Council Extends Fire Limits.

At a meeting of the city council Monday evening an ordinance was passed extending the fire limits one block south from May street on west side of Main and one-half block south on east side of Main to August. The action was too late, however, to prevent the old livery barn from being located on the Stewart lot as the building was safely landed there Monday evening.

Andrew Patterson, who has been working at his trade as a machinist at Spokane for some time, spent several days during the week visiting his parents, Judge and Mrs. C. C. Patterson. It was great luck that only one man was injured by the collision, which might have been more serious.
