THE SERMON LAST SUNDAY AT THE CHRISTIAN CHURCH BY REV. FAGEN

The revival meetings conducted by Evangelist and Mrs. Fagan at the Christian church are attracting a great deal of attention and are being well attended from night to night.

On Sunday evening before a packed house the evangelist delivered a strong sermon on "Conscience." He said in part: "Conscience is something that all possess, but is hard to define."

"Conscience is a creature of education. A hundred years ago it was an easy matter to find ministers who believed in and preached for the existence of slavery."

"Now because conscience is a creature of education it is not always a trustworthy guide. Saul of Tarsus, when he persecuted the Christians, was following the dictates of his conscience."

"In 1 Tim. 4:1-2, Paul speaks of those who have a seared conscience. This condition may be reached by the practice of sin."

"Kind of Consciences. In the Word of God there are many different kinds of consciences. Not all consciences are alike."

"Then there are those who have a defiled or polluted conscience. These are the folks who will engage in fraudulent business; or vote for the saloon; or steal a man's character."

to those who were stoning him to death, 'Ye do always resist the Holy Spirit.' That is true of some here tonight. Over and over again you have hardened your hearts against the message of the Holy Spirit as it comes to you in sermon and in song until you are in danger of searing your consciences as with a hot iron.
