W. P. McMillan,

Buying for Kerr, Gifford & Co.

Frank Nash brought us in a
sample of corn he raised up the
creek without irrigation. It is
mighty good corn and will be
sent to the Eastern Land Show.
Mrs. Young also gave us some
extra fine potatoes.

Edward Gloek and family re-
turned to Portland Wednesday
after spending some time here
looking after his land interests.
They were former residents of
this vicinity. The Bulletin will
keep them in touch with happen-
ings here for the next 52 weeks.

Dr. P. L. Austin, the well
known absolute painless Dentist,
will be in lone Sept. 15 for ten
days. Earnestly requests his for-
mer patients to call on him for
examination and if any work
done by him has given out or
proven unsatisfactory he will
gladly make over free of charge.

Anyone desiring to send ex-
hibits to the County Fair can
bring same to L. K. Harlan, sec-
retary of the Commercial Club,
who will ship same to the fair
free of charge to you. If you send
them yourself, consign them to
the fair board and they will take
care of the freight.

Ballplayer, pugilist, athletic
Thompson, who held down sec-
ond base for Heppner during the
big Condon-Heppner game at
Heppner and for the same team
during the celebration series at
lone, has been appointed phys-
ical director of the Multnomah
Club of Portland. He is the
gentleman who discolored one of
Chas. Morris's lamps when the
umpire grabbed him from be-
hind in the Palace Hotel.

Beall & Co., of Portland sent
a representative here Tuesday
to confer with the businessmen
and councilmen regarding the
proposition of installing a rock
crusher here. They have a sec-
ond hand small machine which
can be laid down here for \$700
or \$800. From the looks of
things we opine that lone will
have macademized streets and
cement sidewalks within a rea-
sonably short time. With our
fine shade trees and green lawns
we would then have in truth "a
city beautiful."

ATHENIAN DEMOCRACY.

Our form of government does
not enter into rivalry with the
institutions of others. We do not
copy our neighbors, but are an
example to them.

It is true that we are called
a democracy, for the administra-
tion is in the hands of the many
and not of the few. But, while
the law serves equal justice to
all alike in their private disputes,
the claim of excellence is also
recognized, and when a citizen
is in any way distinguished he is
preferred to the public service,
not as a matter of privilege, but
as the reward of merit. Neither
is poverty a bar, but a man only
loved his country whatever be
the obscurity of his condition.—
Theocritus

GASOLINE vs. MUSCLE

Why spoil your entire week by the drudgery of doing a family washing by hand,
when for a few dollars you can get a

Tum Thumb Famous Gas Engine

that will operate your Washing Machine, Cream Separator, Pump, Spraying Outfit,
and many other things around the farm

Your husband must have a horse or a cart to ride behind a harrow, a riding at-
tachment for his plow, a spring seat on his wagon and a feather cushion in his
rocking chair but he does not think of making work lighter around the house. Call
and see the little labor saver and you will wonder why you have been doing your
laundry by hand and then having that tired feeling the rest of the week.
