BUY A LIBERTY BOND

The third drive for the sale of Liberty Bonds will start in Morrow county April 9th, and it is expected the county will be called upon to subscribe for an amount closely approximating a quarter of a million dollars.

Morrow county has not failed in her duty in any particular since America entered the war either in the matter of furnishing the "sinews of war," which means money to back up the government of the United States, the men to man the ships of the navy or to get behind the guns in the trenches, or in producing the wheat and beef and pork to feed our armies and those of our allies in their fight for Democracy.

Morrow has gone over the top every time the occasion has arisen and she will do it again. As a people we have but one real job cut out for ourselves, and that is to win this war. When that is accomplished we can begin to consider our personal affairs as of first importance, but until then we are bound by every claim of good citizenship to place the rights of humanity first. Not every man or woman can buy a Liberty Bond but everyone can do his or her bit in other ways and thereby help to advance the common cause of democracy vs. autocracy.

RECIPROCITY

That man Heney, who is somewhat known to fame in the north west as the prosecutor of many land fraud cases in Oregon several years ago, and who is now stirring up a fuss with the Chicago beef packers, must be getting under the hide of the beef barons to some extent if we are to judge of their state of mind by the large sheaves of "free copy" they are sending out to the country newspapers containing stout defense of themselves and condemnation of Heney and his work. If all they say, and ask free publicity for, is true, the Swifts and Armours and Cudaheys must be lily-white angels and Heney must be a crook, or worse. The Herald would be glad to publish this Chicago copy at the rate of 10 cents per line, but not otherwise until Messrs. Swift, Armour, et. al., adopt the policy of favoring the Herald with an occasional free shipment of ham, bacon and lard with an occasional slab of porterhouse steak and a hunk of lamb roast thrown in for variety. It pains us to utter this ultimatum to our down trodden Chicago friends, but business is business. We learned our political economy from James G. Blaine and have an abiding faith in the merits of "reciprocity" brought down to date.

Buys Pure-Bred Cattle

Casper Kohler, pioneer cattleman of the John Day country in Crant county, has purchased a herd of pure-bred Aberdeen-Angus cattle, consisting of 20 bulls and 10 heifers, which will soon be received from Porto & Sutton, of Lawrence, Kansas. Mr. Kohler, who has been engaged in the cattle business in Oregon for 22 years, insists that the Aberdeen-Angus is the best breed for eastern Oregon. The herd purchased is said to be the best shipment of that strain yet sent out of the middle west.

STOMACH TORN UP

Indiana Lady Describes Condition, Which She Says Was Due To Constipation and Tells of Relief Obtained From Black-Draught.

Scottsburg, Ind.—Mrs. Annie Johnson, of this place, writes: "I well remember I suffered for a long time with constipation, which would get me down. I took doctors' medicines and any number of purgatives. They would leave me in a worse condition than I was before taking, and my stomach so upset... I know once I suffered... from constipation, I was so ill we had to have the doctor, just so nervous and feverish. The doctor said I would have to quit medicines, my stomach was so bad..."

My husband was reading and found something about Theford's Black-Draught and brought me a package to try. I used it regularly at first until I began to feel better, then I used just a dose occasionally. I was cured of this constipation and am sure the Black-Draught did it. If your stomach is out of order, you will suffer from such disagreeable symptoms as headache, biliousness, indigestion, etc., and unless something is done, serious trouble may result. Theford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, helping to regulate the liver and to cleanse the bowels of impurities. Try Black-Draught. EB-15
