

MORROW COUNTY IS REPRESENTED AT CONDON FAIR

Morrow County people were quite conspicuous at the Gilliam County Fair at Condon the last three days of last week. Race horses were also plentiful from this county. Chief among the latter was "Canapa," the bay mare owned by Ed Patterson. Mr. Patterson, accompanied by Mrs. Patterson, took in the Condon race meet on their way from Juarez, Mexico, to Heppner, their home. "Canapa," entered the five-eighths mile race on Thursday, the three-fourths mile race on Friday and the mile race on Saturday and took first money in all three starts in easy fashion. "Canapa" has been winning steadily for the past two years, during which time her owner, Mr. Patterson, has traveled extensively over the Eastern States and in Mexico.

Lou Davidson, John Blake, Ben Swaggart and Jack Eads were also there with a string of horses. "Little Dutch," owned by Eads, won his 24th straight race for this season when he took the quarter-mile heat on Thursday. Ray Connor of Ione riding Morrow County horses, won three straight races on Friday. "Crosby" won the Maiden Race in handy fashion and in the half-mile heat Connor's horse, "Shannon," came under the wire the winner. Ben Swaggart's sorrel stallion "Oregon Cantata," won third money in the Maiden Race and looks like a comer. This horse was by far the prettiest animal seen on the track during the meet. "Mamie," the bay mare owned by H. Cramer of Hardman was also one of the winners during the meet, taking third place in one of the races on Friday.

An exciting feature of the meet was the race on Saturday between Mark Forrest of Condon and young Putman of Fossil on motorcycles. They circled the track ten times, five miles, in 4:51, over 60 miles per hour. Most of the Morrow County people attending the Condon fair returned home on Sunday. Mr. and Mrs. Ed Patterson will also be in Heppner again in the course of a few days. They have been gone over two years. Among those who went from this county to Condon, and whose names are not noted elsewhere in this issue, were: Mr. and Mrs. John Scrivner, Mr. and Mrs. Lou Davidson, Henry Stewart, Lee Scrivner, Harlan McCurdy, Orin Briens and family, and several others from Gonesberry; Vic Groshen and Dell Ward of Heppner and Geo. Perry of Lonesock. L. K. Harlan was also there to perform his old duties as tuba player for the band. All those whom the writer talked with were well pleased with the fair and the entertainment offered but there was some complaint about the lack of rooming accommodations.

The stock exhibit of the fair was very good but not upto the standard set last year. Neither was the general agricultural exhibit in the main pavilion. The fancy work department was excellent. A large number of side shows, a merry-go-round and a ferris wheel did a rushing business and the glass blower's show was well patronized. The dances each night were well attended and visitors and home people alike were much pleased with the music furnished by the Wheat City Orchestra.

One thing that impresses the visitors in Condon is the paved Main Street. What was formerly a rocky road, and a muddy, starchy thoroughfare after a rain, is now a fine boulevard and a credit to the town. Nearly every walk on the main street is of cement and this also is a great and noticeable improvement. The weather for the fair was not very good. Thursday was cold, and Friday morning it rained hard. A stiff wind, however, dried things up so that the racing track was good in the afternoon. Saturday was a cold day also but people were dressed warm and didn't seem to mind it much. Everybody, in fact, seemed to enjoy the bracing air, and as the races were on the whole quite close and exciting the visitors were well satisfied with the three day's entertainment and appreciated the fine treatment accorded them by the Condon people.

The Ladies of the W. C. T. U. held a very pleasant meeting last Friday afternoon at the home of Mrs. Eliza Ayers in south Heppner. The meeting opened at 2:30 p. m. with a medium sized number present. The Union decided to hold a contest some time in the future among six boys. It will be a speaking contest and the boys will be given selections which they will learn and deliver before the members. There will be a silver medal offered for the winner. The usual business was transacted and all those present passed a very enjoyable afternoon.

Charley Johnson, manager of the local shooting gallery, was struck in the eye by a rifle ball which glanced back from a target last week. It bled profusely but did not impair the sight.

Mrs. Fred Ashbaugh who has been visiting friends in Washington returned to Heppner, Friday evening with the Stanton Bros. by automobile.

Blackhorse was well represented in Heppner last Saturday. Mr. Bell, one of the pioneers of the district was in the city; Dan Henshaw was in and said that he harvested a fine crop this year and will send the semi-weekly to one of his brothers back in Nebraska, the grasshopper state; Mr. and Mrs. Henry Frad, well known people were in doing their trading; Roy Missildine and wife, progressive ranchers also transacted business here; Joe Moyer was seen on the streets of the city talking politics.

The Moral Squad held the most important meeting in the Squad's history was held behind closed doors and no one was allowed but the regular members to listen to the deliberations. It has leaked out that Jim Huddleston brought the main business before the Squad. He appeared before the Squad as Agent for Cruelty to Animals League and just what the complaint was, we were unable to learn. Doug Gurdane claims to know all about it.

Lee Slocum had a little scare a few days ago which he does not care to repeat. He went to the barn and in striking a match to light the lantern the head flew off and lit in a pile of straw which at once burst into flames. He managed to get it out and then betook himself to the electric light plant and ordered the barn wired for electric lights. We learn by experience.

The wife and six sons remained to mourn the loss of husband and father. In an early day Mr. and Mrs. Stanton located in the Eightmile country where they resided till a few years ago, when they moved to Washington. Mr. Stanton was considered very fair and just in his dealings with men, and a man of unusual good judgement, he being frequently called upon to "arbitrate" for his neighbors. The cause of his death was cancer of the stomach. His remains were interred in the Walla Walla cemetery. The Woman's Relief Corps and the G. A. R. conducted the services.

There were 1639 caged birds in the exhibit and 75 or 80 in the class in which his pullets took third. Many of the chicken raisers in the community say that this is an exceptionally good showing for his first attempt. Many who have been raising fancy chickens for years did not get in on the money. Claud says that he learned a great deal about the chicken business and incidentally sold enough chickens and took enough orders for eggs that he paid his expenses for the journey.
