

BOSTON TAKES THIRD CONSECUTIVE GAME

The Boston National League Baseball team defeated the Philadelphia American League Champions yesterday by a score of 5 to 4 in the third game for the championship of the world.

CHRISTIAN CHURCH NOTES

The revival services will continue all of this week. Sunday was a great day in the Bible School and Church services.

Next Sunday will be "Home Coming Day." Following the morning service there will be lunch at the church for all.

At 2 p. m. there will be a Fellowship meeting participated in by a number of the members.

Among our farmer friends who visited the county seat Saturday we noticed the following: Ed Niell, Emmet Smith and mother of Butter Creek; Levi Hiatt and family, Eightmile; Henry F. Blahm and family; Glenn Hayes; Roy Missildine, Joe and Frank Moyer, of Blackhorse; Ralph Benze, of Lexington; Charles Austin and wife from the mountains; Jack McCullough, J. A. Carmichael from the mountains.

A. B. Grover, well known Ione rancher, called at the Herald office yesterday and deposited a little lucre with our financial department, and was accordingly put on our honor list. Mr. Grover is busy these days preparing to seed his fall wheat and will put in some 500 acres. He sold his 1914 crop of Club wheat a few days ago for 86c per bushel.

Among the star players in the football game Saturday between the U. of O. and Whitman College at Eugene, was John Beckett, a former Eightmile boy, and a brother of the Beckett boys who are well known ranchers of that vicinity. John is playing tackle and was a strong factor in breaking up the Whitman plays.

The fact that The Herald's subscription list is advancing faster than that of any other newspaper in this section of Eastern Oregon is appreciated by the O. W. R. & N. Co., who have notified us that we are now to have their advertising matter placed in our columns. It is almost an iron-clad rule of the railroad company not to advertise in a paper established less than one year, but after five months of life the Herald is to prove an exception to this rule and will receive patronage from the railroad upon the recommendation of their traveling passenger agent, Mr. J. E. Miller.

D. H. Robinson, better known as "Bob", will entertain an audience at the Club building tonight (Tuesday) with a talk on the prohibition question from a liberal standpoint. Mr. Robinson has traveled extensively and is well qualified to speak on the subject. He lived in Alaska for a number of years. Wet or Dry, it will do you good to hear him.

Jack Hynd returned to Cecil by train yesterday morning after having spent several days in Heppner. Mr. Hynd drove the band of lambs, purchased from Mr. Minor, part of the way to Cecil overnight and will take them on from Juniper in a day or so. Mr. Hynd squared up with our financial department while he was here.

Rev. Beach, and son, Karl, of Lexington, were in town Saturday in their car. They made a pleasant visit to the Herald office to see the linotype in operation. Accompanying them from Lexington in their car were the Misses Severance and Furr, popular schoolteachers of that place.

HOT LAKE MANAGER WOULD LIKE NOTICE OF ARRIVAL IN ADVANCE

Persons contemplating a visit to Hot Lake Springs, Oregon, who require the service of a wheel chair or other special convenience, are requested by the manager to give notice of arrival in advance, so that proper care and attention may be assured. (Adv.)

Walter Beckett and family were in from Eightmile transacting business Saturday.

LEXINGTON ITEMS

Mrs. Morgan Troth is visiting relative and friends in Lexington this week. Mrs. Troth was a former resident of this place.

Eugene Barton is back in Lexington again calling on old friends.

There is a rumor that Mr. Carty will soon erect an extensive addition to his premises in the town. This new building, with the butcher shop recently completed adds much to the improvements of our city.

John Moore and wife are enjoying an outing in the mountains. Gus McMillan is taking John's place on the dray.

Art Parker is digging a ditch on his place so that he can install city water in his house.

There was a man here in an auto, and gave moving pictures shows on Thursday and Friday night. He carried his own electric apparatus in the auto. The notice was so short that only a few people were able to attend the first night.

Mrs. Breshers was a Heppner passenger going by way of the auto on Thursday.

Lonnie Copenhaver had the misfortune to break his leg last Thursday while riding on a load of wheat. It seems like he drove over a chuck hole which he failed to notice and the jolt threw him off the wagon breaking his leg. The young man was brought to Heppner for medical attention in Mr. Hodsdon's auto.

There is a lady osteopath doctor located in Lexington. Her office is situated across the street from Leach's store. Lexington needs a doctor and we hope this one has come to stay.

The Lexington High School Lyceum courses have all been named for this year and we believe the first on the programme will be on October 12th, at the Congregational Church. Everybody come.

We will have to call on the Prof. and have him to treat us to a ride in his fine new Buick car.

Monday is "Columbus Day" and we believe it is now a national holiday. All hail to the man who discovered this great America.

On last Tuesday evening being a still night our attention was aroused by a queer noise coming from the direction of the center of the town. We listened, stopped, and then listened again and finally we noticed some of our city fathers winding their way to the city council. Say what is the matter with that city fire bell? Does it need greasing or is it cracked like the famous Liberty Bell? It certainly should be fixed for it's very poor use as a fire bell in its present condition.

There seems to be a lot of target shooting in the confines of the city by certain parties. What about it? Isn't it against the rules of the city?

IONE ITEMS

W. J. Blake, road supervisor, has had a crew of men working on the bridge below town the past few days.

Ione string orchestra had its weekly practice at the Pennington home last Thursday night.

Mr. J. T. Knappenberg came up from Portland with Mrs. Jackson's large "American Six" last Thursday. He was accompanied by J. A. Harbke.

Mr. A. B. Grover was in town Saturday with a wagon load of chickens for a local merchant.

Almost every one in Ione has had his head read by Prof. Vinter T. Cooper, Phrenologist, who is giving lectures at the Congregational. If you ever get a chance to hear this man you will never regret it.

The carpenter crew of the railroad was in town this week and while here they put new shingles on the depot and put in new floors and walks.

The entertainment given last Wednesday under the auspices of the I. H. S. Athletic Association by Charles Riley McCalley was a huge success. It was given in the rink and something like \$50 was taken in. Mr. McCalley is certainly fine with his violin and his work was greatly appreciated by those who attended. Miss Doris Wilt played accompaniment on the piano.

Miss Agnes Pennington was severely burned on the hand last Thursday when she came in contact with an electric light wire that was not insulated.

Mr. J. C. Gist left for Portland last Thursday morning. Mrs. Gist and Miss Emma left for the same place on Saturday morning. They will spend the winter there.

Bill Cronan with his smiling face came back to Ione last Friday. Bill has been in northern California for the past few weeks.

Brick Coshaw left for the mountains Saturday morning where he will hunt and fish for a few days. He says he is going after bear.

It is so quite now-a-days in Ione that you can hear a gum drop.

Go to Church! No Man Too Busy to Give an Hour Each Week to God

GO TO CHURCH!

Is there a man in any community who is too busy to spend one hour each week in church?

There are one hundred and sixty-eight hours in every week. No man is too busy to eat during the week. No man is too busy to snatch a few hours of recreation in every week. No man is too busy to sleep during the week. Yet there are men who will declare that they are so busy they can't afford to give one hour in every one hundred and sixty-eight to worship in God's house. In church you will find spiritual food and rest.

Of all excuses for lack of attendance at church the "too busy" one is the flimsiest. Why isn't a man honest and admit that he doesn't want to go to church? Isn't it a fact that a man has a better feeling within himself and the world in general after he has spent an hour in the house of God?

ONE OF THE FINEST SIGHTS OF THE LENTEN SEASON WAS THE NOONDAY CROWDS IN THE CHURCHES LOCATED IN THE BUSINESS AND FINANCIAL DISTRICTS OF NEW YORK CITY. THERE MIGHT BE FOUND SOME OF THE GREATEST MEN IN THE COUNTRY. IT IS A HOPEFUL SIGN OF THE TIMES. NONE OF THESE REALLY BIG MEN WAS TOO BUSY TO GIVE SEVERAL MINUTES DAILY TO THE WORSHIP OF GOD. INCIDENTALLY, THESE BIG MEN BY THEIR EXAMPLE PREACHED POWERFUL SERMONS.

Don't hide behind the "too busy" pretext. It is too thin. If you have an important business or social engagement you will find time for it. God asks you to meet him for at least an hour every Sunday. Can't you arrange your engagements so that you can meet him? The visit will not be a disagreeable one. Surely you are not ashamed to be seen in church? You no doubt have been seen in worse places.

GO TO CHURCH!

MORROW COUNTY GOOD FIRST ENTERTAINMENT IS ENOUGH FOR THESE TOMORROW NIGHT

N. F. Lawson, who recently sold his place to Scott Bros., took a trip down through the Valley from Portland to Newburg and came back to Heppner last week. "Morrow County is good enough for me," he told the Herald man Saturday. "Things are very quiet in the Valley and there are a dozen farmers from near Newburg who are coming to Heppner to take a look at the country in the near future," he said. His father, W. C. Lawson, who leased his farm to Scott Bros., has decided not to leave Morrow County and is now looking for a place to buy.

Don't forget the first number of the High School Lyceum Course which takes place tomorrow, Wednesday night. It will be held in the High School auditorium. Elizabeth de Barrie Gill will be the attraction. She is a harpist entertainer and a contralto soloist. Her entertainment is not slow and uninteresting but is lively, beautiful and instructively interesting. Tickets are on sale at Minor & Co's. store.

LOCAL DAIRYMEN ARE IN THE LEAD WITH IMPROVEMENTS

The Herald man made a trip down to The Alfalfa Lawn Dairy ranch last Saturday to inspect the new milk house. The machinery for same was installed last week by Mr. H. P. Evans of Monroe & Crissell, of Portland. Mr. Evans was very courteous in explaining to us the various labor-saving and sanitary apparatus. The milk is brought from the dairy barn and poured into a large tank. From the tank it passes over a "Chilly King" cooler and is then strained three times. It passes into a bottle filling machine. Four bottles are filled in the twinkling of an eye and the machine gives an accurate measure. The bottles are then put in a crate and the crate is placed into a large tank of ice cold water, where they remain over night. The building which contains the machinery was just recently built by J. H. Cox of Heppner and it is kept tightly closed as much as possible in order to prevent dust from entering. The floor is of cement and the inside walls are the same. At one end of the main room is the bottle washing and sterilizing department. Here the bottles are cleaned by a turbine washer. The bottles are then rinsed in boiling water and placed upside down in a crate where they remain until dry. The steam used to clean pails and other utensils thoroughly cleanses them and kills any germs that might be present. In a separate room is a 10 h. p. internal furnace steam boiler. Besides furnishing the hot water and steam needed in the milk department the boiler is used to force water from a nearby spring to a reservoir on the hill. It is the intention of Wightman Brothers to install a vacuum milking machine in the spring. By this process one man can do the work of several and from the time the milk is taken from the cow's udder until it is poured from the bottle in your own home it is never exposed to the air and is therefore absolutely clean. Heppner people may not appreciate fully the efforts of these gentlemen to furnish them with such a brand of milk. It is worth your time to make a trip to the Alfalfa Lawn Dairy and see the improvements which have been installed at a cost of many dollars. You will then be certain that your milk supply is handled in a clean and sanitary manner.

Jas. Hayes and family and Elra Hayes returned Thursday evening from an overland trip to Eugene where they visited relatives. They were gone for nearly three weeks and had a most enjoyable trip.

Heppner baseball fans will be glad to hear that Gen. Naughton, the scrappy little infielder who played several games with Heppner in 1913, has been signed up by McCrede for a try-out with the Portland Coast League team next year.

Dr. Winnard reports to The Herald the fact that a 10 lb. boy was born to Mr. and Mrs. Mikesell, Friday morning. We noticed Mr. Mikesell bragging about the affair to a number of his friends.

Wm. Kummerland, the well known rancher, dropped into the Herald office Friday afternoon and gossiped with the editor concerning the eight-hour law. Needless to say, he is very much opposed to such freak legislation.

W. Hughes, son-in-law of B. G. Sigbee, was here on a short visit over Friday night. Mr. Hughes is a demonstrator for the Velie Auto, and drives a car in various race meets.
