

JOHN BUSH WINS PRIZE AT CHICKEN SHOW

John Bush, who sent three White Orpington chickens to the Portland Poultry Show which was held the first of this week, was awarded two prizes; a second on a hen and a third on a pullet. We have been remarking all along that Morrow County poultry men raise good chickens and this seems to prove it. In the Portland Show were exhibited birds from every section and the best breeders in the business were there, but John's birds were well up towards the top. Judge Keeney, who will be on hand to judge the poultry at the Morrow County Show next month, was awarded first premium for the best pen of Barred Rocks.

There are some Xmas goods on Gilliam and Bisbee's snap table that are really snaps. Foolish people will sell goods that way, but they will do it.

Mrs. Wilt and Miss Elsie Shutt, prominent ladies of Ione, were Heppner visitors the first of the week.

Marcus Kopple left for Condon last Wednesday, where he will assist in the management of The Grand Leader, one of the Kopple stores.

Anyone interested in securing a new piano will do well to drop a line or call on me in Heppner. I represent the Packard Piano Factory and am prepared to offer you a new piano at a lower price than you can get anywhere. That statement might sound odd, but if you will talk the matter over with me, I can easily prove its truth to you.

I will accept livestock or old pianos or organs in exchange at a fair valuation. If you have a good horse or cow that you can spare, see me, I will give you terms to suit.

I have the instruments here and will bring one to your home and show you what a fine instrument we handle. Our "Bond" pianos, named after the President of our Company, will suit the most exacting. Prices from \$185 to \$500 for uprights; Players \$550 to \$850.

I live in the Ralph Jones house in Heppner. Mail address, Heppner, Oregon. Write me.

CANDIDATE THANKS HIS SUPPORTERS

George L. Cleaver, who was the Progressive candidate for Congress in the last election, left Heppner this morning for his home in La Grande. Mr. Cleaver is a banker by profession with an agricultural bias. He has one of the finest apple orchards in the state near La Grande which contains over 200 acres. He has been over in this county to dispose of a part of his crop. While here he dropped into this office and asked us to publish the following word of appreciation.

Editor of the Herald:—
I want to express by gratitude to the people of Heppner and vicinity for their liberal support in the recent election. I spent two weeks time in the campaign and received 15,685 votes, or over 30 per cent of the registered vote. The highest vote in proportion to the registration ever given a Prohibitionist for Congress in the United States.

This is not because I was the candidate but rather because the people are aroused on this great reform as never before. I consider the vote on the Prohi Amendment one of the greatest victories in the history of the reform and predict that other states will follow in rapid succession.

Most Respectfully,
Geo. L. Cleaver.

INDUSTRIAL CLUBS FOR SCHOOLCHILDREN

By Supt. S. E. Notson.
The instruction sheets are now in my hands for the pupils who desire to enter the industrial club work. The following are the projects for this year and the dates when pupils should enroll for the work:

- Poultry Club. I. Egg production, and III. Turkey breeding, Dec. 15, 1914. II. Chicken raising, and IV. Turkey raising, Mar. 1, 1915.
- Fruit Club.—Jan. 1, 1915.
- Dairy Herd Record Keeping project.—Jan. 1, 1915.
- Baking Club.—Feb. 1, 1915.
- Sewing Club.—Feb. 1, 1915.
- Potato Club.—Feb. 1, 1915.
- Canning Club.—Feb. 1, 1915.
- Corn Club.—Feb. 15, 1915.
- Gardening Club.—Feb. 15, 1915.
- Field Pea Club.—March 15, 1915.
- Pig Club.—March 15, 1915.
- Seed Grain Club.—March 1915, 1915.

Pupils should enroll on or before the dates given above. The enrollment blanks will be on hand soon. If pupils who contemplate entering one or more of these lines of work will notify me at once, I will send the teacher of such pupils the information sheets. If the pupils of a school will center upon a project for the boys and one for the girls, it is likely that better results will be obtained in the club work. This will not interfere with individual work for the county exhibit, but it will be better if any exhibit is to be sent to the State Fair. Those who expect to enter divisions I and IV of the poultry club work should notify me at once, either by mail or telephone, so the enrollment can be made by the 15th of this month. Teachers and pupils should not delay giving consideration to this work.

LOCAL AND PERSONAL

The city has recently received a new hose cart with 250 feet of hose.

If your thoughts are Christmas-bent, keep an eye on Haylor's window.

Owners of leaded rifles can now have the same cleaned and made as good as new by Roscoe Johnson.

You will find china and crockery-ware at your own price on Gilliam and Bisbee's snap table.
