bought at a bargain and which will be passed along to my customers at equally attractive prices.

These goods were carried over from last season by the wholesalers and by buying heavily I was able to secure them at last season's prices. This means a big saving over present prices of this season's new goods, while the quality of last year's goods is away above this year's offerings.

The benefit I receive from this proposition is that I am able to continue in business under war conditions—the direct saving goes to my customers.

You can be the one to send him a pouch of **Real GRAVELY Chewing Plug**

It pays to know the facts before you spend your money.

You will be sending your friend more tobacco comfort and satisfaction in one pouch of Real Gravelly Plug than in half a dozen plugs of ordinary tobacco.

Give any man a chew of Real Gravelly Plug, and he will tell you that's the kind to send. Send the best!

Ordinary plug is false economy. It costs less per week to chew Real Gravelly, because a small chew of it lasts a long while.

If you smoke a pipe, slice Gravelly with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.

SEND YOUR FRIEND IN THE U. S. SERVICE A POUCH OF GRAVELLY

Dealers all around here carry it in 10c pouches. A 3c stamp will put it into his hands in any Training Camp or Support of the U. S. A. Even "over there" a 3c stamp will take it to him. Your dealer will supply envelope and give you official directions how to address it.

**Cramps!**

Says Mrs. Frank Hagler, of Carbondale, Ill.: "I was suffering terrible cramps and pains each month. I had used ... but it didn't give any permanent relief. The pains came back on me just the same as before ... After taking Cardui, I was entirely relieved from the pains, and have never been bothered with them since."

**Cardui**

The Woman's Tonic

Cardui should help you as it did Mrs. Hagler, as it has helped thousands of other women who suffered from the pains and discomforts from which women suffer. Many medical authorities prescribe the ingredients of which Cardui is composed for the female troubles for which it is recommended. Why not try it for your trouble?

"A great net of mercy drawn through an ocean of unspeakable pain"

**What Has Your Red Cross Money Done?**

IN the first place, it has enabled the American people, through the Red Cross, to help care for its army and navy.

Secondly, it has enabled America to hearten her Allies' fighting forces and to keep up, among the civilian populations, the spirit to win the war. That, alone, has made the American Red Cross one of the largest factors since our entry into the war.

Canteens which provided food and hot drinks—more than a million meals to soldiers in December; warehouses, crammed with materials, situated all along the French line, all along the Italian lines, at seaports and at places where our soldiers are going to fight; institutions for the care of consumptives, institutions for the re-education of maimed men—these are a few of the concrete accomplishments abroad.

At home—the millions of woolen sweaters, mufflers, socks and other comforts for the men in camps; the work of sanitation around cantonments and the help and advice given dependents of soldiers and sailors—these are things which will "make you, your children and your children's children, in whatever part of the world they may be, proud of being Americans."

Will you do *your* share to keep this Hand of Mercy at its work?

Every cent of every dollar received for the Red Cross War Fund goes for War Relief.

The American Red Cross is the largest and most efficient organization for the relief of suffering that the world has ever seen.

It sends up almost a half of volunteer workers, the higher executives being without exception men accustomed to large affairs, who are in almost all cases giving their services without pay.

It is supported entirely by its membership fees and by voluntary contributions.

It is today bringing relief to suffering humanity, both military and civil, in every war-torn allied country.

It plans tomorrow to help in the work of restoration throughout the world.

It feeds and clothes entire populations in times of great calamity.

It is there to help your soldier boy in his time of need.

With its thousands of workers, its tremendous stores and smooth running transportation facilities it is serving as America's advance guard—and thus helping to win the war.

Congress authorizes it.

President Wilson heads it.

The War Department audits its accounts.

Your Army, your Navy and your Allies enthusiastically endorse it.

Twenty-two million Americans have joined it.
