Roy V. Whiteis Heppner, Ore.

If You Cannot Carry a Gun, Carry a Hoe.

Our country needs the agriculturist as well as it does the soldier. Food supplies this year will be extremely short, — and correspondingly high, — and it is the solemn duty of every patriotic American to do his or her share for the welfare of the country.

If you cannot carry a gun in defence of your country, take a spade or a hoe and make that ground of yours produce as it never has before, thus helping your country, in your own small way, to maintain its standard of living and stemming the tide of high prices which is gradually engulfing us in its grasp.

Best of all, — it will pay you big, — in red cheeks, good appetite, in better health, for you and yours, — and in dollars and cents for what you will have to sell, and through not having to buy what you can raise yourself.

Your country and your home are calling.

Some sport must have been "toting a gun" last Sunday night. Five shots in rapid succession rang out on the night air giving to old timers a hint of the "good old times" of long ago.

Speaking of the weather last Sunday was something strong in the way of a sample for mid-April. So far no one has been found who is willing to express an honest opinion of the same fearing the marshall might hear of it and run them in for using inflammatory language.

Peter Wach, of Ogama, Minnesota, arrived in Heppner Monday evening to look for a location in farming. Mr. Wach has been successfully engaged in that line of industry in Minnesota for many years but is now looking for a more equable climate together with good business opportunities. His family is temporarily located at Portland.

A very handsome booklet is that just issued by the Union Pacific in the interest of the National Educational Association convention which will meet in Portland next July. The folder is replete with information about the Oregon country and is embellished with many beautiful cuts of scenes and objects of interest. It will prove of great interest to those who contemplate a trip to the Pacific Northwest next summer.

The Union Pacific system has just placed an order for 79 huge locomotives which will cost from \$45,000 to \$50,000 each. The U. P. evidently believes in preparedness.

Jake Osten, former typo in the Herald office returned from Madras Saturday evening after spending a few weeks there.
