STRAWBERRIES

for
CANNING OR TABLE USE

We have always handled the bulk of the canning berry business, and expect to this season as well.

About JUNE 1st, we look for STRAWBERRIES to be at their best, both as to quality and price.

We advise those wanting them for canning to leave their orders and we will see that they are filled when both price and quality reach the most economical level.

This season we have made arrangements with some large growers this side of Portland to supply us, this will insure fresh stock.

For your information let us caution you that practically all berries will be packed in the new pint boxes. This new package will necessitate your buying a larger number of crates than formerly, of course the price will be correspondingly lower.

LEAVE YOUR ORDERS NOW.
