RE-ESTABLISH LIBRARY

One loss occasioned by last week's fire cannot be estimated in dollars and cents. We refer to the loss of the books belonging to the library association in the city hall. More than 1000 volumes, the result of several years' effort by the public spirited ladies who compose the library association were destroyed, none being saved except the books which happened to be out in the hands of patrons of the library.

An institution of this kind is of inestimable value to any community and it is to be hoped that every encouragement will be given the members of the association to go ahead with the good work and re-establish the library at the earliest possible date.

That the library was appreciated by the citizens of Heppner was proven by the appearance of the books as they appeared upon the shelves. Almost all showed signs of having been in use and many of the more popular volumes were well worn, showing that the selections had been made with a view to placing at the disposal of the public literature that was in demand.

It is understood that the city council has been making an appropriation of \$100 a year for the library for several years, and it is to be hoped that the city officials will continue the appropriation in an enlarged amount in order that the association can begin re-stocking with a good class of literature at an early date.

Mrs. Sam E. Van Vactor is president of the association, Mrs. W. R. Irwin is vice-president and Mrs. A. L. Ayers is secretary, and any of these ladies will be glad to receive contributions of books, money or encouragement from all friends of good literature and educational advancement.
