**All Postmasters Marine Recruiters**

In order that every man between the ages of 18 and 36 years of age, either married or single, may have the opportunity of enlisting in the United States Marine Corps, every postmaster in Oregon has been authorized to examine, accept and transfer men for this excellent branch of service. The Marine Corps is the oldest branch of American service, is mentioned in the same breath with the Foreign Legion of France, the Texas Rangers, Northwest Mounted Police and the Pennsylvania State Constabulary.

Marines are specially trained, splendidly equipped and fight as artillery, infantry, cavalry, signalmen, aviators and in any manner that necessity or the occasion demands. In recognition of their splendid record in the past and their excellent achievements in the present struggle for Democracy, Congress has authorized the increasing of the Corps to 75,500 men in order that they may take over and maintain a separate section of trenches in France.

United States Marines wear a separate and distinctive uniform from either the army or the navy. They also have their own corps device, which consists of an anchor, globe and eagle, and is worn on the hat, cap or helmet of the Marine. It is by this small device that the Marine is readily distinguished from all other branches of service.

Registered and unregistered men between the above mentioned ages who are desirous of enlisting may do so. Registered men must furnish a statement from their local board that they are not needed to fill the current quota of the draft and that permission has been granted for their enlistment in the marines. Married men must have a written consent from the wife that she consents to his enlistment. Your postmaster will gladly assist you in obtaining your release from the local board and will also explain this splendid branch of service. Ask him today.

**What Will Harvest Wages Be?**

A question that is heard frequently these days and the sooner a definite answer is given the more rapidly can the work of supplying help be carried on. The county agent has been able to supply a great deal of help to the farmers of this county and found the work much easier after several of the counties had arranged for a uniform wage. We do not expect to be able to supply all the needed harvest hands, but one of the things which will help most right now is a definite understanding of the situation.

Messrs. R. W. Turner, C. E. Jones, C. R. Pointer, W. F. Palmateer, L. P. Davidson and Jack Hynds are members of the labor

committee of the Morrow County Agricultural Council, and they are to receive weekly reports on the labor situation and are going to be looked to as agents for keeping the farmers informed.

Arrangements are being made for having this committee, and as many farmers as will, attend a joint conference of all Eastern Oregon and Washington farmers at Pendleton June 10. A uniform scale of wages will be drafted at this conference so there will be no competition between different sections, and so labor will not be lost because of rumors of better wages in other sections.

It is up to the farmers of Morrow county to see that they get a fair. If you can attend the conference do so, if you cannot go see that some member of the committee or the county agent has your view on the question before that time.

Help simplify this difficult problem by co-operating with your neighbor, your committee, the county agent and every other agency for the most efficient use of the supply of laborers.
