

### THE BRUNSWICK The Brunswick Does Not Limit Your Choice of Records

Buy any other fine phonograph and you are confined to the one line of records produced by the manufacturer. By The Brunswick you are not held down nor limited in your selection of records. The Brunswick plays all records. "Plays them better," Brunswick owners say.

Owners of one-record phonographs have always felt the handicap of a limited selection. They wanted to hear other artists than those recorded on the one line of records, but this was impossible. They could only hear them by going to some neighbor who had another make of machine, or by going to some phonograph shop.

In their own home they had to forego many choice records.

Now with The Brunswick you may buy any record you choose. You may hear any artist, any band, any orchestra; in fact, all music—is at your command.

#### Incomparable Tone

Another outstanding advantage of The Brunswick is its remarkable tone. This is gained by an all-wood sound-chamber built like a violin. No metal is used. So the Brunswick tone is full and round, with no foreign noises.

Hear The Brunswick and compare its tone with any other. It does not take a trained musical ear to recognize The Brunswick's superiority. You will appreciate it instantly.

We will be glad to play any of your favorite records, whatever make, on The Brunswick. Also to point out its many features. And we will show you what you save on each model as compared with others. Come in now. A demonstration does not place you under the slightest obligation. We are always glad to demonstrate this remarkable phonograph.

Prices \$32.50 to \$180

### LAMBING

THIS is the critical period of the year for the sheep grower. The flocks should have an abundance of feed and watchful attention. The First National Bank is prepared to assist the sheep growers with the necessary expense incidental to the proper husbanding of his flock.

### THE FIRST NATIONAL BANK OF HEPPNER

Capital and Surplus, \$150,000.00.

#### LOCAL AND PERSONAL

Mr. and Mrs. J. L. Wilkins went to Portland Thursday for a short visit.

Married—Mr. Chas. J. Bookman and Mrs. Lulu Louise Carroll, both of this county, were united in marriage Wednesday evening in the office of the city recorder, the ceremony being performed by Judge J. P. Williams. They will reside on Mr. Bookman's stock ranch on Willow creek above Slocum's mill.

The Hibernian Division of Heppner is planning on having a patriotic celebration in Heppner on Saturday evening March 16. The place of meeting and the program will be announced later. At the last meeting of the Hibernians it was unanimously carried that 50 per cent of the proceeds of this meeting be given to the Red Cross and 50 per cent to the Knights of Columbus war fund.

Mr. and Mrs. Clarence Scrivner returned from Portland Sunday evening after spending several weeks in the metropolis visiting relatives and friends and seeing the sights. Mr. Scrivner also improved his time by taking a course in acetelene welding, and before leaving Portland he purchased a complete outfit for that class of work which he will install in his shop here within a short time.

Miss Reita Neel entertained a few of her girl friends on the evening of the 22d, which was her birthday. After taking them to the basket ball game the party was taken to the Neel home, where refreshments consisting of cake and ice cream were served. Those present were Misses Pearl Hall, Ruth VanVactor, Isabelle Wilson, Charlotte Hall, Velma Brown, Esther Neel, Flossie Barlow, Elverda Winnard and Neva Hayes.

John C. Doherty, well-known sheepman, who gets his mail at Echo, summons his sheep in Idaho and calls Heppner home, was in town during the week and was a member of the Elks party on the Condon trip. Mr. Doherty thinks he should be rated as a bit more of an American than most people, as he was born in this country, taken back to Ireland during his childhood and after attaining his majority and returning here he was obliged to take out naturalization papers, making him a citizen both by birth and adoption. He has seen a lot of the world and is an interesting companion.

#### Red Cross Notes

**NOTICE TO KNITTERS**—According to instructions from general headquarters socks should always be made from 14 to 18 long in the leg. Eleven, 11 1-2 and 12 inches are good sizes for the feet but none should be shorter than 11 inches. All knitters are requested to consult the new sock rules, following them carefully. Use nothing but sock yarn for knitting socks and use the sweater yarn for sweaters. Branches and auxiliaries should get their instructions from Morrow county chapter headquarters at Heppner governing knitting, as the latest knitting rules have just been received by the secretary.

We have received cable advices from France that stock on hand of the following articles is sufficient to meet all their present needs: Hot water bottle covers, table napkins, handkerchiefs, ice bag covers, comfort pillows, heel rings, operating stockings, knitted wash cloths.

S. M. GREER,  
Director Bureau of Development

#### Dressmaking

Having rented the dressmaking rooms at Mrs. Herren's millinery store, I will conduct a general dressmaking business.

I solicit your orders for plain and fancy sewing. All work guaranteed.

Heppner, Oregon

#### Gives Lecture on India

Rev. F. H. Pemberton, of The Dalls, district Superintendent of the M. E. church, gave an interesting lecture on India in the Federated church last Sunday evening. Mr. Pemberton was a missionary in that country for several years and had an opportunity to learn much of the peculiar habits and customs of the people.

#### Henriksen Buys Another Ranch

A. Henriksen, of Cecil, was in town Tuesday closing a deal with H. S. Ewing for his 540-acre ranch in the Cecil country. A large portion of the place is fine alfalfa land under water. The deal included all the horses, cattle and machinery, and the price paid was \$18,500.

Mr. Henriksen bought the W. B. Ewing ranch last year, and his latest purchase gives him a fine body of land under his own ditch.

#### LEXINGTON ITEMS

Mrs. Elra Rhul and little son are back from their trip. Mrs. Rhul has been down with the measles since her return.

A 9-pound boy was born Monday to Mr. and Mrs. Ernest Christenson. The young soldier will be called Chester Lee. The mother was formerly Helen Bauman. Congratulations are the order of the day with Ernest.

Now that winter is about gone and spring commencing, we notice that new buildings and improvements are in order. As soon as final plans can be matured the new state bank building will be erected. Already teams are at work in the upper part of town on the ground where John McMillan will build a modern bungalow and garage, and he will move from the ranch as soon as the buildings are completed.

A lot of sickness this week in our little town. Marsh White has been confined to his home with an attack of biliousness. Mrs. Scrivner is ill with an attack of pleurisy. Mrs. Thorpe with

appendicitis. Geo. Allyn, our garage man, is also ill. Dr. Purkey in attendance. Little Nellie Dirge was stricken with fever Monday, but is now improving. A son was born to Mr. and Mrs. Stubblefield in Lexington last Saturday.

You ladies who live out of town can spend those few moments you have here while waiting to go home after you have finished your trading at the Red Cross rooms. Come in and assist with the good work if you care to.

A new piano has been installed at the Lexington hotel.

Mrs. Eli Mulloy entertained her sister, whose home is in the valley, from Sunday until Wednesday.

Mrs. Lane is at home after a visit in the Rose City.

T. L. Barnett has moved from the ranch to his house in town.

We see that the Tualum Lumber Co. has some photos and blue prints of grain elevators in the window of Burgoyne's store. The farmers are talking pretty favorably of building elevators in spite of a few "knockers."

Alas! alas! the old depot is being painted a bright yellow color, so that it looks like other O.-W. R. & N. passenger depots.

#### Wet Nurses for Young Lambs

Frank Roberts left Tuesday morning for old Mexico, where he expects to purchase about 100 head of milk goats which he will ship to Morrow county and sell to the sheepmen to be used as wet nurses for motherless lambs during the lambing season. Much trouble and considerable loss is experienced every year with young lambs whose mother fail to supply sufficient nourishment for their offspring during the first few days, it being necessary to buy condensed milk and feed the little fellows from bottles. Mr. Roberts claims that one mother goat of a good milking strain will supply enough milk for a number of young lambs and in a way that nature intended for a lamb to partake of its sustenance. Mr. Roberts already has a number of the animals sold and he thinks there will be no trouble of disposing of the entire shipment when they arrive here.

Herald only \$1.50 per year.

### Start a Savings Account

Every youngster in Heppner and the surrounding country should have his or her SAVINGS ACCOUNT. ONE DOLLAR is all that is required to open such an account at the Farmers and Stockgrowers National Bank, and besides paying a substantial rate of interest we extend every encouragement to the depositor.

#### INCOME TAXES

Don't forget that all Income Tax Statements must be filed on or before April 1st.
