Willow Creek District Has R. C.

Mrs. A. E. Binns, who was invited by the people of Willow Creek school district (No. 34) to go out last Sunday and assist them in organizing an auxiliary to the Red Cross chapter, reports to the Herald that the meeting was a splendid one, the building being crowded to capacity. A splendid program had been arranged which is said to have been one of the very best in patriotic tone and general excellence ever given in the county. Miss Baker, teacher of music in the Heppner schools, was present and assisted with the program with a number of vocal selections. Miss Lakenan, another of our teachers, was also present and assisted with the entertainment. Much of the credit for the great success of the occasion is given to Prof. Payne, teacher of the Willow Creek school, who assisted the ladies of the community with the general arrangements, arranged the program and acted as chairman during the meeting.

Those present from Heppner were: Mrs. A. E. Binns, Messrs Baker and Lakepan, Messrs Jack and Dave McCollough and Herbert Hynd. Following the meeting the Heppner delegation were entertained at a splendid dinner at the Florence home near the school house.

Lexington Red Cross Items

The Red Cross benefit dance given here Saturday evening was a decided success. Beside the proceeds from the tickets, a goodly sum was realized from the delicious lunch served by the ladies of the Ways and Means Committee. Numbers were sold and the lucky one drawn for a linen table runner and a large pumpkin was auctioned off and brought \$2.

An impressive feature of the evening was the playing of "The Star Spangled Banner" by the orchestra. The crowd arose and joined in. The total proceeds amounted to \$102 after all expenses were paid.

Our Boys in Uniform

Allen J. Wilks, who is with the U. S. forces at the aviation camp at Waco, Texas, writes his cousin, Mrs. Mac Smith of this city, an interesting letter descriptive of his trip from Vancouver, Wash., to Waco, and climatic and other conditions as he found them. The letter says, in part:

"I often think of you and good old Oregon. As for the 'balmy south,' it may be a little warmer than at the north pole but I doubt it. You may enjoy a good night's sleep here if you have a good, big hot rock at your feet. The nights are exceedingly cold and the days are almost as windy as the average dust storm in Morrow county. Just about blinds us when we drill, which is all day except Sunday. It has not rained since we came and some tell us it hasn't rained for two years, but when it does rain here they say it is fierce. The trip from Vancouver was fine. Leaving there in a hard rain storm we moved up through the Oregon valleys, climbed into the snows of the Siskiyou, and then down through California with its fruit both green and ripe, much of it yet unpecked. It was a picture long to be remembered by we boys from the northwestern states.

Arizona, with its cactus and sands was fine to look at so long as we knew we were going straight through to New Mexico, but when we got there we found it a lot hotter than in Arizona. At one place it was 90 in the shade and no shade, and at another small place it was a few feet below sea level. We were on the train five days and five nights making the trip and were on the train all the Christmas day.

"The water here is very strong lime water, and the theory is that when boiled it should lose its bad taste, but it doesn't. Waco is a town of 40,000 inhabitants and with 65,000 or 70,000 soldiers added you can imagine how crowded the streets are. The officers here are a fine lot of men. We have all our equipment for fighting and expect an order any time. A chance to transfer to other branches of the service will be given us soon and if, at that time I have a chance to go to France sooner I will transfer to the heavy artillery, for I want to get over just as soon as I can. "I see a hard wind storm coming and will have to get out" and help hold our tent down. It looks like 24 ropes should hold most any tent down, but it won't in this country. In the squad I am in there are two fellows who went to college with Cal Sweek, of Heppner. I have taken out \$10,000 life insurance that father will get if I should cash in, and have also allotted him half of my pay. It isn't much to do but it will help some."

Marshall Phelps, who is serving his country in the Marine Corps, writes his cousin, Mr. and Mrs. A. M. Phelps, of this city that he is getting along fine and has recently been taken from the ranks and promoted to the position of drill sergeant. Marshall also sends warning to the Herald that if his name is not taken from the navy list and placed with the Marines, where he belongs, that he will do things to us when he gets back to Heppner. Being something of a pacifist in a case of this kind we will see that the change is made.

Ice users are warned by the Food Administration that because so much ammonia will be used by the army and navy not enough may be left to make ice with. If they want to be sure to have ice next summer they should harvest and store it now, wherever possible.

Mac Smith, who is building everlasting fences on the Minor ranch up Willow creek, spent Sunday with his family in Heppner.

Cramps!

Says Mrs. Frank Hagler, of Carbondale, Ill.: "I was suffering terrible cramps and pains each month. I had used... but it didn't give any permanent relief. The pains came back on me just the same as before. After taking Cardui, I was entirely relieved from the pains, and have never been bothered with them since."

TAKE

Cardui The Woman's Tonic

Cardui should help you as it did Mrs. Hagler, as it has helped thousands of other women who suffered from the pains and discomforts from which women suffer. Many medical authorities prescribe the ingredients of which Cardui is composed for the female troubles for which it is recommended. Why not try it for your trouble?
