helm would be working in other communities. These things coupled with the fact that they turn out a first-class product commend themselves to the business men of the county. Buy Heppner flour, tell your friends to buy Heppner flour, for when the Heppner Milling Company prospers you will find that the article will be

passed around pretty generally. The Heppner Milling Company extends a cordial invitation to all people to visit their mill and see the wonders possible with wheat. Wheat is a wonderful grain. The Egyptians used wheat as a symbol of immortality, worshipped it as the token of life, and well they might, since it was the one thing that sustained life and made Egypt supreme in her day and generation. The land that produces wheat holds the key to the situation. Wheat

raises rule the world. If you have the thing that sustains life you are master of life itself.

INSTITUTE CLOSES

(Continued from Page Five)

In conclusion, he said that teachers were the greatest force for good in the state. Upon them rests the responsibility of making any brand of citizens of the children under their direction that they may wish. As professional people, they are the lowest salaried people in the state. \$3,000 is a small estimate of their value. If they will adhere to strict rules as to cleanliness, honesty and application to work, many of the evils of the present civilization would be eliminated. The dignity of the profession is realized by all and to be a teacher is to be among the most respected and honored of the workers of all fields.

A Frank Talk with the Voters of Eastern and Central Oregon

William Hanley

Eastern and Central Oregon have been wanting and needing a United States Senator for a long time.

A Senator at Washington who would work for their interests and would get something for the great, big undeveloped interior of Oregon.

Who would protect their wool and farm products; get Federal money for irrigation and roads, and bring in people to occupy the land.

Who would collect some of the debts of Oregon already long overdue, like the \$8,000,000 due Oregon's irrigation fund.

I want to talk frankly to the people of Eastern and Central Oregon.

NOVEMBER 3rd will be your opportunity to elect such a man.

You All Know William Hanley.

Most of you call him "Bill."

It's about time that you people of Eastern and Central Oregon were waking up to your interests, abandoning party squabbles and party prejudices, and ELECTING YOUR MAN TO THE UNITED STATES SENATE.

It's about time to stop electing bankers and lawyers to the United States Senate.

Why not elect your own man? The man you know, a farmer and a stockman.

A man who knows your needs and is your friend. A doer and a getter.

"BILL" HANLEY.

Isn't it the wise thing to do?

Please think it over and talk it over with your friends and neighbors.

Read his platform.

If you want a seat on the Hanley bandwagon, please write me.

Memoirs of Napoleon

In Three Volumes

This man caused the last general European war.

His personal memoirs, written by his secretary, Baron De Weneval, are full of the most absorbing incidents, especially in view of the present great European struggle.

Just a hundred years ago, his ambitions bathed the Continent in a sea of blood. France alone, under his leadership, fought Germany, Russia, Austria, Italy, and Great Britain.

Get these Memoirs Free

By special arrangement with the publishers of COLLIER'S, The National Weekly, we are enabled to offer a limited number of these three-volume sets of the Memoirs of Napoleon free with a year's subscription to Collie's and this paper. The offer strictly limited—to get advantage of it you must act promptly.
