HEPPNER, OREGON, FRIDAY, AUGUST 24, 1917.

NUMBER 16

MORROW CO. FAIR SEPT. 13, 14, 15

The next meeting of the Morrow County Fair, September 13, 14 and 15, promises to be bigger, better and more interesting than any of its predecessors. The management is leaving nothing undone to insure a successful meeting and one that will add to Morrow county's past laurels as one of the leading grain and stock counties of Oregon.

In spite of the continued dry weather and consequent crop shortage, Secretary Smead assures the Herald that a splendid agricultural exhibit is already in sight and is being added to every day. The people of the county take pride in their annual Fair and that is what counts when the matter of a creditable exhibit is being considered.

Among the numerous outside attractions already engaged for the big event are Parson's Novelty Band, of Portland, composed of men and women artists who will furnish instrumental and vocal music; the Hitt Fireworks Co., who will put on a grand display of pyrotechnic wonders, a Ferris wheel, a "Carry-Us-All" and many minor attractions.

Mrs. Edyth Tosier Weathered, a member of the State Fair Board, and one of Oregon's most talented women, will be present during the entire meeting and will speak each day on some pertinent topic.

Hon. James Withycombe, governor of Oregon, will be present and make an address on Saturday, September 15th. The governor is an eminent citizen, an acknowledged authority on all matters pertaining to the farming and livestock industries and his address will doubtless be an illuminating feature of the meeting.

There will be dancing in the pavilion every evening and all lovers of the terpsichorean art will be able to enjoy their favorite pastime to the limit.

All Morrow county will attend the Fair and the occasion will be made a real gala time in the history of Heppner.

Mrs. A. M. Phelps and daughter, Miss Elizabeth, have gone to Newport for a few weeks stay.

Mrs. C. M. Sims, who has been visiting her sisters, the Misses Hager and Mrs. Dr. McMurdo and her brother, J. O. Hager, for several months, left Tuesday morning for her former home in Eugene where she will stop for awhile before going east to join her husband who holds a responsible position in a bank in North Dakota. Mrs. Sims was accompanied as far as Portland by little Miss Genevieve McMurdo, who has been visiting for some time with her uncle, Dr. A. D. McMurdo, and family. Miss Genevieve's father, who is also a doctor, has joined the army medical corps and expects to be ordered to France soon for duty.

New Bank Building Looming Up

At last the bricklayers are busy on the new home for the First National Bank and enough of the white brick walls are in place to give an inkling of the handsome appearance the building will present when completed.

The trusses which will support the second floor are now in place and their solid appearance indicates something of the stability which will characterize the new building, which, in itself is typical of the business stability and financial solidity of the institution itself.

When completed the First National will not only be far and away the finest building in the county but it may be looked upon as typical of the new Heppner which has this summer started to rise on the site of the old Heppner of frontier, pioneer days.

Return From Eastern Trip

Mr. and Mrs. Sam Hughes returned Saturday evening from an extended eastern trip during which they visited their old home in Missouri and relatives and friends in Kansas, Texas and California.

While in the Mississippi valley they experienced some extremely hot weather for a few days then showers came and during the rest of their stay in Missouri and Kansas the weather was fine and the roads muddy from frequent rains. Corn and other crops there are immense and the yield this year will break all past records.

Miss Evelyn Shipley returned from Portland Tuesday evening.

KNAPPENBERG'S BUY PROPERTY HERE

Mr. and Mrs. J. T. Knappenberg, of Ione, were in Heppner Saturday closing property deals which will result in causing them to soon become residents of Heppner.

While in the city Mr. and Mrs. Knappenberg completed negotiations for the purchase of the Parkers Mill property from Mrs. A. L. Ayers. This property consists of around 1000 acres of fine bay and range land, a considerable amount of timber, saw mill, hotel etc., and will be made headquarters for Mr. Knappenberg's cattle business. The property is a very desirable one from the stockman's viewpoint and Mr. Knappenberg is well pleased with having acquired it.

At the same time Mr. Knappenberg closed a deal with W. R. Irwin for the purchase of his residence property on Chase street. This property is very desirable for residence purposes and Mr. and Mrs. Knappenberg are also pleased with its purchase.

Mr. Irwin will probably build another home here in the Spring.

Mr. and Mrs. Clark Stevens, of Hardman, were in the city on business Saturday.

LOCAL BOARD CERTIFIES 46 MEN COUNTY QUOTA NOW COMPLETE

The local exemption board has practically completed its work connected with the first draft and have certified 46 men to the district board at LaGrande. LEXINGTON ITEMS

Merle Saxe is another well known Lexington young man who has gone to join the aviation corps of the army.

Mrs. W. O. Hill and children have arrived from Portland and the Hill family are now settled in the Dorman house.

The Luntsford family, Pearl Parker and Mrs. Fell have returned from a huckleberrying trip in the mountains. We understand several other families are getting ready to go next week to try their luck getting these juicy berries.

A change has been made in the management of the Tum a Lum lumber yards. Mr. Weigle has been changed to another location and Mr. Holmes, the new manager, is settled in the Barnett house by the creek.

Miss Marie Cason, our genial "Hello" girl, entertained her cousin from Heppner Monday afternoon.

Chas. and Sadie Gray have returned from Irrigon where they have been visiting for a few days and getting some of Irrigon's fine fruit.

Geo. White and son Raymond were Portland passengers Tuesday.

Mr. and Mrs. McBeath and daughter Mary are back in Lexington renewing old acquaintances.

Mrs. Romona French has returned from an extended visit at Portland, Willamina and Salem. Her mother accompanied her home.

Chas. Brashears, who carries the mail between depot and post-

School to Open Sept. 17

The public schools will open in Heppner Monday, September 17 the week following the Fair, according to recent announcement. Superintendent Hoffman is looking forward to a record breaking school year in successful achievement and is planning his campaign accordingly.

Two popular high school instructors, Misses Marian Long and Elizabeth Schoenwald, have resigned recently, their disaffection being due, it is said, to the activities a certain dangerous agitator, Dan Cupid by name, who is known to have been hanging around Heppner of late.

The following grade teachers have been elected: Miss Ethel Casey, Miss Mabel Noyes, Mrs. Elizabeth Raglan, Mrs. Blanch Watkins, Heppner; Miss Sophia Burke, Grand Forks, N.D.; Miss Jessice Subm, Petersburg, Ill.

Mrs. Agnes Forbes who has been here from the east for several months the guest of her sister Mrs. E. D. Brown left for her eastern home Sunday. Mr. Brown accompanied her as far as Pendleton.

Mrs. Forward who has been staying with her mother, Mrs. Eliza Ayers for some time, went to Sumpter this week to look after her property interests there as well as other business matters incident to the big fire which wiped out the town last week. Mrs. Forward's property was not damaged by the fire.

office broke his arm the other day while cranking his Ford. Dr. Chick was called to reduce the fracture.

In Jail for Bootlegging

Sheriff McDuffee and Deputy Cason arrested three men in a room in the Eastern rooming house Tuesday evening and lodged them in the county jail as bootleggers. Six bottles of "red eye" was found in the room occupied by the men who gave their names as Will, Frank and H. A. Iser. They say they are brothers and that their home is in Spokane.

The men deny the ownership of the whiskey found in their room and claim they know nothing of how it came there. They say they came here to look for work and deny any wrongdoing. They have not demanded a hearing and are being held in jail pending the return of Prosecuting Attorney Notson who was at Pendleton when the arrest was made.

Spray Couple Married

Mr. Ralph E. Cecil and Miss Ruby Dennison, well known young people of Spray, were united in marriage in this city Saturday, August 18, 1917, the ceremony being performed by Rev. Noyes, of the Federated church, at the residence of J. O. Rasmuss. The newly weds will reside on their ranch near Spray.

Mr. and Mrs. E. D. Brown, who went to western Oregon several weeks ago for the benefit of Mr. Brown's health, have returned to Heppner and are planning to spend several weeks at Parker's Mill where it is hoped the pure mountain air and water and outdoor life will materially improve Mr. Brown's physical condition.

MRS. STONE INJURED WHEN AUTOS COLLIDE

Mrs. Bert Stone, of this city, was rather seriously injured last Saturday evening when the auto in which she and her husband were going to the summer playground up Willow creek, collided with one of Phil Cohn's machines which was being driven by Roy Cochran. The accident occurred at a sharp curve in the road near the Thompson camp, about 15 miles above Heppner. Mrs. Stone was thrown through the wind shield and sustained several severe cuts and bruises on her head and face. The Stone car was put out of commission while the big car was damaged to a considerable extent. Mrs. Stone was immediately brought to town and given surgical attention, several stitches being required to close the cuts on her head. Mr. and Mrs. Stone then returned to their camp and are enjoying their vacation in the mountains during her convalescence.

Many New Sidewalks Being Laid

C. E. Woodson is having a cement sidewalk laid in front of his property this week. When the old wooden walk was lifted the kids had a busy time picking up coins that had been dropped and had slipped through the cracks in days gone by. Several dollars was recovered the pieces ranging from pennies to half dollars.

New walks are also being laid on the east side of Main street and on Chase street in front of Mrs. Eliza Ayers and A. L. Ayers properties. Many blocks of new walks have also been laid during the summer in the northwest part of the city, all substantial improvements.

HIBERNIANS HONOR DRAFTED MEN

At a special meeting of Heppner Division, Ancient Order of Hibernians, held in I. O. O. F. hall Sunday afternoon, August 19, which was attended by more than 100 members, a reception was tendered several young men, members of the order, who were recently called by the draft to serve their country. After a general social time refreshments were served by the ladies, following which a patriotic program was rendered.

John Kenny, president of Heppner Division, gave a stirring address on our patriotic duty in the present war. Francis McMenamin spoke of the encouragement we should give the soldiers that go to the front by sending them reading matter and letters from home. Mr. McMenamin is one of the vice-presidents of the Oregon Patriotic Service League, and he took occasion to explain the valuable work that the league has already done in this state and requested all present to assist in every way possible to organize an active branch of the league in Morrow county. Rev. Father O'Rourke spoke in eloquent terms of the loyalty and devotion of Irishmen in the past in the upbuilding of these United States and he expressed the hope that all citizens will make any sacrifice that they may be called upon to make in order that the ideals of Democracy, as defined by President Wilson, will not only be kept in force after the war, but that the close of the present war will also find Ireland enjoying self-government and taking her place among the nations of the world. Mr. Ed Berry gave a short talk, addressing in particular the young ladies present, requesting them not to forget the soldier boys when they are away.

Several enjoyable musical numbers were rendered as follows: "The Wearing of the Green," song by Kathleen Monahan, Mary Farley, Kathleen Mc Daid, and Cecelia Kenny. Piano solo, by Miss Marie Curran. Vocal solo, "Where the Beautiful Rivers Flow," by John Keegan. Miss Mary O'Sullivan, Mrs. Francis A. McMenamin and Miss Marie Curran composed a trio which greatly pleased the audience by the selections they rendered. Mrs. Frank Monahan was in her usual splendid voice and sang a solo, "Erin, Remember the Days of Old."

The meeting was concluded by the audience standing and singing "God Save Ireland," and "The Star Spangled Banner."

Mrs. L. W. Briggs and family have been spending some time in the mountains lately gathering huckleberries and enjoying camp life. They were fortunate in finding some good berry patches and secured a fine lot of the popular fruit.

Pruett Cox, accompanied by his mother, his sister, Miss V. Cox, and Will Ball, returned from a pleasant outing at Lehman Springs Sunday evening after spending two weeks at that popular resort. Mr. Cox says the Springs are well patronized this season there being around 200 people there most of the time. Jolly times are had at the Springs with swimming, dancing, etc. and there isn't a dull moment day nor night.
