Cascade Locks

Twenty-three inches of snow. Too much.

One-third of the people sick with grip.

Card parties are all the rage; Sunday evenings no exception.

J. F. Elliott's store and post-office at Wyeth was robbed Saturday night. Bread, bacon and candy were the things the thief needed.

Alice Tomkins, who has been quiet ill and under the doctor's care for some time, is reported better. We are glad to hear it.

Judging by the black eyes, bruised shins, cut noses, lips and cheeks, the kids are having a fine time coasting.

Some don't like it that W. D. Trotter received the appointment as road supervisor. Others do, so we think the "odds are even."

Our genial barber, A. W. Meyer, has his white apron on again. The grip had him for a week.

Only nine out of a usual 49 were out to Sunday School. Grip and snow being reported as the cause of keeping the others away.

We miss the Tahoma. She is frozen up down at Cape Horn.

The pool rooms have been quite busy the past two weeks owing to the heavy weather outside keeping nearly everyone in the house.

Couldn't Stand the Hoodoo.
He was a college boy, home for vacation, and his mother's cook had prevailed upon him to lend her \$5 for two weeks. Much to the surprise of the family, cook departed from her practice of keeping such funds indefinitely and paid the debt promptly. When questioned about it she said: "No; dat boy never once ask me for dat money. He never dun me at all, but when I serves his late breakfast in de mornin' he always leave five biscuits on de plate when he used to eat 'em all, an' he tells me he likes five lumps of sugar in his coffee when everybody knows dat's too sweet. Den when I goes in my kitchen I finds five raw potatoes on my table an' five lumps of coal laid by my stove. Dem fives jes' natchally haunts me, so I pays him."—New York Post.

LARDED DANDELIONS.
Wash and cut up fine four pounds of dandelions and put them in a stew pan. At the same time beat an egg and add it to a large cup of cream, mixing the two on the fire until thickened. Then add a piece of butter the size of a nut, two tablespoonfuls of vinegar, salt and pepper to please. Turn this sauce on the leaves, mix and stir until they are tender. Serve garnished with little pieces of fried bacon. Of course this must mean that the greens are cooked before the sauce is added.

Passing Judgment.
Producer—The comedians seemed nervous. What they needed was life. Critic—You're too severe! Twenty years would be enough.—Judge.

The Bible.
The Bible has been so called only for the last 700 years. It was formerly called "The Books" or the "Divine Library."

SCHOOL NOTES — by — S. E. NOTSON, Supt.

The writer visited the Lexington School last week. The new building is almost complete. The Board of Directors are planning to put the school in the class of standard high schools. They are also making arrangements to introduce a full course in domestic science next year. The manual training work which has been installed this year, is proving very popular. The auditorium is ample and is well arranged. This will make possible many advantageous features.

Only a few teachers have enrolled with the Extension Department of the State University for the reading of the circle work. This should not be put off until vacation. Do not delay. According to a recent court decision a teacher's contract is not valid unless his certificate has been registered, and no certificate can be registered unless the reading circle work has been done. The State Superintendent is insisting that the county superintendents adhere rigidly to the requirement. Teachers who expect to qualify for the professional certificate to be issued for professional interest should read at least two of the reading circle books. Many rural teachers are taking up the National Rural Teacher's reading circle work. If you have not received a bulletin in regard to this work, write to U. S. Commissioner of Education Claxton, Bureau of Education, Washington, D. C. and ask for one. If you are a rural teacher, you will find it to your advantage to know about this work. It is endorsed by nearly every State Superintendent and a large number of county superintendents.

Political Announcement

I hereby announce my candidacy for District attorney of Morrow County, Oregon, subject to the will of the republican voters at the May primaries.
pd. adv. Glen Y. Wells.

A lady grievously tormented with a corn on her toe was advised by one of her friends to anoint it with phosphorus, which in a weak moment she did, but forgot to tell her husband before retiring at night. It had just turned 12 when the husband awoke and was startled to see something sparkling at the foot of the bed. He had never heard of a firefly in the locality, nor did he ever remember seeing such a terrible looking object as the toe presented. Reaching carefully out of bed till he found one of his slippers, he raised it high in the air and brought it down with great force upon the mysterious light.

A shriek and an avalanche of bed-clothes, and all was over. When at last he released himself from the bed-clothes he discovered his wife gripping her toe and groaning in a corner of the bedroom, but she had no recollection of that phosphorated corn.—London Graphic.

A fine new lot of hams right out of the smoke house are on sale at the Holgate Meat Market Try them.

Milt R. Morgan was up town Tuesday morning for the first time since his illness. He is doing fine and we hope this spring weather will keep him improving.

The night services at the Christian Church next Sunday will be a treat to all who attend. A large children's chorus will sing and will give several individual selections. Mr. Reynolds will speak on the subject "Jesus the Christ." In the morning the sermon topic will be "A Dead Church." Great Bible School at 10:00 a. m.

The weather turned warm last Sunday evening with a slight rain falling. Monday the sun came out and the snow started to disappear slowly. Willow creek is running quite a lot of water, but no damage is expected.

Clarence Hessaltine has been teaching school in place of Mrs. Puyear, who has been on the sick list the past week.

J. E. Cronan left for Heppner Sunday evening and returned Monday morning to Portland. He has been stalled in Ione since the trains have been blocked.

Bert Mason returned home Sunday evening from a short trip to the Hot Springs. He says the snow is very deep there in many places being over five feet on the level.

Art Crawford of the Gazette Times was down Monday to visit his father and mother of Ione. He returned to Heppner on the evening train.

Do you want to trade your land for other property? We know of a number of good lots and parcels of city property that is up for a trade deal for Morrow County land. Come in and tell us what you have and we will put you in touch with these people. F. Wallace Sears, Box 162 Ione, Ore.
