The High School basket ball team kept up their winning streak last Saturday evening and defeated the fast town team 17-10. In the first half only three points were scored and two of these were made by the town team. But in the last half the High School boys got busy and piled up 16 more points to the town teams 8. Clifford Perry and Frank Hopkins threw two baskets apiece for the town team and Bob Sperry threw the other one. Lee Howell and Merle Blake each threw three baskets for the High School, Charles Pennington threw two and Earl Blake one. This game was played as a preliminary to the other game which was played by the Ione and Heppner Grammar School teams. About the usual number of basket ball fans were present. The following is the line-up: High School: Merle Blake 5, Lee Howell 6, Chas. Pennington 4, Earl Blake 2 and Elmer Cochran. The Yoemen Lodge met Tuesday evening and installed four new candidates into the mysteries of Yeomanry. Many more are in the hands of the committees and will be introduced from time to time. A special membership campaign for new members is on and it is expected that there will be regular initiations every meeting night. The committee on the coming minstrel show reported progress and many delightful surprises are promised. The program is varied and when completed will show the people of Ione that local theatrical talent will have the outside talent beaten a-mile. The date of the performance has not been announced but we are assured that it will be very soon. This lodge is going ahead and the officers propose to make it one of the leading social centers of Ione. Its features are unique being a strictly unpartizan affair, and is governed equally by the women as well as the men. The insurance features are excellent.

This makes the second game the Ione boys have defeated the Heppner lads this year. The new election laws, in force this year, make it necessary for every elector to register between now and when the books close before the primary elections, if he or she desires to vote May 19. However, this registration is permanent and as long as the present law is in force and the voter does not change his or her residence, it will not be necessary to register again. As was announced recently Judge, Robinson and C. B. Sperry have been appointed official registrars for Ione precinct. The books are open for registration at their offices. It is urged that every one register as quickly as possible as they will then receive the official information sent out by Secretary of State Olcott in time to become familiar with the measures they must decide upon.

Thursday morning there occurred a very pretty home wedding at the home of A. E. Johnson below town at 8:30. Rev. J. L. Jones of Ione united in marriage to L. Audrey Woollery, one of Ione's most prominent young ladies to a prominent dentist of this city. The young couple left on the morning train for Portland to spend a short honeymoon before they locate in Grand View, Washington. The groom has been a resident of Ione about 18 months and leaves many friends. This is the second marriage, his first wife died. He has a child living with his parents at Vancouver, Wash. Miss Woollery is the daughter of Mrs. Jos. Knappenberg and the sister of Mrs. A. E. Jonsson of Ione and Josephine and Velemeta Woollery. She has been raised in Ione and attended the Ione schools and this crowning event of her life is looked upon by her many friends as a just reward for one of Ione's fairest.

The young couple left Ione amid a shower of rice and old shoes. The meeting at the depot of all the young people of Ione was a complete surprise to them as they thought their plans had been kept so quiet that they would slip away and no one would know the difference. However arrangements had been made by the town people the evening before to give them a grand surprise and it happened. The young couple as soon as they got started no doubt felt relieved at getting away from their demonstrative friends, but little did they realize what was in store for them upon their arrival at Portland. Kind friends phoned to the Knappenbergs who were visiting in Portland at the time and they with Velemeta Wooley planned a grand final surprise as a greeting and as some of the bystanders said "It was a scream." They sure got the grand welcome and rice seemed to flow freer than the Bull Run Water. The Journal wishes them many years of happiness and success in their new home.

And still the snow keeps falling at the present time we have about 18 inches and so far this winter about 34 inches has fallen in this neighborhood.

One of the local farmers reported a very unique way of putting up his own ice at the ranch where water was scarce. He melted snow in wash tubs and poured the water into 5 gallon oil cans (with the one side cut out) and set outside to freeze. As soon as the water was solid he took it to the house and melted the cake loose from the tin and packed the lump of ice away in his ice house, which was a large pit cellar. He has ice enough stored away for several seasons use.

Another fine fall of 8 inches of snow—Sunday night and still snowing. This makes considerable over 2 feet of snow for this section of the country this winter. Some snow.

A little more snow Tuesday morning and still more snow Wednesday morning and say this makes nearly 40 inches of snow since it started and more and more do the farmers smile and well they should for this is the year of all years. We talked with one rancher this week who said he would have over 500 acres in grain this year and was well satisfied at the prospect. A good year this and if the money comes in like it ought to there will be a host of wells drilled in the coming spring. More wells more prosperity.

The political candidates are beginning to spring up fast and thick from all sides. We believe this will be a first class year for such gentlemen, the Journal likes to see plenty of material offered up and then the people will have more chance to get their choice. The train was delayed last Friday morning on account of some accident to the engine. It finally arrived about 1:30 and coming back got here at 8:10 in the evening. This made everything late for the day. The mail was not all distributed until the next day.

The train service from Portland is demoralized and no service was regular. The down train from Heppner was delayed from returning over five hours Tuesday evening, no train from Heppner had arrived Wednesday at 1 o'clock and report is that there is too much snow for them to get down to day.

Harlan McCurdy has opened up a new pool hall at Ione calling it The Pastime. It is well equipped with two pool tables and one billiard table. Candy fruit and cigars will be handled also.
