REAL ESTATE

I expect a number of land buyers here. If you want to sell
your farm or ranch, list it with me.

Roy V. Whiteis Heppner, Ore.

GOOD BUSINESS

If a small dairy herd yields a nice little income, a
larger one, with high class breeds, will prove a source
of considerable profit.

Rain or shine, small crops or large crops, wheat at
50c per bushel or at \$1.75 per bushel, your cows will
be producing butter-fat, and butter-fat means a good,
steady income.

Why not increase your herd of milk cows, or im-
prove it by adding some high-class breeds?

If desired, the First National Bank of Heppner will
gladly assist in financing such purchases, and you are
cordially invited to come in and talk the matter over.

effect this will have.

MINOR & COMPANY

Dry Goods Department

A Busy Local Industry.

The Herald man visited the
plant of the Heppner Milling Co.
the other day and was most affa-
bly received by Mr. Wm. Robb,
head miller in charge of the plant.

The mill is one of Heppner's
pioneer industrial institutions
having been in operation for over
30 years. It is driven by water
power from Willow creek except in
the dry season when an auxil-
iary steam plant operates the
machinery.

The capacity of the plant is but
little under 100 barrels a day of
24 hours and the mill is now be-
ing operated 15 hours a day.

The output is a very fine grade
of patent flour practically all of
which is disposed of locally in
Heppner and surrounding towns.
