## SAM HUGHES CO.

Heppner

Mrs. Evelyn Hall of Ione was in Heppner last evening.

J. A. Waters was transacting business in Heppner last night.

Olaf Johnson returned Saturday night after having spent a week in Portland.

W. C. Cason, who preserves the peace at Ione, was a visitor in Heppner last night.

F. E. Bell, the well known and prosperous Blackhorse rancher, was a visitor in Heppner most of the week.

The Palace Hotel has just had a new set of extra fine wash bowls and accessories installed in their toilet room.

Mrs. Chick and son, Charles and Misses Turnidge, Burr and Troedson, were visitors in Heppner from Ione this week.

Jeff Jones returned from Portland Monday, and reports that his car of hogs topped the market, bringing him \$8.50.

S. E. VanVactor went to Arlington today on a business trip, and was accompanied by J. T. Beckwith, court stenographer, who was here this week. They went by auto.

The new oscillating electric fans installed by manager Sparks at the Star Theatre this week are much appreciated by his patrons. They keep the air fresh and cool.

**EARLY AND LATE CABBAGE**  
Plants that don't run to seed, 50c per 100, tomato plants that don't blight easily at 15c per dozen, 50c for 50, 75c per 100 at

**CUMMINGS NURSERY**  
Mr. and Mrs. Carl Iler went to Timber, Ore., this morning after spending two weeks here visiting at the Wm. LeTrace home. They will return in two weeks to locate here permanently.

Frank Nash, who had been farming near Ione on Willow Creek, has disposed of his property to Mr. and Mrs. Frank Ayers of Ione, and will take up his residence in Heppner. He hauled some of his goods here yesterday.

A delightful surprise party in honor of Mrs. John Vaughn and Mrs. Clyde Wells was given at the John Vaughn home last Monday evening. The birthdays of these two ladies are exactly the same day. Ice Cream and cake were served for refreshments.

J. P. Tapscott, agent of the O.W. R. & N., at Astoria, and family were the guests of J. L. Wilkins and family this week, returning home today. Mr. Tapscott and Mr. Wilkins are old time friends, the former having been purser and the latter steward on an O. R. & N. steamer on the Snake River a number of years ago.

**Settlement Work.**  
"Did you hear about Muggins taking up settlement work?"  
"Yes. He usually works his creditors for 50 cents on the dollar."—Town Topics.

**Prizes For Tree Planters.**  
The Massachusetts Forestry association has offered a prize to the city or town in the state which shall plant the greatest number of shade trees, in proportion to its population, before July 1. The prize will be the planting by the association of a mile of street or road with shade trees at least seven feet high. One hundred entries are expected.

#### AXIOMS FOR THE CITY BEAUTIFUL.

- Love your neighbor's lot as you do your own, but be sure to love your own.
- Don't plant tomato cans and rubbish on unused land. Their fruits are withered civic pride.
- Don't allow yourself or your city to create dumps for waste. It can be made to pay for its own destruction at a profit.
- Don't allow tumbled down buildings to stand on valuable land. They are financially wasteful. They create filth, invite vice and are a menace to life.
- A fence that has ceased to be a fence and has become an offense should be repaired or destroyed.
- Unregulated advertising on unused land pays for the maintenance of a public nuisance.
- Two gardens may grow where one dump has bloomed before.
- School gardens are valuable adjuncts to education and recreation. They can be cultivated on an open lot.
- Let the children play on the unused land so that they may become strong and keep out of the hands of the law.
- Let not an inch of land be kept in idleness. It has a divine right to bear fruits and flowers and ever serve the highest interest of man.

#### NO AMERICAN CITY THRIFTY.

Davenport, Ia., Has Highest Per Capita Bank Account.  
The American Society For Thrift, which recently sought information as to the thriftiest American city, declares:  
"For the present there is no 'thriftiest city.'  
"We believe the returns go to our firm assertions made in Bulletin No. 1 by President Simon W. Straus, that there must be more widespread knowledge of the principles of thrift and regard for its importance before municipal officers will regard thrift as a subject worthy of their best attention. In general, the replies received were vague or showed an indifference or contempt for thrift, which in a meas-

A CIVIC CELEBRATION.

ure explains the rapidly increasing municipal debts. The fact that municipal bonds no longer are regarded as securities of the highest class is due to the extravagant spending of public moneys.  
"Nowhere is this extravagance more in evidence than in the affairs of Cook county, in which Chicago is located.  
"While no award can be made, we wish to compliment certain cities upon their enterprising interest in presenting facts about their communities. These include Niagara Falls, N. Y.; Rockford, Ill.; Davenport, Ia., and Oil City, Pa.  
"Of the cities competing, Davenport, Ia., reports the highest average per capita bank deposit—\$991.1—and in savings banks an average of \$675.3. However, Oil City, Pa., continues to lead in the per capita of stock and bond investments, with an average per capita of \$647.55. As to the amounts of assessed valuation and municipal debts, the figures are too inadequate to make any award or comment.  
"Rockford, Ill., reports that ragtime and cheap music have no place in that city and that the demand is for the best music. Much credit is given to this fact and for the morality and temperate habits among the citizens. Art also has made remarkable progress in Rockford.  
"North Yakima, Wash., makes an excellent showing in the reduction of taxation under a commission form of government."

**Secretarial Training.**  
During the past month five students of Harvard university began practical training for secretarial work. This will consist, under a co-operative arrangement between the Harvard Graduate School of Business Administration and the Boston chamber of commerce, of work of assistant secretaries in charge of various functions of the Boston chamber. Each student will spend at least three afternoons each week upon the work of city planning, industrial relations, domestic and foreign trade, maritime affairs, fire prevention and other committees. In effect this is planned to serve as laboratory practice supplementary to the instruction received at Harvard in the theory of administration.
