Third Miss Jackson Marries Third Mr. Pettijohn.

MISS MINOR ON TRIP EAST

Marries Mr. Cook of Bellingham, Wash.—G. W. Jackson Claims Miss Virginia Ball of Sumpter.

A quiet wedding took place in the Palace Hotel Parlors on Sunday afternoon at 2 o'clock, when Miss Lu Grace Jackson became the bride of Fay Pettijohn, Judge C. C. Patterson performing the ceremony.

Miss Jackson is the third of the Jackson sisters who have married Pettijohn brothers.

The Herald extends congratulations.

On June the twenty-second Miss Leah Minor of this city was married to Mr. George Frederick Cook in Port-Miss Minor is the only daughter and Mr. and Mrs. William Oscar Minor, probably the best known and likeable people in this section of the county.

Mr. G. W. Jackson who is the clerk in the local office of the Government Forestry Service, was married to Miss Virginia Lucille Ball of Sumpter, Oregon, last Sunday at the home of the bride.

Mr. Jackson has been here since last December and has a host of friends. He met his wife while employed at Sumpter last year and convinced her there was no man like George.

In this edition of the Herald we print the first article concerning the prominent men and women of the county. We will also start a series of articles about the industries and institutions of this county.

Justice of the Peace, Alex Cornett, and M. L. Case, the undertaker, were called to Coyote Saturday by the death of J. A. Foulke, an engineer who was accidentally killed while at work on the cut-off.

Ora Adkins and sister-in-law, Miss Hughes of Portland, who is visiting at the Adkins ranch on Rhea Creek, were in the city Tuesday.

DEATHS

The sad news reached Heppner Friday that Mrs. Bithia Leona Wigglesworth had departed this life at St. Anthony's Hospital in Pendleton on Thursday, June 18.

We quote the following from the Pendleton Tribune:

"She was stricken with illness about two months ago, and when her condition became worse she was removed to the hospital here. About three weeks ago an operation was necessary; but for a while she improved. Her complete recovery was expected but she took a relapse and sank into death."

Bithia Leona Turner was born August 2, 1888. At the age of 14 years she was baptized and became a member of the Presbyterian Church of Union Ore. On June 17, 1906 she was united in marriage to William Earl Wigglesworth.

Mrs. Wigglesworth possessed a disposition which made her many warm friends. Surrounded by all that makes life sweet—a good home, a kind and indulgent husband, three lovely children and a large circle of devoted relatives and friends—the eight short years of married life passed happily by.

The remains were interred in the cemetery on Butter Creek Saturday. Rev. Ferris of the Federated Church of Heppner conducted the funeral services, which were held on the spacious lawn, owing to the large number of sorrowing friends who were present.

R. P. Wilcox, the progressive rancher below Lexington, is installing a milking machine which will enable him to handle that part of his work in a much shorter time than formerly.

Dr. Winnard arrived home from Portland Monday evening in his new Maxwell auto. This is one of the smallest autos made and has had a great sale.

The Herald prints a letter sent to it this week from a party out of town. We are always glad to receive any thing from our subscribers or friends which will make the Herald more interesting.

It will be a great surprise to the many friends of Mr. Claud Cox to know that he intends to go into the sheep business, in fact he has started in that business now.

John Adams, one of the most substantial farmers of the Hardman section, was in the city Tuesday. Mr. Adams speaks in glowing terms of the wheat crop in the south part of the county.

A. F. Peterson of Portland was in Heppner on business connected with his ranch near Gooseberry. Mr. Peterson is a contracting builder of Portland and has done considerable work in this part of the country.

BAD CHEQUE ARTIST PASSES PAPER IN HEPPNER

Several parties in Heppner are minus a small sum of money each and a check forger, using the name of Ed Davis, has made a clean get-away.

FINGERS AND THUMB GONE

The ten year old daughter of Mr. and Mrs. W. B. Tucker suffered a severe and painful accident a few days ago. She was handling a dynamite cap which exploded from some cause, injuring the thumb and two fingers of her right hand so badly that Dr. Allison was called and found it necessary to amputate them.

FARMERS UNION PICNIC ATTENDED BY A LARGE AND SATISFIED CROWD

Excellent Program and Music By Lone Band Enjoyed—Grand Picnic Dinner Main Feature of The Day.

Some time ago Ed. Huston decided to have some of his friends come down to Lexington and spend a day in the grove. He said that he would furnish the pop and he might get some of his neighbors to donate a few sandwiches and he might beat the restaurant man out of a few good cigars.

The Farmers Union had been looking for something to bring their members and friends together and it was duly decided to hold a big picnic at Lexington. Last Saturday was the appointed day and in they came from all over the country.

The people from Heppner came down in autos and on the morning passenger and right here we might thank Jim Huddleston for furnishing an extra coach.

After two or three selections by the band the Quartette from the Liberty Local sang a patriotic song which was very appropriate. The first speech of the day was then delivered by Mr. J. D. Brown. Mr. Brown was at one time Principal of the school at Heppner and also at Lexington and is widely known as one of the big and owners in the Sand Country.

After the band played another selection Mr. Walter Gay took the audi-

ence by storm when he recited a humorous recitation about his first automobile trip. He represented the Farmegon Local. The Lexington Local was represented by Miss Nettie Davis who sang for the picnicers.

STYLE FOR THE IRISH

Mr. and Mrs. Chas Vaughn and Len Gilliam made a trip to Portland on Sunday and arrived home Tuesday evening with a new Case car for Mike Kenney. Mike says there is nothing too good for the Irish and that he intends to travel in style from now on. His new car is a 35 horse-power machine.

Several parts of his speech deserve careful attention. He is in favor of a Commission form of government for states, something which many think that we are coming to. Mr. Shumway is from Milton and is chairman of the legislative committee of the Union.

It was after twelve o'clock when Mr. Shumway finished speaking and the main thing of the day was then in order. A long table had been placed in the west part of the grove and every one placed their baskets on it which were emptied and the crowd was asked to help make way with it.

"Farmer" Smith then gave a very interesting talk. He is in the employ of the O.-W. R. R. & N. Co., as an agricultural expert. "Farmer's" speech began with a short history of his early life and how he got into this business. The thesis of his speech was, any man who has 160 acres of good land and is not making money (Continued on Page Six)

PHELPS GROCERY CO. STORE ENTERED BY THIEF SOME TIME LAST NIGHT

It has been said that the Lord helps those that help themselves. Also that when any man gets too much of these worldly goods he should divide with the rest of us. Last night some man evidently thought that Mr. A. M. Phelps and Company had more than their share because when those gentlemen opened their store this morning they found that thieves had been in the store during the night.

A panel in the back door had been broken through by which the latch and bar could be loosened and the door opened. The safe had been tampered with but not opened. The cash drawer had four or five dollars in change for the next day's business but was not molested. About all that was missed was a few plugs of tobacco and some canned goods.

There has been considerable of this work done around here lately. Hart's confectionery store was entered a short time ago and Mr. Glenn Wells came unexpectedly upon a midnight caller who was satisfied with a bottle of milk. If you want to steal something and can't just resist, steal a million dollars, something worth while.

How They do it in Umatilla County. From the Pilotrock Record.—It was reported yesterday that Pendleton had concluded to forego a celebration this Fourth and keep faith with the small towns in the county who gave up their celebrations last year and assisted Pendleton to do so. This is as it should be, for that town cannot afford to antagonize the balance of the small towns in the county.

Society News

Mrs. Malcolm D. Clark and Mrs. M. Claire Turner dispensed hospitality in a delightful manner on Thursday afternoon, entertaining at the beautiful home of the former, on Court Street, at a "Pink Rose Party," between the hours of 2:30 and 6 o'clock.

At the appointed hour the guests began to arrive; soon the spacious parlors were filled with a score and a half of gaily dressed ladies, eager, expectant of the pleasure the afternoon would afford.

The time was pleasantly spent at "Bridge" and "500". The prize winners at "Bridge" were Mrs. Osmin Hager, first, and Mrs. W. E. Pruyne, second. Miss Mary Dawson carried off the laurels in the game of "500". During the afternoon pink sherbet was served. The flower decorations were unusually effective; huge vases of pink roses were scattered throughout the rooms, convincing one beyond a doubt that the rose is truly the "queen of flowers, and reigns supreme."

The color scheme was carried out in the place cards, a pink rose finding a place on each.

After the cards, coffee, and sandwiches tied with pink ribbons, were served, the hostesses being assisted in serving by Mrs. Oscar Borg and Miss Maud Griffith.

A most delightful party was the surprise on John Vaughn at his home last Thursday night, the occasion being the anniversary of his birth. The affair was arranged by Mrs. Vaughn, who was assisted in entertaining by Miss Dawson. Sides were chosen and various games were played on the lawn. At the conclusion the members of the losing side were decorated with paper caps and aprons and served the winners light refreshments of ice cream and cake.

The evening was a "olly one and the guests entered into the spirit of the occasion, making Mr. Vaughn feel that life was really worth living when surrounded by such congenial set of friends. The guests departed at a late hour after wishing Mr. Vaughn many more such happy birthdays in the future. Those present were: Mr. and Mrs. Chas. Vaughn, Mr. and Mrs. Bert Stone, Mr. and Mrs. Chas. Cox, Mr. and Mrs. V. Baldwin, Mr. and Mrs. Spencer Akers and daughter, Alma, Mr. and Mrs. Glenn Wells, Mr. and Mrs. Earl Gilliam, Mr. and Mrs. Fred Elder, Miss Dawson, Mr. and Mrs. John Vaughn, F. N. LYCEUM COURSE FOR HEPPNER ASSURED

Commercial Club Ratifies Action of Committee.

FOUR HIGH CLASS NUMBERS

Committee Appointed to Investigate Rumored Discontinuation of Heppner-Monument Mail Service.

The Commercial Club met in their regular meeting last Friday night and Mr. Phelps occupied the chair in order to start the session. The first business that appeared before the Club was the report by L. K. Harlan of the committee appointed to procure from the city council the feed lots for fair and park purposes. This committee reported that they appeared before the council and asked for the lots and received them when they promised to furnish suitable lots in return. These were furnished as was noted in last week's paper. The committee was asked to conclude whatever arrangements were necessary to finish their business.

The club decided to go to work on the lyceum business at once. A contract will be signed soon with the Ellison-White lyceum bureau of Boise, Idaho. They will send a man here to assist in disposing of the tickets and advertising it. There will be four numbers, the first will be given by the Ionian Serenaders, composed of four young ladies who come highly recommended; the second, a lecture by M. L. Daggy of the school of oratory in the Washington University; the third, the Portland Ad. Quartette, too well known to comment on and the fourth is the Hann's jubilee singers, fresh from the Southland. This course meets the approval of the New Moral Squad.

A communication from M. C. Merrill relating to the Monument Stage Line was read. It has been rumored that this line will be discontinued and a committee of three men, W. T. Goulder, Dr. Christensen, O. G. Crawford, and W. A. Richardson who is to assist the committee when asked, were appointed to act for the club.

Dr. Conder said that he had several replies from the letters sent to the different towns regarding better railroad accommodations. This is being taken up systematically and a fuller report will be ready in a week or two. A large number of the members were out and a very enthusiastic meeting was held.

Moral Squad Notes. The Moral Squad held its weekly meeting at the squad's headquarters on the red bench at the bank corner. All members were present except Doc. Prentice who was down looking at Claud Cox's band of sheep. Tom Morgan opened the session. The squad listened to the report of the committee appointed to inspect the moving picture show. A great surprise was sprung when the committee said that it was all a blind, they went to the show because they had heard that J. B. Sparks tried to drown two girls last Tuesday. Sparks came across with a confession and Al. Slocum, the squad's advisor took it under consideration. R. Yeager was fined fifty cents for insinuating that Justice Cornett shot his cat. The question came up about making the bank to provide more and better seating accommodations and a committee was appointed to tell the bank unless they procured the same the club would be compelled to move to the seats in front of Gardane's. George Curran was admitted as a member and John Kilkenny was taken in also as he occupies the bench considerable of the time any way. "Bug" Sheldon was blackballed because he spent too much time with the girls and does not attend the meetings regularly. No other business appearing the Squad adjourned.

Mr. Spurling went to Portland last Saturday. His wife accompanied him and he was undecided just when he would return.
