To raise better crops by cultivating more and raising less weeds. It will pay you to invest in a JONES' WEEDER. This machine has been greatly improved this year and will be a great factor in bigger crops. Built in sections like a harrow, each section cuts 5 feet. You can use as many sections as needed, six horses pull 3 sections cutting 15 feet. Absolutely the best machine ever built for cultivating summer fallow, does the work speedily and thoroughly. Get a JONES WEEDER before the weeds get big and ruin your summer fallow.
