Two base hits, Blakeley; sacrifice hits, Harlan, Cochran; stolen bases C. Hoskins, Cushaw, Cochran; struck out by Harlan 15, by Bryant 13; bases on balls, off Harlan 2, off Bryant 1; hit by pitcher Fulford by Harlan; Umpire Carr.

NOTES OF THE GAME

Coshaw, the nifty young catcher who was secured from Lone, put pep into the whole bunch and made a fine showing both behind the bat and with the stick.

Young Speck Aiken accompanied the team as mascot and had the Echo fans in an uproar. His "rooting" was one of the chief factors in Heppner winning the game. An Echo man gave 14 kids 5c each to go out on the sidelines and drown Speck out and Speck gave them a good run for their money at that.

The Echo people were much pleased with the work of umpire Johnson, who officiated in the first game. It would be a good move to secure Mr. Johnson if possible for the game Saturday.

On the way to Echo Friday morning it took one car almost six hours to make the trip. They had the writer working so hard pumping up tires and changing tubes that he was almost on the blink when they finally arrived at Echo.

After the Saturday game the Echo players united in saying that they would rather lose a game to Heppner than to any other team they know of. This is on account of the gentlemanly conduct the locals have displayed while on the diamond. The Echo boys know how to take defeat with good grace.

The writer has opposed Bryant in three games. They will probably be pitted against each other again Saturday. Their respective records in the past three games show the following interesting information: Innings played, 23; Hits off Bryant 18, off Harlan 7; Strikeouts, Bryant 21, Harlan 47.

Young Fiske has earned himself a steady position with the regulars. He is hitting the ball nearly every time at bat and promises to become a heavy slugger in time. Manager

Case in thinking strongly of giving Fiske a try-out at the second sack in the game Saturday.

The big game Saturday, when Heppner again meets Echo on the local grounds, will give all lovers of the National Game a chance to see the struggle which will decide the supremacy of one team over the other. These two aggregations are so evenly matched that a break of luck at a critical point is liable to throw the game one way or the other. The score of the first game was 5 to 2 in Echo's favor. Last Friday they played 5 innings to a tie and on Saturday Heppner won out 4 to 2.

The Echo team will be accompanied to Heppner by a big bunch of fans and they are after our scalps. Be on hand to see one of the fastest games of ball ever played on the local diamond. The game starts promptly at 2 p. m. All you rooters be on hand and let the home boys know that your heart is with them. A little encouragement goes a long way with young ball-players.

L. K. Harlan performed the unheard of feat of pitching three games of baseball in as many days. After handing Echo a shut-out and a 4 to 2 defeat on Friday and Saturday, he was prevailed upon to twirl a game for Stanfield against Hermiston on Sunday. The result was a 6 to 5 defeat, through no fault of his, however. The score book shows that we were credited with somewhere's between 15 and 20 strikeouts and that Hermiston batters managed to make 2 clean hits and a scratch or two. Not a single assist was made by a Stanfield player and only one put was recorded for any player besides the catcher, first-baseman and Harlan himself. It was a case of one man against nine and the odds proved too great.

That's one of the beauties of the light-weight Studebaker SIX.

That's one reason why it leads in sales.

That's one reason why every owner is an enthusiast.

Another reason is its small-bore, long-stroke motor—well-balanced, full powered and economical.

Another reason is its full-floating rear axle.

Another is its full equipment of Timken bearings—even to the hubs.

Another reason is its Studebaker-Wagner starting and lighting system.

These things are very evident marks of Studebaker value—so evident you can't escape them.

They make for long life—for constant service—for economical service.
