ATTENTION Threshermen

I make a business of repairing Combine Harvesters, Threshing Machines, Engines, etc., and guarantee all my work. Experience has shown that money can be saved by having machinery put in working order before harvest and you should not fail to have your repair work done early. Don't wait until harvest starts, as you did last year.

For the three day's Retreat at the Catholic Church this week, the order of services will be: 8:30 a. m., Mass and Instruction; 7:30 p. m., Rosary, Sermon and Benediction. One of the most delightful parties the children have been invited to participate in lately, was given this week at the home of Geo. Thompson in honor of her Sunday School Class. She was assisted by Miss Wallen. These ladies are charming entertainers—so thought the children as they bade good-bye to their hostess and departed to their homes.

During the services at the Federated Church last Sunday morning, Rev. Ferris made mention of the fact that on the day previous he had passed out a number of cards to men on the streets, which noted the fact that Sunday was "Mother's Day." In connection with this, Rev. Ferris had the following to say: "There are many men who are difficult to approach. They are surly when a preacher tries to draw them into a conversation. But never a man displays that disposition when the subject of 'Mother' is broached to them." The work "Mother" is a sermon in itself.

Willard Blake of Lone, candidate for the Republican nomination for Sheriff, at present Deputy County Assessor and Supervisor of the Lone Road District, was a visitor in Heppner Monday interviewing County Judge Patterson. Mr. Blake informed the Court that a new bridge was a necessity over Willow Creek at the Seemore Wilson place three miles below Lone and he believes the county can afford to build a new bridge cheaper than they could settle a damage suit should any person sustain injury as the result of the bad condition of the bridge.

All you folks who would like to see Andy Rood Jr. get married, step lively and the trick can be turned. The dardal man has guaranteed to find Andy a wife if Andy can bring us in 25 paid-in-advance subscribers. Now this ought to be an easy matter—Andy getting the 25 subscribers we mean, not getting Andy the wife. But still, Andy is a pretty good looking fellow and would make a model husband—"model" is defined in the dictionary as meaning 'a small imitation of the real thing.' Anyway we have guaranteed to find Andy a wife if he brings in the 25 subscribers. Last Saturday he talked 23 victims into helping him fulfill his part of the contract and he now needs but two more. He says he expects to hold us strictly to our part of the contract and if he intimizes a couple more of his friends it will soon be up to us to find the wife.

W. W. Abbott, an official of the Continental Life Insurance Co., of Salt Lake, is in Heppner this week, having come here for the purpose of paying to the estate of Ed Currin the insurance due. Mr. Currin carried a \$5000 policy with this company and the total amount paid over to the estate was \$5101.25, or \$101.25 more than was really due on the policy. Payment was made within twenty-four hours after word was received by the company and the check laid in the local bank until Mr. Abbott arrived. A feature worth mentioning in connection with the payment of this money is the fact that the policy was burnt up in a fire which destroyed one of the buildings on the Currin ranch but the insurance company showed no hesitation in making proper payment. The policy was written for Mr. Currin by Judge Patterson.
