FRIDAY, NOV. 9, 1917.

REAL TREASON

Sunday's press dispatches from Chicago, if true, reveal a condition of affairs not calculated to inspire patriotic impulses in the minds of the rank and file of the American people...

Several hundred carloads of potatoes, onions, cabbage and other vegetables, it is said have been found in the railroad yards there frozen and rotten. The cars bore no destination tickets and were marked, "Hold spuds," the intent being, so detectives assigned to the case assert, to destroy the staff and thus force a higher market.

Food Administrator Hoover has been notified of the affair and the Department of Justice has also been advised of the discovery.

It remains to be seen what the outcome of this case will be if the published reports are proven true. Will there be a real investigation of this conspiracy to extort further tribute from the common people of the country for the benefit of these traitorous conspirators against their country and humanity as well, or will there be, as has so often happened in the past, a superficial inquiry, a long drawn out fight in the courts and then, after the public has forgotten the affair, a quashing of proceedings and victory for the traitors?

The men responsible for such outrages may pose as pure patriots; they may buy Liberty Bonds in big blocks, subscribe liberally to the Red Cross and shout their fealty to the government from the house-tops, but if they are guilty of these published charges they should have meted out to them the extreme penalty of the law.

If the need of food conservation is as great as we are being told it is such acts as those reported from Chicago constitute the worst form of treason, because they will, if not ferreted out and promptly and adequately punished, almost certainly, sooner or later, incite revolt among the masses and bring about a condition at home that has already come to Russia and that many Americans are hoping and expecting will come to Germany.

As a real menace to the safety of the present form of government in these United States the men who will deliberately destroy needed food-stuffs to fatten their own pockets, at a time like this, are incomparably worse than are all the I. W. W.s., anarchists, strikers, suffragists, and peace propagandists on earth. Many of these have been prosecuted, persecuted and jailed. Some have been hanged and shot. What will be done with the deliberate destroyers of food when the world is starving and the "gospel of the clean plate" and meatless and wheatless days is being preached?

LOST—Bluish colored shaggy haired bob-tailed dog, weight about 50 lbs, answers to name of "Prince." Finder return to Herald office and receive reward.

Red Cross Notes

Old white muslin for hospital use and flour sacks for dish towels are still much needed. Bring them to the headquarters at M. E. Church South.

Books and late magazines are wanted for the soldiers. Persons having such are requested to leave them with the city librarian at the council chamber.

Fifteen thousand nurses have already enrolled with the American Red Cross, many of whom have volunteered for war service. About 2000 have already been sent to Europe.

The following committee to solicit funds for the soldier's Christmas boxes was appointed: Sam E. Van Vactor, M. D. Clark, W. P. Mahoney. About \$412 50 is required for this purpose.

Everybody should prepare to bring something for the big sale to be held soon. Anything of value that you can spare will be accepted from an automobile to a peck of potatoes, fudge or fancy work. Date of sale will be advertised later.

The Red Cross is sending 75 tons of food to Berne, Switzerland for American prisoners in Germany. The supplies will be forwarded from Berne by the Red Cross of that city to prison camps where American prisoners are confined as needed.

Owing to the scarcity of wholesome milk in Russia the American Red Cross has purchased 1,000,000 pounds of condensed milk for the babies in that country. Shipment will be made immediately. Another million pounds will be made next month.

The Red Cross extends thanks to all who participated in making the reception and program for the soldier boys such a success. Especially to the refreshment committee and to Mr. Wilkins who assisted the committee in making the stand net over \$68 for the cause.

The regular monthly meeting of the Chapter was held Tuesday evening at the council chamber. The revised By-laws were adopted and a committee was appointed to investigate the matter of attempting to organize an auxiliary among the school children. S. E. Van Vactor, A. M. Phelps and Mrs. Richardson were appointed on this committee to report at the next regular meeting.

The Food Campaign

Twenty-eight school districts of Morrow County have sent in their reports of the pledge cards signed in the food conservation campaign. The number of pledges turned in is 749. The percentage is 92. We hope to raise the percentage when the final reports are in. Ten districts report 100 per cent. Heppner and Lexington have both reported 100 per cent. Irigoien reported 100 per cent the first week.

Oregon was at the head of the list of the list of States last Friday morning, but California has passed us. We should wake up and secure the remaining pledges necessary to put us at the top. The time for closing the campaign has been extended to the 15th of this month. If you have not signed a pledge card, get in touch with your teacher and have her send in your card. If you can not do that personally, call her up by telephone, or write or telephone the executive committee. If you have already signed the pledge yourself, find out whether your neighbors have. Let us put Morrow County at the top.

S. E. NOTSON, Chairman.

H. C. Githens and family are settled in their new home on the east side, opposite the public school.

Rev. Dr. Geo. B. Van Waters will hold services in the Episcopal church Sunday, November 11th, both morning and evening.

NOTICE FOR PUBLICATION. Department of the Interior, U. S. Land Office at La Grande, Oregon, Sept. 12th, 1917. STOMACH TORN UP

Indiana Lady Describes Condition, Which She Says Was Due To Constipation and Tells of Relief Obtained From Black-Draught.

Scotsburg, Ind.--Mrs. Annie Johnson, of this place, writes: "I well remember I suffered for a long time with constipation, which would get me down. I took doctors' medicines and any number of purgatives. They would leave me in a worse condition than I was before taking, and my stomach so upset... I know once I suffered... from constipation, I was so ill we had to have the doctor, just so nervous and feverish. The doctor said I would have to quit medicines, my stomach was so bad... My husband was reading and found something about Theodor's Black-Draught and brought me a package to try. I used it regularly at first until I began to feel better, then I used just a dose occasionally. I was cured of this constipation and am sure the Black-Draught did it."

If your stomach is out of order, you will suffer from such disagreeable symptoms as headache, biliousness, indigestion, etc., and unless something is done, serious trouble may result. Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, helping to regulate the liver and to cleanse the bowels of impurities. Try Black-Draught. EB-15

Postmaster Richardson has been advised by the postal authorities that all drop letters must carry two cents in stamps. Most parcel post packages must pay one cent additional for each 25 cents or fraction thereof required in regular postage. Mrs. T. E. Kunsman arrived Monday evening from Moro to join her husband on the McCullough ranch on upper Willow creek. Mr. Kunsman and his partner, Miles Martin, recently bought the McCullough place and will make their homes there.
