An ad in the Bulletin will be read by 5000 people every week. The small cost will give you big returns. Try it once.

SEVERAL NEW LAWS ARE IN EFFECT NOW

The volume containing the General Laws of Oregon enacted by the last legislature is now in print and the laws went into effect June 2.

The inheritance law is changed so that in the event a person dies leaving neither husband nor wife nor lineal descendant, his property descends in equal shares to his father and mother. Heretofore, the father has been the heir to the exclusion of the mother.

The salary of circuit judges of the state is increased from \$3000 to \$4000 per year.

Hereafter any person who shall sell intoxicating liquor to habitual drunkards, or intoxicated persons, shall be liable to the wife, husband, parent or child of such intoxicated person for all damages resulting in whole or in part therefrom, and the act of any agent, employe, bartender or servant is deemed the act of his principal.

It is made a misdemeanor to sell adulterated ice cream, and that commodity is declared to be a product made from pure, wholesome sweet cream and sugar, with or without flavoring, with the addition of not to exceed one percent by weight of milk fat, and the acidity shall not exceed 3-10 of 1 per cent; and sweet cream in this connection is defined to be the pure, wholesome product of cow's milk.

Hereafter no county clerk can issue a marriage license unless the applicant shall file a certificate from a physician, duly authorized to practice medicine within the state, made under oath within ten days from the date of filing the same, showing that the male person thus seeking to enter the marriage relation is free from contagious or infectious venereal disease.

Neglect on the part of a husband to support his wife or children is made a felony and such neglect may be punished by confinement in the state prison for not less than three years, or by imprisonment in county jail for not less than thirty days nor more than one year.

The state board of horticulture is given authority to declare quarantine against the pest known as the alfalfa weevil, an insect which is doing great damage to alfalfa, clover, vetch and similar forage plants, especially in Utah and Idaho.

J. M. Broch, brother of Mrs. R. N. Hymer, came in Monday evening to make a short visit. He has been working in Portland the last few weeks.

When You Buy A Car be sure you get your moneys worth. See the Fifth is the best value for the money on the market today. For particulars and demonstration see E. R. Lundell Agt. for Morrow Co.

Any Time's Lucky For Home Builders

who sidetrack procrastination for action and decide definitely on their building plans. The kind of lumber you would be satisfied with is as cheap now as you will ever see it and, at the prices we are quoting on the quality you would expect, we say, with all emphasis, BUILD NOW. With our knowledge of the different woods and their application to home building we can doubtless show you how you can attain your ideal home at a much less cost than you think. Price per-thousand for lumber is very misleading to the inexperienced, but when a plan is figured judiciously and the right lumber specified in the right place the total cost is often a pleasant revelation. Our business requires this knowledge and we are sure we can satisfy you in price, quality and service. Let's talk it over. We have everything from joist to shingles.
