 Classiest Job Printing...**

**BUYERS' WEEK
 IN PORTLAND
 A BIG SUCCESS**

Visitors Entertained in
 Royal Manner by
 Their Hosts.

Bert Mason returned Sunday
 from Portland where he was
 guest to the jobbers and man-
 ufacturers of that city during
 "Buyers Week," when about 300
 merchants registered from all
 parts of Oregon, Washington and
 Idaho.

As each man registered, the-
 ater tickets were given him, so
 that his wife might have some
 way of amusing herself while he
 was about the city on business
 or attending any of the meeting
 or entertainments that had been
 provided. A blanket ticket was
 also given each guest which pro-
 vided for every detail, even down
 to carfare, for the various en-
 tertainment features which has
 been given the visitors during
 the week.

Tuesday evening a smoker was
 held with a Dutch lunch served.
 Wednesday noon they were the
 guests of the Portland Ad Club,
 and sight-seeing trips were given
 the buyers about the city in spe-
 cial cars. In the evening busi-
 ness lectures were given to a
 large assembly on practical busi-
 ness methods. Thursday even-
 ing the buyers were entertained
 at the Pantages and Empress
 theaters, while during the day
 they were the guests of the
 Union Meat Company, inspect-
 ing the great stock yards, and
 its modern establishments.

Friday evening informality
 lent zest to the gathering of the
 Buyers, jobbers and manufac-
 turers at the banquet given at
 Portland Commercial Club.

It was a happy, unconventional
 affair where every speaker in-
 dulged in harmless pleasantries
 concerning his neighbors, which
 cemented a new binding of
 friendship between the visitors
 and the Portland business inter-
 ests. Saturday terminated the
 the entertainment and visit of
 the country merchants when a
 jollification was held at the Oaks.

From the standpoint of both
 the buyer and jobber, the first
 Buyers Week was acknowledged
 a distinct success.

Merchants who bought \$500
 worth of merchandise during the
 week were refunded their rail-
 road fare.

Geo. Ritchie is holding down a
 job as sausage maker in a
 Pendleton meat market.

Miss Agnes Pennington went to
 Pendleton Tuesday to visit
 during the Round-up.

Miss Joey Woolery returned
 Sunday from Portland in order
 to be here for the opening of
 school Monday.

Mrs. Oscar Cochran and
 Georgie went down to the Tom-
 lin ranch near Morgan Sunday
 after some peaches.

Mrs. Rose Campbell and Mrs.
 Chas. Sperry have new fall and
 winter millinery on display. Mrs.
 Campbell arrived from Portland
 last Friday night.

Mrs. Cronk and son, Earl, are
 back from their Eastern trip,
 where they have been spending
 the past few months, in Wiscon-
 sin and Canada.

Mrs. Ed Bristow and Miss
 Blanche Bristow were down to
 Jack Hynd's peach orchard near
 Cecil Tuesday. They say Jack
 has sold over two tons of fruit
 already and still has a couple
 more tons for sale.

W. F. Honey of Graham Ore.,
 a member of the Oregon-Iowa
 Land Co. which owns some 20,000
 acres of land in this vicinity was
 a business visitor here the first
 of the week and had his name
 added to our roll of honor.

Announcement

We have recently organized in connection with our company, an Engi-
 neering Department. It is the purpose of this department to aid in all questions
 along the building line that may come up.

Mr. Harold E. Crawford, a graduate architectural engineer, will be associ-
 ated with the department and it is hoped that in this way we shall be able to
 render a real service whenever possible.

For prospective builders who are unable to get local architects to aid them
 in their problems, this department will submit sketches and will endeavor to
 advise in regard to the best methods of procedure. For special jobs where
 such local service is not available, this department will furnish plans and brief
 specifications to our customers. In special instances supervision during
 course of construction, whenever possible, may be furnished through this de-
 partment.

It is not our purpose, by organizing this department, to compete with local
 architects and contractors in the designing of local buildings; rather it is that
 that we shall be able to aid customers who are not able to get such local men
 to serve them in this way. We are endeavoring to improve our facilities in
 rendering efficient service to our customers.

Trusting that we may be of service to you in the future through our
 engineering department, we are,

Yours very truly,

TUM-A-LUM LUMBER CO.
