THE NEW FALL COATS ARE HERE

and They're Beauties

It is not easy this year to assemble the showing that we offer you. Conditions have been unusual--fabrics scarce, sources of supply short. So we are all the more proud of the Fall Coats we are offering you with confidence in your approval. Man-tailored with the expertness of years of skill--made of servicable material at the fairest of prices--they are coats of real economy.

CLASSIC COATS FOR FALL.

"STYLISHLY DISTINCTIVE."

Plan to spend some time among them soon--before the smartest models are chosen. You'll enjoy "looking for a coat,"--it is not a task but really a delightful experience to shop through Classic Coats and we'll enjoy showing them to you. Classic Coats are well worth getting acquainted with--we'er sure you will agree with us just the minutd you slip into one.

MINOR & COMPANY

Some Satisfying Chew!

Break two or three little squares off the plug of Real Gravelly. It's a small chew--tastes better and stays with you longer than your big chew of ordinary plug. That's why

it costs nothing extra to chew Real Gravelly--the best chewing plug in the world.

It goes further--that's why you can get the good taste of this class of tobacco without extra cost.

PEYTON BRAND Real Gravelly Chewing Plug 10¢ a pouch--and worth it!

P. D. GRAVELLY TOBACCO CO., DANVILLE, VA.

Just to Remind You

Owners of Liberty Bonds

If you are the owner of Liberty Bonds of the first and second issues of 1917, you should take advantage of the privilege of converting them into bonds bearing 4 1/2 per cent interest. This privilege expires November 9th.

We are at your service. Simply bring the bonds to us and we will be pleased to look after all the details.

Yours for service,

FIRST NATIONAL BANK OF HEPPNER.

A. Henriksen, stockman of Coeli, was in town Wednesday.

Mrs. Nurdyke, of Lexington, was a visitor in Heppner Tuesday.

Oscar Cochran and Fred Ritchie of Ione were in town Tuesday.

W. P. Dutton was here from Portland during the week visiting his many friends and looking after business interests.

John C. McIntire reports having some sick sheep at his ranch the result of poisonous weeds on the range his loss so far has been small.

Mr. and Mrs. Lee Matlock, of Pendleton, were week end guests of Mr. and Mrs. Ed Patterson. Mr. Matlock is Mrs. Patterson's brother.

Mrs. D. . Bolthoff left Sunday morning for St. Louis and other Mississippi valley points, where she expects to visit for several months.

Stacy Roberts, who was seriously ill last week is much better and with Mrs. Roberts left yesterday for the southern part of California to spend the winter.

Mr. and Mrs. A. L. Ayers and Mrs. S. W. Spencer returned Sunday evening from a pleasant trip to Payette, Idaho, where they spent a week or so visiting relatives.

FOUND--On road between Heppner and Madras, an auto tire. Owner can recover same by calling at this office and paying for this advertisement. 2411

Mr. and Mrs. W. D. Newles were in from their mission well farm north of Lexington, Tuesday. The Newles are making a wonderful demonstration of what water will do on Morrow county soil.

Garnett Barratt arrived Sunday night from the high mountains of Grant county with the Barratt sheep which have been summering on the range there. He reports having had a very satisfactory trip.

The fact that Heppner has no cross walks to speak of seems to have no effect on the weather man who continues to send rain in copious showers to feed the babbling brooks and quiet pools where the cross walks should be.

Heppner was treated to a mid-summer thunder shower last Sunday evening, during which considerable hail fell and thunder and lightning gave an excellent imitation of an honest to goodness summer squall. No damage was reported but the farmers and stockman all smile broadly at the frequency of

these fall showers which are making the grass grow as never before at this season and putting the ground in splendid condition for fall seeding.

J. H. Pearson was in from Lena Tuesday and reports that stock and farm conditions were never better in his section than at present. Feed on the range is better than it usually is in early May and the stubble fields are green with volunteer grain. Mr. Pearson remembers one other season, 25 years ago, when he had a similar fall.

The Christian Endeavor society of the Federated church held a pleasant social in the church parlors last Friday evening. New officers were elected at the business meeting, as follows: Elizabeth Phelps, President; Jeannette Noyes, vice-president; Charlotte Winnard, secretary; Kathryn Pattison, treasurer; Allen Case, sergeant-at-arms. Following the business meeting games were played and refreshments served.

A pleasant party of the high school student body, at which the upper classmen acted as hosts to the freshmen and new students, was held in the Fair pavillion last Saturday evening. Teachers of the high school acted as chaperones for the evening and grade teachers were present as invited guests. Singing class songs, giving class yell and social games made up the program, following which refreshments were served.

WEDDING BELLS.

A quiet home wedding was celebrated at the home of Mr. and Mrs. Nathaniel Shaw, in Clark's canyon last Sunday afternoon when their charming daughter, Miss Lottie A. Shaw, became the bride of Mr. Sidney G. Budden. Rev. H. A. Noyes, pastor of the Federated church in this city, performed the ceremony. The young couple will make their home in Lexington. Mr. Budden is registered in the new draft as between 18 and 21 and expects to soon be called to the colors.

Wentworth V. Barber and Miss Bessie Glass, well known young people of Clark's canyon, were united in marriage at the Federated church parsonage Friday, October 11, 1918. Rev. H. A. Noyes officiating. They will reside in the Clark's canyon country.

Wars are won with metal--save it.

Iron and steel are needed for tanks, guns, ammunition, ships, railroads, etc. Folks at home must save iron and steel to help win the war.

Use the old range until after the war.

Make your old range do a little longer by having it repaired. If it's past repairing, then the next best step is to buy the range that saves fuel, food and repairs. The Majestic's heat-tight riveting prevents fuel waste; its perfect baking prevents food waste, and its unbreakable malleable iron and rust-resisting charcoal iron make repairs a rare need.

GILLIAM & BISBEE

Caution: If your Majestic needs new parts, get them from us. We will supply you with genuine Majestic materials--not light, inferior parts, made by outsiders.
