, after all; but now the editor is wondering if pleasant dreams ever do come true!

Growth of Eucalyptus.
In a period of ten years the eucalyptus tree will grow twelve inches in diameter and ninety feet in height, while it will take white oak and hickory 90 to 100 years to attain the same growth, and other hard woods, such as walnut, will take fifty to sixty years to attain the same size. This in itself is a tremendous advantage, and together with the fact that it reproduces itself from the same stump makes it of special commercial value. —Philadelphia Ledger.

Personality and Character.
There is a difference between "personality" and "character." Personality is the larger thing and includes character. By personality is meant the mysterious entity going to make up one's being or nature. It is equivalent to self consciousness, or individualized being. Character, on the other hand, strictly defined, means the attributes of the individual, as the "character" for intelligence, judgment, moral rectitude, and so forth. In a word, personality is more metaphysical, character more ethical.—New York American.
